(1) Determined pursuant to Rule 457(c) under the Securities Act of 1933, as amended, on the basis of no market price, but upon the basis of the current Offering price (\$5.00/share), for the maximum number of shares to be sold for cash.

SUBJECT TO COMPLETION. INFORMATION CONTAINED HEREIN IS SUBJECT TO COMPLETION OR AMENDMENT. A REGISTRATION STATEMENT RELATING TO THESE SECURITIES HAS BEEN FILED

WITH THE SECURITIES AND EXCHANGE COMMISSION. THESE SECURITIES MAY NOT BE SOLD NOR MAY OFFERS BE ACCEPTED PRIOR TO THE TIME THE REGISTRATION STATEMENT BECOMES EFFECTIVE. THIS PROSPECTUS SHALL NOT CONSTITUTE AN OFFER TO SELL OR THE SOLICITATION OF AN OFFER TO BUY NOR SHALL THERE BE ANY SALE OF THESE SECURITIES IN ANY STATE IN WHICH SUCH OFFER, SOLICITATION OR SALE WOULD BE UNLAWFUL PRIOR TO REGISTRATION OR QUALIFICATION UNDER THE SECURITIES LAWS OF ANY SUCH STATE.

THE REGISTRANT HEREBY AMENDS THIS REGISTRATION STATEMENT ON SUCH DATE OR DATES AS MAY BE NECESSARY TO DELAY ITS EFFECTIVE DATE UNTIL THE REGISTRANT SHALL FILE AN AMENDMENT THAT SPECIFICALLY STATES THAT THIS REGISTRATION STATEMENT SHALL THEREAFTER BECOME EFFECTIVE IN ACCORDANCE WITH SECTION 8(a) OF THE SECURITIES ACT OF 1933 OR UNTIL THE REGISTRATION STATEMENT SHALL BECOME EFFECTIVE ON SUCH DATE AS THE SECURITIES AND EXCHANGE COMMISSION (THE "COMMISSION"), ACTING PURSUANT TO SECTION 8(a), MAY DETERMINE.

PROSPECTUS

PRIME RESOURCE, INC.
A UTAH CORPORATION
1245 E. Brickyard Road, Suite 590
SALT LAKE CITY, UTAH 84106
(801) 433-2000

150,000 SHARES OF COMMON STOCK OFFERED

Prime is registering for public sale a maximum of 150,000 common shares at \$5.00/share (\$750,000) or a minimum of 100,000 shares (\$500,000), fifty million shares authorized, no par. No shares of the existing shareholders (2,800,000 shares) are being registered. The offering will remain open for up to six months from the effective date of the prospectus, being the date appearing below; the "offering term". This is a self-underwriting by the Issuer. No commissions are intended. The minimum offering of 100,000 shares (\$500,000) must be sold within the offering term for the offering to close. The maximum offering will be 150,000 shares (\$750,000). Proceeds will be placed in a segregated offering account until the minimum offering is sold or the offering is terminated and subscription funds returned.

Our common stock is not currently listed on any national securities exchange or any over-the-counter stock market.

Management is under no obligation to purchase shares to close this offering as a minimum or otherwise, and has no present intent to participate in this offering. If shares are purchased by management, they will purchase for investment purposes only and not with the intent to resell.

INVESTORS IN THE COMMON STOCK MAY LOSE THEIR ENTIRE INVESTMENT SINCE AN INVESTMENT IN THE COMMON STOCK IS SPECULATIVE AND SUBJECT TO MANY RISKS. SEE RISK FACTORS BEGINNING AT PAGE 8.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THESE SECURITIES OR PASSED UPON THE ACCURACY OR ADEQUACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The information in this prospectus is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.

The Company: Prime Resource, Inc. ("Prime") was incorporated in Utah on March 29, 2002. Prime Resource, Inc. is a successor entity to a Utah limited liability company known as Prime Resource, LLC, ("Prime LLC"). The principals of Prime remain the same as those in Prime LLC. Prime LLC was organized in June, 1996, but remained inactive until October, 1998 when it became a parent company for its two operating subsidiaries, Belsen Getty, LLC ("Belsen Getty") and Fringe Benefit Analysts, LLC ("Fringe Benefit"). These subsidiaries, in turn, are both Utah limited liability companies. Belsen Getty since 1990 has been engaged in corporate and personal financial consulting, business planning and related business and investment advisory services. Fringe Benefit since 1984 has been primarily a benefits consultant and a broker of group insurance products. The nature of these types of businesses and entities are further explained in the following paragraph. Prime, at the conclusion of this offering, would intend to operate the same business as its predecessor Prime LLC by acting as the parent and manager of its subsidiaries, Belsen Getty and Fringe Benefit, as a public entity. The purposes of this offering will be to sell up to 150,000 common shares to raise additional capital to expand and, hopefully, increase the revenues and profitability of the existing business operations as more particularly described in this offering. In the event of the maximum offering, the public shareholders purchasing in this offering would acquire approximately 5% of the to be issued and outstanding shares, or approximately 3.5% in the event of the minimum offering. In either event, the public shareholders acquiring through this offering will be substantial minority shareholders and will most likely never be in a position to exert any influence over the direction or control of Prime. Prime is presently a small operating company through its two subsidiaries. We anticipate maintaining our principal operations in Salt Lake City, Utah and will primarily provide our services in the Intermountain area of the United States.

Nature and Operation of Subsidiaries: As briefly noted above, Prime, which is the successor to Prime Resource, LLC, will not directly engage in any business activities with third parties, but will act only as a parent and management corporation to its two operating subsidiaries, Belsen Getty, LLC and Fringe Benefit Analysts, LLC. The "LLC" designation stands for Limited Liability Company. You should understand, as a prospective investor in this offering, that an LLC is a relatively new form of business entity created by statute in Utah and other jurisdictions whereby the company operates very much in the nature of a partnership with decisions being collectively made by its members (owners) and with day-to-day operations usually handled by a manager. There is limited liability to the members and the manager arising out of legitimate business activities. The earnings, if any, for this type of entity are not charged or taxed at the LLC level, but pass through to the owners known as members. In this case, the only owner is Prime, which will receive all net profits, if any, generated by Belsen Getty and Fringe Benefit Analysts. It should also be noted that limited liability companies, unlike the parent corporation,

are not perpetual entities but have a fixed term. In this case, the existence of the operating entities, Belsen Getty and Fringe Benefit, will terminate not later than December 31, 2021. If Prime is still successfully operating at the time of the expiration date of these entities, it would be intended that the assets and operations of such entities would be rolled over into a new LLC or other form of business entity. This contingency should not have a significant impact on the economic welfare of Prime. You should also understand, however, that you are not acquiring a direct interest in the operating subsidiaries but only in the parent company. Prime will direct and control the ownership and operation of the subsidiaries for and on behalf of the shareholders as the sole owner. By way of brief description, Belsen Getty is a business consulting and financial management company which provides investment management, financial planning, pension and retirement planning for various individual and business clients. In these capacities, it often provides investment advice. Belsen Getty has been in operation since 1990. Its revenues are primarily fee based. Since 1984 Fringe Benefit has been primarily a business insurance broker of health,

life, dental and disability insurance coverages. Both entities were originally organized as corporations and converted to the LLC form in 1998. Both concentrate their business activities in the state of Utah, though they have various clients throughout the western United States. The managers for the entities are Mr. Terry Deru for Belsen Getty and Mr. Scott Deru for Fringe Benefit .

The Offering: Prime is attempting to sell a very limited number of its shares to the public as a self underwriting, without commissions. Up to 5% of the to be issued and outstanding shares in the company may be sold at an offering price of \$5.00/share. The maximum offering would be \$750,000 from the sale of 150,000 shares and the minimum offering would be the sale of 100,000 shares at \$5.00/share for \$500,000. We, Prime Management, will place the offering proceeds into a segregated subscription account for a period up to 180 days from the effective date of the offering (the date appearing on the prospectus cover). If the minimum offering is not fully subscribed by the end of that offering period, investors will be promptly returned their subscription without deduction or interest. Prime may elect to close the offering at any time after the minimum is sold within the offering term up to the maximum offering. There is no assurance or warranty that the company will be successful in the sale of its public shares.

6

Trading Market: To date Prime has not obtained any trading symbol, nor have its shares been Symbol: approved or registered for trading. It is intended that we will, concurrently with this registration, apply through one or more broker/dealers for listing on the Electronic Bulletin Board, but can give no assurance or warranty that the shares will be qualified for trading on any over-the-counter market. In all events, there may be a very limited or non-existent public trading market for Prime's shares.

Summary Financial Data: The following summary financial data should be read in conjunction with, and is subject to, the complete Financial Statements, and notes, included elsewhere in this Prospectus. The operating data and the balance sheet data was derived from Prime's predecessor entity, Prime LLC's Financial Statements, included elsewhere in this Prospectus. These results do not necessarily indicate the results to be expected for any future period. THE COMPLETE FINANCIAL STATEMENTS, AS ATTACHED, INCLUDE PRO FORMA MATERIAL RELATED TO CERTAIN REORGANIZATION AND COMPENSATION EVENTS, AS WELL AS OPERATING IN THE CURRENT CORPORATE FORM.

RISK FACTORS

The following constitutes what we believe to be the most significant risk factors in this offering. No particular significance should be attached to the order in which the risk factors are listed: Certain forward-looking statements are based on our current expectations and are susceptible to a number of risks, uncertainties and other factors, and our actual results, performance and achievements may differ materially from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include the factors discussed in this section entitled "Risk Factors", as well as the following: development and operating costs, changing trends in customer tastes and demographic patterns, changes in business strategy or development plans, general economic, business and political conditions in the countries and territories in which we may operate, changes in, or failure to comply with, government regulations, including accounting standards, environmental laws and taxation requirements, costs and other effects of legal and administrative proceedings, impact of general economic conditions on consumer spending, and other risks and uncertainties referred to in this prospectus and in our other current and periodic filings with the Securities and

9

Exchange Commission, all of which are difficult or impossible to predict accurately and many of which are beyond our control.

1. Even if the Maximum Offering is Sold, the Existing Shareholders Will Continue to Control this Corporation for the Foreseeable Future and Thereby Control Management and be in a Position to Ultimately Direct All Corporate Decisions.

Even if the maximum offering is sold to the public, the present shareholders will continue to own approximately 95% of the shares; and, thereby, be in a position to make all corporate decisions. We have determined that Prime can adequately go forward with expanding its business by only offering a limited number of securities to the public. The offering range which has been prescribed by management is between 100,000 shares at \$5.00/share, for a minimum offering of \$500,000, to 150,000 shares for a maximum offering of \$750,000. If the company is successful in selling all shares in the maximum offering, the public would only own approximately 5% of the issued and outstanding shares and 3.5% in the event only the minimum offering is sold. As a result, it is not likely that investors in this offering will ever exercise any significant influence or control over the direction or operation of Prime as shareholders.

2. Future Majority Shareholder Stock Transactions Will Most Likely Cause a Decrease in the Trading Price of Your Stock in the Future Through Anticipated Public or Private Sales.

The existing shareholders have and will continue to own the vast majority of the outstanding shares, and any market transaction by them may have a significant adverse impact on any future market price of your shares by potentially depressing any market price as these large holdings are liquidated. The majority shareholders will continue, for the foreseeable future, to own almost all of the issued and outstanding shares, whether or not such shares are currently registered for sale. Each investor in this offering should understand that the majority shareholders, either pursuant to registration or the application of an exemption from registration in the future, will eventually be in a position to sell their shares if a public market is developed for the shares. In the event of such public market and subsequent transaction by the majority shareholders, the majority may significantly influence the price of the stock by selling even a small portion of their shares. This ability to adversely affect future stock prices by a small group of initial shareholders creates a significant market risk to anyone investing in this offering.

3. Limited Capital Places Prime at Risk of Not Meeting Intended Business Objectives or Maximizing Operations.

Prime will be marginally capitalized if this offering is closed; there also remains a question of whether there is sufficient capital being raised in this offering to finance the activities intended by Prime. If not, Prime may not meet its financial or growth objectives, or develop any value for its shares. There is a very limited amount of capital being generated, even if this offering is successful. As a result, even if closed, this offering may not generate sufficient revenues to Prime to allow it to adequately fund its intended activities. Moreover, alternative funding may not be available. Prime believes that the limited amount of capital being raised by this offering, \$500,000 to \$750,000 in gross proceeds, will help it expand the marketing and implementation of its current business activities through its two subsidiary entities. However, each prospective investor must understand that \$500,000 to \$750,000 in gross proceeds is a relatively limited amount of capital to make any significant

expansion or realize the subsidiaries' activities and the expected or anticipated results by management. Further, there is no assurance that Prime will be able to raise future capital to fund anticipated growth. A limited

10

capital base may not only cause the company to miss certain business opportunities, but may place the company at a competitive disadvantage to better capitalized companies.

4. There is no Present Public Market or any Assurance of a Public Market for our Shares; the Lack of a Public Market May Limit Your Capacity to Subsequently Sell Your Stock.

At the present time there is no public market for our shares and there is no assurance that any public market will be developed for these shares, which means you may have difficulty selling your shares in the future. Without a viable public market, shareholders may not be able to sell their shares in the future. The company does not have any trading markets for its shares and the mere completion or sale of shares pursuant to this Registration Statement will not insure that a public market will or can be developed for the trading of the company's shares. If we are not able to obtain an Electronic Bulletin Board Listing and develop a resulting public trading market for our shares, there may be limited liquidity of the shares, investors may be forced to hold such shares for an indefinite period of time and rely upon the uncertain prospects of private sales of their securities in order to have some type of exit strategy or liquidity. Even if a public market develops, there is no reasonable projection that can be made as to the price at which the shares may trade.

5. Dilution Means Your Shares Will Be Worth Less Than What You Pay For Them. There Will Be Substantial Dilution in This Offering.

Dilution is a concept which attempts to measure the difference between what a prospective shareholder will pay for the Prime shares as contrasted to the value of those shares measured by the net worth of the company at the time of purchase. Substantial dilution risk is anticipated to purchasers of Prime shares. Dilution constitutes a risk of investment because the shares purchased may immediately be worth substantially less on a net worth basis than what was paid for them. This dilution means that the actual value of your shares, based upon the net worth of the company, will likely be substantially lower than the \$5.00 share price you will pay to acquire these shares in this offering.

6. Because Management is Highly Concentrated in a Few Individuals, Any Change in Management May Cause the Company to Lose Revenues or Profits or to Operate Inefficiently or at a Loss.

There is a substantial risk to Prime and its shareholders if any member of present management does not continue their affiliation, as future principals may not have the particular knowledge and contacts to maintain or expand the present business activities or to run the company profitably or efficiently. You should understand that because the intended products and services are very unique and keyed to a relatively narrow market group, there are few individuals with interests, contacts or expertise who can take over and operate the present activities of the Prime subsidiaries. Should any member of management decide not to continue his affiliation, or be released by the company, Prime and its shareholders may be subject to diminished or lost revenues or profits. Further, there is only a three year employment contract between each member of management and Prime; and Prime is allowed to terminate any employee without cause or minimal notice.

7. The Probability That Our Shares May Be Designated as a Penny Stock May Cause You Additional Costs of Trading, Lower the Price of Your Stock or Limit the Potential Market For Your Stock.

As a condition to any subsequent listing for sale by a broker/dealer or if a trading market is established, and if Prime is initially listed or trades below \$5.00/share, it may become a penny stock which poses the risk of reduced tradeability to you as an investor and may lower the market price of your shares. The stock of Prime, if it is subsequently listed for trading or during

11

any subsequent trading, may be defined as a "penny stock", if traded below \$5.00/share. As a result, the shares of Prime may be subject to special regulations by the SEC and certain states known as "penny stock rules" which require additional screening and limitations on trading by individuals buying or selling certain defined speculative low price shares through a broker/dealer. These restrictions may lower the price or reduce the tradeability or your shares.

8. Your Management's Lack of Experience May Cause the Company to be Less Successful in Realizing Profit or Growth Potential.

Your management will have very little experience in the operation of a public company with a resulting risk they may not be able to comply with public reporting requirements or operate the company profitably or efficiently, without the hiring of outside experts. There is a risk in Prime arising from the fact that management is inexperienced in operating a public company and may have problems complying with the complex regulations for a public company or waste valuable resources in attempting to comply directly, or through the need to rely extensively on third parties. If these problems develop they could cause suspensions in trading, decreases in the stock price, or diminished or lost potential profits. You will be relying upon us to be able to manage a public company, complete the complex reporting requirements and to learn and discharge other responsibilities incident to the operation of a publicly held reporting company if this Offering is successfully closed. Your management believes that its limited inexperience should be considered as a potential risk factor.

9. As the Predecessor Entities to the Registrant Had Limited Revenue Growth and Net Losses, You May Consider This Fact an Indicator That Your Anticipated Return on Investment May be Limited or Non-existent.

There is an inherent risk factor in this offering to the extent that Prime has only had very limited revenue growth from the time of its initial business conception in 1985 to the present and experienced a net loss in calendar year 2001 and the first quarter of 2002. The risk is that if a company does not ultimately create earnings growth, there is little likelihood that its shares will maintain any market value. Each prospective investor in this offering should understand that one of the anticipated objectives of participating in a public company is to participate in a company which has significant future potential for revenue growth and resulting net earnings. In this particular offering, the historical record has shown a very modest amount of revenue growth by Prime from its inception and even less significant growth in net profits, with a loss in 2001 and 2002 to date. There remains a question of whether investment return can be maximized to investors in this offering unless the limited amount of proceeds being raised by this offering significantly contribute to an increase in revenues and net income which assumption must remain an open question until actual proceeds are expended and operating results are computed.

10. Because Prime is Anticipated to Operate Through Its Subsidiaries in Highly Regulated Fields, Government Regulation and Policies May Limit or Eliminate Future Potential Profits.

Each of the areas of financial services in which Prime participates is subject to significant governmental regulation and policy control. As a small company, government regulation may pose a burden of operating profitably or efficiently. For instance, the area of insurance sales is subject to greater than average government regulation of terms, pricing and persons who may engage in insurance sales. In like manner, the providing of investment advice by Belsen Getty requires particular licensing and reporting requirements. Each investor in this offering should be aware that the areas of financial and business planning, health and business insurance and other facets of the services in which Prime participates through its two operating subsidiaries are significantly controlled

12

by government regulation and policy. For instance, the sale of insurance and insurance agents are regulated by an insurance commission or other governmental agency on the state level. Additionally, the providing of investment advice and services is regulated on the federal and state level as investment advisory services. The change or modification of government regulation and policy in any of these or other related areas in which the company operates or the failure of any principal to maintain his status as a licensed professional may cause a future loss of earnings or earnings potential.

11. The Personal Contacts Usually Required in Prime's Type of Business May Limit the Growth of Prime as a Public Company.

There is a special risk factor in this offering in that the nature of the business products and services provided by Prime, through its operating subsidiaries, has historically been associated with personal contacts and relationships which may limit potential future growth of the company. A business upon which personal contacts and relationships are paramount may be limited in growth potential to the time available to those necessary to maintain such contacts. Moreover, a business based on personal expertise and contacts is always at great risk if key persons maintaining those contacts leave the business. Each investor in this offering should understand that much of the limited success of Prime to date revolves around and has arisen out of the personal expertise and contacts of its principal management personnel in meeting with and personally providing the services which the company extends to other business entities and individuals. There is no certainty that even with additional capital raised with this or any subsequent funding activities, Prime will be able to create significant growth in this type of industry due to the requirement of the personal nature of such contacts and efforts to increase business activities. This consideration should remain as a significant risk

factor to prospective investors.

12. Large Institutional Competitors May Cause Prime not to Realize Future Revenue Targets or Potential Profits.

Prime may come under price and marketing pressure from large institutional service companies providing essentially the same or related types of services or financial products at a lower cost due to economies of scale. Large competitors pose a special risk to a small company like Prime in a similar industry in that the larger competitor may offer and supply services or product at less expense and attract away necessary customers or engage in larger and more effective marketing. There appears to be a growing trend in financial and insurance services where large institutional companies such as national CPA firms, insurance companies, banks and brokerage firms provide various forms of financial planning and insurance services. There appears to be a significant risk factor in this offering to you that Prime, in the future, may not be able to compete effectively with such large institutional service companies who may provide financial and business planning and other related business planning or insurance on a lower cost basis than the company can afford to provide due to economies of scale and worldwide marketing abilities.

13. There is a Risk That a Future Controlling Shareholder May Be Subject to Extensive Regulation as a Control Person of an Investment Advisory Firm.

Belsen Getty, LLC, as a subsidiary of Prime, currently conducts business, in part, as an investment advisory firm. There is a risk that if in the future some new shareholder becomes a controlling shareholder of Prime, they may be required to license and be regulated under state and/or federal law as the controlling person of an investment advisory firm. A controlling shareholder would be a shareholder who exercises actual control over Prime, or may be deemed to exercise such control because of stock ownership (usually of 10% or more) or by being a principal officer or director. Registration as an investment advisor

13

would entail substantial regulation and filing requirements as a highly regulated profession. In addition, there may arise significant limitations on anyone required to be licensed as an investment advisor in their ability to hold and trade public securities. At the present time, Mr. Terry Deru and Mr. Andrew Limpert, as principals of Belsen Getty, LLC, are subject to licensing and regulation as investment advisors.

USE OF PROCEEDS

In this offering, Prime will receive gross offering proceeds, if the offering is closed, of either \$500,000 in the event of the minimum offering, or a maximum of \$750,000. The company reserves the right to close the offering during the offering term at any point between the minimum offering and the maximum offering. In the event the offering is closed as a minimum offering there would only be \$20,000 in working capital reserves allocated to Prime. All amounts raised over the minimum offering will be allocated to the working capital reserves of Prime. From the gross proceeds, the company will also deduct the estimated offering cost of approximately \$45,000 which are estimated to be allocated between audit and accounting work, legal services and for printing, filing fees and miscellaneous costs of the offering as estimated below.

In the minimum offering, as contrasted to the maximum, it is anticipated the working capital reserve to Prime would be reduced from \$270,000 to \$20,000 and there would be no acquisition fund. All additional investment proceeds received over the minimum offering will be applied to an increase in the working capital reserve fund of Prime. The primary purpose of the Prime working capital reserves are presently intended to create an acquisition fund for insurance agencies or their book of business to be acquired through Fringe Benefit.

From the anticipated net offering proceeds, Prime would employ the proceeds in three specific applications. In the event of the maximum offering, approximately \$370,000 would be used by Prime directly for additional management personnel, general administrative costs and working capital and acquisition reserves. Approximately \$250,000 of the working capital reserve allocated to Prime would be available for anticipated acquisitions by Fringe Benefit. Alternatively, some of these proceeds may be used to retain new agents, though there is no specific plan to so employ these funds. The balance of the proceeds would be allocated approximately \$220,000 to Fringe Benefit and \$115,000 to Belsen Getty to be specifically applied as set-out in the following estimated net proceed charts.

SPECIFICALLY, FUNDS HELD FOR ACQUISITION MAY BE USED IN DIFFERENT AREAS IF SUITABLE ACQUISITION OPPORTUNITIES ARE NOT FOUND WITHIN A REASONABLE PERIOD OF TIME. PRIME UNDERTAKES FOR THE PURPOSES OF THIS OFFERING TO EMPLOY SUCH RESERVES FOR ACQUISITION WITHIN EIGHTEEN MONTHS FROM THE CLOSE OF THE OFFERING. IF NOT USED FOR ACQUISITION WITHIN SUCH PERIOD, THE FUNDS WILL BE USED PRIMARILY TO ENHANCE MARKETING AND OPERATIONS, INCLUDING ANTICIPATED COMMISSION DRAWS TO NEW AGENTS, RECRUITING AND TRAINING OF NEW AGENTS, ADDITIONAL EMPLOYEES AS NEEDED AND SIMILAR PURPOSES; WITH A REASONABLE AMOUNT TO BE MAINTAINED AS A WORKING CAPITAL RESERVE. NO PROCEEDS WILL BE USED TO COMPENSATE EXISTING OFFICERS OR DIRECTORS IN ANY MANNER.

</TABLE>

(1) No proceeds of the offering will be employed to pay salaries or benefits to any current officer or employee; however, in the event the offering is closed, Prime will most likely hire some new employees.

(2) Management fees will not be used to compensate or augment amounts paid officers or directors, but may, directly or indirectly, be used to create incentive payments for employees or insurance agents and to expand the number of employees as necessary.

(3) Prime is maintaining a large working/acquisition capital reserve in the maximum offering in anticipation that Fringe Benefit will request to draw upon this reserve to fund its intended efforts to acquire other insurance brokerage companies or their book of business.

See also "Plan of Operations" under Description of Business for a more detailed description of intended business activities and expenditures over the next year.

DETERMINATION OF OFFERING PRICE

The price at which the shares are to be sold in this offering have been arbitrarily set by the Board of Directors of Prime and does not attempt to reflect any valuation or evaluation of the company's net worth or future trading price, if any.

DILUTION

Dilution is a term which normally defines the reduction in value per share based upon book value which occurs to the investor in certain offerings compared to the purchase price of those shares. The net tangible book value of Prime Resource, Inc. (formerly Prime Resource, LLC) interest as of the attached Balance Sheet, dated September 30, 2002, was \$213,933 and is estimated to be \$0.08/share in the present corporate form.

If the maximum offering is sold, the net tangible book value would increase from approximately \$0.08/share to \$0.31/share or a \$0.23 per share increase as to existing shareholders as a result of this offering. In the minimum offering, the increase for existing shareholders would be from \$0.08/share to \$0.23/share or \$0.15 per share increase.

By way of specific illustration, an investor in this offering is paying \$5.00 per share. It is estimated that the net worth per share after the completion of the maximum offering will only be approximately \$0.31 per share. Therefore, each investor in this offering will suffer an immediate estimated dilution to his investment of \$4.69 per share or 94 % in the maximum offering; and \$4.77 per share or 95 % in the minimum offering. The computation of net worth per share after the offering is based on the equity as of September 30, 2002 before the offering, adding the proceeds of the offering (less estimated offering costs of \$50,000), and dividing this sum by the total number of shares after the offering. Dilution would generally be pro rated between the minimum and maximum offering if closed between those extremes. These dilution ranges are illustrated in the following graphical representations:

<TABLE>
<CAPTION>

	Maximum offering		Minimum Offering	
<S>	<C>	<C>	<C>	<C>
	Value Subscription	Value share after	Value Subscription	Value share
	\$5.00/share	offering	\$5.00/share	after
offering	100%	\$0.31/share	100%	\$ 0.23/share
		(Rounded)		(Rounded)
		Dilution 94%		Dilution 95%
		\$4.69/Share		\$4.77/Share

</TABLE>

In this offering dilution primarily arises because the original founders, who organized the corporation and the predecessor limited liability company, received shares or other ownership interests for intangible

contributions to Prime which are difficult to value. As a result, there will not be a significant net worth per share prior to this offering and your cash subscription will, as a result, be "diluted" in value.

PLAN OF DISTRIBUTION

General

Prime does not intend to employ the services of any underwriter or other broker/dealer to place or sell its securities. Prime believes it can place the limited amount of securities being offered by this registration through the efforts of a member of its own management group, Mr. Andrew Limpert, who will not be paid any consideration, commission or other compensation for his selling and placement efforts. Consequently, no provisions for commissions have been provided for in this prospectus. Should management determine, at any time, that it is necessary to sell this offering through the use of commissions to an underwriter, management will reserve the right to amend this registration and prospectus to reflect any such commission arrangements and to continue with the offering in accordance with all other terms and provisions after amendment to the registration materials. In the unforeseen and unanticipated event that Prime determines it must employ an underwriter to complete this offering, such change would require the filing and review of a post effective amendment with the SEC and applicable state securities regulatory agencies prior to continuing selling efforts.

21

Issuer/Agent

It is presently anticipated that Mr. Andrew Limpert will be exclusively responsible for the efforts to sell the Prime shares in this offering to various business contacts and acquaintances through delivery of this prospectus. Any change in the issuer/agent will require a post effective amendment to the registration prior to continuing selling efforts. Mr. Limpert is currently acting as the Treasurer and a member of the Board of Directors. We cannot promise the offering will be sold, as Mr. Limpert will only engage in these efforts on a part-time basis. Obviously, there is an indirect benefit to management, as principal shareholders, if the shares are sold in this offering as the management shareholders would most likely realize an increase in the value of their shares after this offering and potentially an active market for their shares. Should any other member of management be qualified to act and in fact engages in selling efforts for Prime such fact will be supplementally disclosed to any prospective investor. In addition, any additional selling party for the issuer would require the filing and review of a post effective amendment with the SEC and corresponding state securities regulatory agency. There is no present intent or expectation that any other issuer/agent will be employed.

Mr. Limpert as an issuer agent is relying upon the exclusion from being required to qualify and license as a broker/dealer in his anticipated selling efforts, pursuant to SEC Rule 3(a) 4-1 under the Securities and Exchange Act of 1934. In essential terms, Prime and Mr. Limpert believe he satisfies the following tests of the Rule:

- 1) Mr. Limpert is not subject to a statutory disqualification to act as an issuer agent as such term is defined under Section 3(a) 4-1 of the Securities Act of 1934;
- 2) Mr. Limpert will not be compensated for his selling efforts in any manner, though he may be reimbursed direct selling costs paid out-of-pocket;
- 3) Mr. Limpert is not now and will not be at the time of his selling effort an associated person with any broker/dealer. Mr. Limpert has not been associated with a broker/dealer within the past 9 years.
- 4) Mr. Limpert will meet each of the following conditions:
 - (i) Mr. Limpert will continue to perform substantial duties for the issuer at the date of the offering;
 - (ii) Mr. Limpert has not acted as a selling agent within the preceding 12 months;
 - (iii) Mr. Limpert has not and will not engage in selling efforts for any issuer more than once every 12 months.

Mr. Limpert has been licensed on one prior occasion in Utah to act as an issuer/agent and will seek such designation in this offering. It is believed Mr. Limpert, or any subsequently designated management sales agent, in the

intended selling efforts of the Prime shares being registered will fully meet the safe harbor requirement of a non-broker issuer agent pursuant to Rule 3(a) 4-1 as set-out above. It is not anticipated that Prime will employ an issuer/agent other than Mr. Limpert. Any prospective investor wishing a copy of this rule or further explanation of the company's determination of compliance will be provided a copy and explanation prior to investing upon request to Prime.

22

In the unanticipated event that Prime determines it is necessary to hire and pay one or more independent broker/dealers to attempt to sell this offering, Prime will amend this registration statement and prospectus by a post-effective amendment to disclose all such underwriting terms. No broker/dealer will be allowed to engage in sales or solicitations until any such post-effective amendment becomes effective. Each prospective investor is also advised that prior to any involvement of any broker/dealer in the offering any broker/dealer would be required to clear the underwriting terms and compensation with the National Association of Securities Dealers, Corporate Finance Department.

Sales to Officers and Affiliates

Each officer, director or affiliated persons may purchase shares in this offering for cash at the offering price without restriction. There is no limitation on the number of securities which may be purchased by these affiliated persons. In like manner, there is no obligation or commitment by any officer, director or affiliate to purchase any shares in this offering. All securities purchased by any officer, director, or person able to direct or influence the company as a control person will not be freely tradeable, but will be subject to restrictions on resales, and must be purchased for investment purposes requiring a holding period.

Minimum Purchase

There is no minimum subscription requirement.

Estimated Costs of Offering

The costs of this offering are estimated at \$45,000, and include legal, accounting, filing or permit fees, printing and related distribution costs. These amounts are estimates but are believed reasonably accurate for the intended size of this offering. Funds paid for offering costs will limit the amount of net proceeds available for actual business purposes. See also Use of Proceeds Section.

Subscription Account

Proceeds of the offering, up to the minimum amount, will be placed in a segregated subscription account under control of Prime and will not be employed for any business purposes of the company until or unless the minimum offering is sold within the offering term of 180 days from the date appearing on the face of this prospectus. If the minimum offering is not fully sold and collected within such offering period, then the offering will be terminated and all proceeds will be promptly returned without deduction for costs or addition of any interest. Prime will obtain an address from each subscriber and will return all proceeds promptly upon the termination of the offering to that address. Any interest earned on the subscription account will be employed by Prime to pay for anticipated offering costs and return of subscription proceeds to investors.

In the event of the close of the minimum offering, Prime will employ any additional proceeds of this offering upon receipt without further utilizing the subscription account.

23

Closing Offering

Prime reserves the right to close the offering at any time within the offering term of 180 days whenever the minimum offering proceeds have been received in the subscription account, even if less than the maximum offering has been sold. Factors which may influence Prime's decision to close the offering would be the effort required to continue sales and the rate at which subscriptions were obtained up to the minimum offering. In all events, the

company will not sell more than the maximum offering and will close the offering at any time that the maximum amount has been sold. The Use of Proceeds Section reflects Prime's best present estimate of the use of proceeds in the event of either the minimum or maximum offering amount being received. The offering will most likely be closed at some point between the minimum and maximum. Proceeds available for working capital reserves to Prime will be increased by each dollar raised over the minimum offering.

Initial Sales Jurisdiction

We intend this offering will be sold primarily to citizens of the State of Utah, based upon a coordination filing in that jurisdiction. Should Prime deem it appropriate, it may attempt to place its securities in one or more additional jurisdictions where the offered shares may be qualified or registered by coordination or similar rule or process. That is, Prime will be deemed to be qualified as a registered offering in those jurisdictions upon clearance of this registration with the SEC and a notice type filing in the appropriate state. If the offering is offered or sold in other jurisdictions, the offering must be registered or qualified under the applicable state law of that jurisdiction. Prime does not intend to register or qualify this offering in any other jurisdiction for sale unless such registration can primarily be achieved by coordination without the necessity of merit review or substantial additional disclosure requirements. However, should Prime elect to sell in any jurisdiction that imposes any additional disclosure requirements, they will be included in this offering as a supplemental disclosure.

No Trading Market

Prime has not secured a commitment to list or trade the securities being registered through any broker/dealer and there is no present assurance that a public market will exist for the securities, even in the event of a successful completion of this offering. Each prospective investor should consider the potential lack of a public market developing as a significant risk factor. Management will work to obtain the listing of the securities after or concurrently with this offering by one or more broker/dealers, but can give no warranty or assurance that they will be successful in such efforts.

No Registration Commitment

No shares of current management or original shareholders are being registered pursuant to this offering and no intent or obligation exists by Prime to currently register existing issued shares in any manner.

Penny Stock Limitations

Broker/dealer transactions in shares trading under \$5.00/share are generally subject to certain specific disclosure requirements and limitations on trading known commonly as the "Penny Stock Rules". While the penny stock rules are not believed applicable to the initial issuance of the shares subject to this issuer/agent registration and sale, there is a high probability such rule would apply to subsequent sales of Prime stock. The application of the penny stock rules may impair the tradeability or price at which your shares may subsequently be resold.

24

The following purports to be a general summary of the penny stock rules. However, any prospective investor may obtain a complete copy of the applicable rules from Prime upon request or from the SEC online, (Rules 15g-2 through 15g-6 of the Exchange Act).

The penny stock rules require a broker/dealer prior to a transaction in a penny stock, not otherwise exempt from the rules, to deliver a standardized risk disclosure document that provides information about penny stocks and the risks in the penny stock market. The broker/dealer also must provide the customer with current bid and offer quotations for the penny stock, the compensation of the broker/dealer and its salesperson in the transaction, as well as monthly account statements showing the market value of each penny stock held in the customer's account. In addition, the penny stock rules generally require that prior to a transaction in a penny stock, the broker/dealer make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written agreement to the transaction.

These disclosure requirements may have the effect of reducing the level of trading activity in the secondary market for a stock that becomes subject to the penny stock rules. Our shares may someday be subject to such penny stock rules and our shareholders may find it more difficult to sell their securities because of such rules.

LEGAL PROCEEDINGS

We are not aware of any pending or threatened legal proceedings or claims in which we are involved.

25

<TABLE>
<CAPTION>

DIRECTORS, EXECUTIVE OFFICERS, OR CONTROL PERSONS

NAME	POSITION	CURRENT TERM OF OFFICE
<S> Mr. Terry Deru*	<C> Director, CEO/ President/ Chairman of the Board	<C> Appointed Director in Organizational Minutes-April, 2002. Will serve as a Director until first annual meeting, not yet set. Will serve as an officer pursuant to leave of the Board of Directors.
Mr. Scott Deru*	Director/V.P. Operations	Appointed Director in Organizational Minutes - April, 2002. Will serve as Director until first annual meeting, not yet set. Will serve as an officer pursuant to leave of the Board of Directors.
Mr. Andrew Limpert*	Director/Treasurer/Secretary/ CFO	Appointed Director in Organizational Minutes - April, 2002. Will serve as Director until first annual meeting, not yet set. Will serve as an officer pursuant to leave of the Board of Directors.

* Mr. Scott Deru and Mr. Terry Deru are brothers. Mr. Limpert was not an owner of Prime LLC, but acted as an advisor to Prime LLC and has become a shareholder of Prime Resource, Inc., the successor entity to Prime LLC.

MR. TERRY DERU - DIRECTOR , CEO/PRESIDENT, CHAIRMAN OF THE BOARD
Age:48

Mr. Deru is currently a consultant and manager with Belsen Getty LLC and an officer/director in Prime as outlined above. He also served Belsen Getty as an officer/director when operating as a predecessor corporation. Belsen Getty is a Salt Lake City, Utah based financial and retirement planning firm. The firm, or its predecessor, has been a licensed investment advisory firm with the SEC and Utah since 1984. Mr. Deru is a Certified Financial Planner and a Registered Financial Consultant. Mr. Deru has been with Belsen Getty or its predecessor since 1985. Since affiliation with Belsen Getty, he has served as a consultant and director from 1985 to 1998 and as a consultant from 1998 to the present. He has been the manager of Belsen Getty since July, 2000. Mr. Deru will continue his part-time affiliation with Belsen Getty while also acting as the part-time officer of Prime. The estimated allocation of services is set-out in the following table. Mr. Deru also acted as a part-time CEO for Kinship Systems, Inc., a small public company which is not presently active. Kinship abandoned its original marketing efforts of attempting to sell licensed accident reconstruction software in early 2002 and has subsequently acquired a resort management company as its wholly owned operating subsidiary. Mr. Deru resigned as an officer and director pursuant to this reorganization on November 14, 2002,

26

and he is no longer affiliated with that company. The company continues under a new name of Caribbean Clubs International, Inc. (CCI). Mr. Deru obtained a B.A. degree from the University of Utah in Salt Lake City, Utah, in finance in 1977 and an M.B.A. degree from that institution in 1979.

MR. SCOTT DERU - DIRECTOR, VICE-PRESIDENT OPERATIONS
Age: 42

Mr. Scott Deru has been employed full-time since 1982 as a principal officer of Fringe Benefit. Since 1998 he has been the manager and principal officer of Fringe Benefit, one of the current subsidiary operating companies of Prime. In this capacity, he has primarily been engaged in creating and selling life, health and other insurance products for business clients of Prime, LLC, now known as Prime, Inc. In addition to his full-time services to Fringe Benefit Analysts, LLC he worked as a director of insurance for Care of Utah, Inc., developing insurance programs, primarily for the health care industry from October, 1994 to July, 2000. Mr. Deru is a 1984 graduate of the University of Utah with a B.S. degree in finance from that institution. He is also a Registered Health Underwriter and a Registered Employee Benefit Consultant. He presently is also a licensed insurance consultant and agent within the state of Utah, and by reciprocity in other western states.

Mr. Limpert has been a financial and retirement planner associated with the Salt Lake based firm of Belsen Getty, LLC since 1998. He is licensed as a Registered Investment Advisor Representative, but he is not a Certified Financial Planner. As a licensed Investment Advisor, Mr. Limpert has completed licensing requirements and testing prescribed by the State of Utah. Mr. Limpert plans to continue his full-time employment with Belsen Getty. He will also serve as a director, treasurer, CFO and secretary for Prime. Prior to the foregoing positions, he worked with Prosource Software of Park City, Utah as a software sales agent from 1993 to 1998. Mr. Limpert is assisting Prime on a limited as needed basis. In 1998 Mr. Limpert served briefly as an interim outside director in a small public company, then known as Mt. Olympus Resources, Inc. Mr. Limpert resigned as part of a reorganization of Olympus in November, 1998. Mr. Limpert was also affiliated on a part-time as-needed basis with a small presently inactive company known as Kinship Systems, Inc. as a director and its treasurer/secretary and CFO/accounting officer. Due to the company's present inactivity, his time commitment and services to Kinship had been minimal. Mr. Limpert was appointed to these positions in February, 2000 as part of the initial organization. As noted above, Kinship acquired a new operating subsidiary and Mr. Limpert resigned as an officer and director effective November 14, 2002. He has no continuing affiliation with Kinship/CCI. Mr. Limpert also acts as a business and financial consultant to various small public and private companies. Mr. Limpert holds a B.S. degree in finance from the University of Utah in Salt Lake City, Utah in 1995 and an M.B.A. from Westminster College of Salt Lake City, Utah in 1998.

27

Estimated Allocation of Time and Services

The following table attempts to set-out the present estimated allocation of time to be devoted by the foregoing officers for Prime and each of the Prime related entities:

<TABLE>
<CAPTION>

NAME	PRIME	BELSEN GETTY	FRINGE BENEFIT
Mr. Terry Deru	20%	80%	0%
Mr. Scott Deru	10%	0%	90%
Mr. Andrew Limpert	20%	80%	0%

</TABLE>

Remuneration of Directors & Officers

Directors

No director will be provided remuneration for service in that capacity, but may be paid a stipend for attending meetings as future revenues may permit. It is anticipated Directors will receive \$500 per Board Meeting.

Officers

Historically, the present officers in Prime, except for Mr. Limpert, acted as working members of Prime, LLC from its inception in 1996. Mr. Limpert became a member in January, 2002. Prime LLC also had associated as a founding member Mr. William Campbell, whose interest in Prime LLC was bought out by Prime LLC in December, 2001 and transferred to Andrew Limpert in January, 2002 prior to the organization of Prime, Inc., as more particularly described under "Description of Business". Mr. Campbell has no further interest or affiliation with Prime or either of its subsidiaries. As previously indicated, Prime, LLC had as its wholly owned subsidiaries Belsen Getty, LLC and Fringe Benefit. Subsequently, Belsen Getty and Fringe Benefit became subsidiaries of Prime, Inc. the successor entity. These subsidiaries, while subsidiaries of Prime, LLC, passed through, as limited liability companies, all of their net earnings or losses to Prime, LLC, which then distributes or attributes earnings or losses pro rata to the ownership interest. Prime will continue to receive these "pass throughs" and will pay salaries for all officers and employees of its subsidiaries, as well as general operating costs.

Under the present organization of the company, it will not be possible for Prime corporation to simply pass through earnings derived from its operating subsidiaries to owners. Alternatively, each of the principal officers, named above, served the company for the following annual base salary in 2002: Mr. Terry Deru \$240,000, Mr. Scott Deru \$240,000 and Mr. Andrew Limpert \$165,000. Additionally, Mr. Limpert's salary was increased to \$210,000 annually on October 1, 2002, effective in calendar year 2003. The terms of this compensation are more fully set-out in a set of Board Minutes and concurrently executed three year employment agreements. Mr. Terry Deru and Mr. Scott Deru will also primarily serve Prime by continuing to act as the managers of the subsidiaries. Mr. Andrew Limpert will devote most of his time commitment to responsibilities of Belsen Getty and be in charge of most day-to-day affairs of Prime. It is

anticipated Mr. Scott Deru and Mr. Terry Deru will serve full-time in their responsibilities with the subsidiaries and discharge responsibilities to Prime on an as-needed basis. This, and related compensation information, is set-out in tabular format at page 52 under Executive Compensation.

Each of the three principal officers serves Prime pursuant to a written employment agreement which is essentially identical in terms for each officer, except for the compensation provisions outlined above. The essential terms of the employment agreements provide as follows:

- (1) Each employment contract runs for three years from April 5, 2002;
- (2) There are no currently adopted benefits or stock rights, except 18 days of paid leave per year for each officer;
- (3) Prime may terminate the employment with or without cause. If termination is without cause, the employee is to receive a severance equal to three months pay. Otherwise, the employee is paid through the month the notice of termination is given. The employee has no right to terminate the agreement without cause.
- (4) The employment contract has standard provisions protecting proprietary rights and property of the company from being used by the employee or appropriated;
- (5) The employment agreement provides for the exclusive full-time service by each officer to Prime or one or more of its subsidiaries.

Each prospective investor may view a copy of the employment agreements prior to investing by viewing this registration statement online at the SEC filing site (www.sec.gov/edgar), or by requesting a copy from Prime.

Shares Held By Management and Certain Security Holders

The following tables set forth the ownership, as of the date of this prospectus, of our common stock by each person known by us to be the beneficial owner of 5% or more of our outstanding common stock; by each of our directors; and by all executive officers and our directors as a group. To the best of our knowledge, all persons named below have sole voting and investment power with respect to such shares.

<TABLE>
 <CAPTION>

Title of Class	Name and Address of Owner	Current Shares Owned	Current Percentage of Outstanding (Rounded)	Percent of Total Common in the event Sold (Rounded) (1)	Max. Off.
<S> Common Stock	<C> Terry Deru 99 Cove Lane Layton, Utah 84040	<C> 1,000,000	<C> 36%	<C> 34%	

</TABLE>

<TABLE>
 <CAPTION>

<S>	<C>	<C>	<C>	<C>
Common Stock	Scott Deru 6855 N. Frontier Drive Mountain Green, Utah 84050	1,000,000	36%	34%
Common Stock	Andrew Limpert 8395 S. Parkhurst Circle Sandy, Utah 84094	750,000	27%	26%
Common Stock	Officers and Directors as a Group(2)	2,750,000	99%	94%

(1) The difference in each officer's percentage of the total outstanding in the event of the maximum or minimum offering is a de minimus amount less than 1%. As such, the maximum percentages are employed. Officers will have a slightly greater fractional percentage of outstanding shares in the event of the minimum versus the maximum offering.

(2) Mr. Don Deru, the natural father of Terry and Scott Deru, owns 50,000 shares, or about 1.8% of the currently outstanding shares. There are no shareholders prior to this offering other than as listed above and Mr. Don Deru.

There are currently no arrangements which would result in a change in our control. Prime has no warrants, options or other stock rights presently authorized.

DESCRIPTION OF SECURITIES

The following description is a summary and is qualified in its entirety by the provisions of our Articles of Incorporation and Bylaws, copies of which have been filed as exhibits to the registration statement of which this prospectus is a part.

General

We are authorized to issue 50,000,000 shares of common stock with no par value per share. As of April 5, 2002, there were 2,800,000 restricted shares issued and outstanding. The company has only one class of shares, being its common shares. Counsel for Prime has provided an opinion that all shares of common stock outstanding are validly issued, fully paid and non-assessable. All currently issued shares of Prime were issued pursuant to an Organizational Meeting on April 5, 2002.

Voting Rights

Each share of common stock entitles the holder to one vote, either in person or by proxy, at meetings of the shareholders. The holders are not permitted to vote their shares cumulatively. Accordingly, the holders of common stock holding, in the aggregate, more than fifty percent of the total voting rights can elect all of our directors and, in such event, the holders of the

remaining minority shares will not be able to elect any of such directors. The vote of the holders of a majority of the issued and outstanding shares of common stock entitled to vote thereon is sufficient to authorize, affirm, ratify or consent to any corporate act or action, except as otherwise provided by law.

Dividend Policy

All shares of common stock will participate proportionally in dividends if our Board of Directors declares them out of the funds legally available. These dividends may be paid in cash, property or additional shares of common stock. We have not paid any dividends since our inception and presently anticipate that all earnings, if any, will be retained for development of our business. Any future dividends will be at the discretion of our Board of Directors and will depend upon, among other things, our future earnings, operating and financial condition, capital requirements, and other factors. There can be no assurance that any dividends on the common stock will be paid in the future.

Miscellaneous Rights and Provisions

Holders of common stock have no preemptive or other subscription rights, conversion rights, redemption or sinking fund provisions. In the event of our dissolution, whether voluntary or involuntary, each share of common stock is entitled to share proportionally in any assets available for distribution to holders of our equity after satisfaction of all liabilities and payment of the applicable liquidation preference and preference of any outstanding shares of preferred stock as may be created.

Shares Eligible For Future Sale

The 150,000 maximum shares of common stock to be registered by this offering will be freely tradable without restrictions under the Securities Act of 1933, except for any shares held by our "affiliates", which may be limited by the resale provisions of Rule 144 under the Securities Act of 1933.

Currently, all of the 2,800,000 issued and outstanding shares were issued on April 5, 2002 and would not be eligible for sale under Rule 144 as restricted stock until April 6, 2003, assuming the other requirements of Rule 144 are satisfied as generally described below.

In general under Rule 144, as currently in effect, any of our affiliates or other restricted shareholders after a one year holding period may be entitled to sell in the open market within any three-month period a number of shares of common stock that does not exceed the greater of (i) 1% of the then outstanding shares of our common stock, or (ii) the average weekly trading volume in the common stock during the four calendar weeks preceding such sale. Sales under Rule 144 are also affected by limitations on manner of sale, notice requirements, and availability of current public information about us.

Nonaffiliates who have held their restricted shares for one year may also be able to sell under the foregoing conditions. Nonaffiliates who have held their restricted shares for two years may be entitled to sell their shares under Rule 144 without regard to any of the above limitations, provided they have not

31

been affiliates for the three months preceding such sale. There are currently no nonaffiliated shareholders.

Further, Rule 144A as currently in effect, in general, permits unlimited resales of restricted securities of any issuer provided that the purchaser is an institution that owns and invests on a discretionary basis at least \$100 million in securities or is a registered broker-dealer that owns and invests \$10 million in securities. Rule 144A would allow our existing stockholders to sell their shares of common stock to such institutions and registered broker-dealers without regard to any volume or other restrictions. Unlike under Rule 144, restricted securities sold under Rule 144A to non-affiliates do not lose their status as restricted securities. It is not anticipated Rule 144A will have any application to this offering.

INTEREST OF EXPERTS AND COUNSEL

Our counsel, Julian D. Jensen, PC, has passed upon the legal status of the company and our capacity to engage in this Registration. The firm has no interest in Prime. Our auditors, Carver Hovey & Co. of Layton, Utah have opined upon the attached and incorporated audited financial statements. This firm has no interest in Prime and there are no material conflicts with the auditors.

DISCLOSURE OF COMMISSION POSITION ON
INDEMNIFICATION FOR SECURITIES ACT VIOLATIONS

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to our directors, officers and controlling persons, we have been advised that in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities, other than the payment by us of expenses incurred or paid by our directors, officers or controlling persons in the successful defense of any action, suit or proceedings, is asserted by such director, officer, or controlling person in connection with any securities being registered, we may, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issues.

As previously noted, Prime Resource LLC was formed in 1996 and remained inactive until 1998 when it became the parent entity for Belsen Getty LLC and Fringe Benefit Analysts LLC. Prime continued to March 29, 2002 as a Utah limited liability company and operated exclusively through its two wholly owned subsidiary limited liability companies, Belsen Getty, LLC and Fringe Benefit Analysts, LLC. Prime converted to a corporate form of business on March 29th of 2002, largely in anticipation of the present public offering. Also, in 1998 Belsen Getty and Fringe Benefit converted from a corporate form to their present LLC form. As otherwise discussed in this Prospectus, the management of Prime Resource, Inc. will remain the same as its predecessor, Prime Resource, LLC,

32

though differently designated. The two operating subsidiaries will continue with their existing business activities and management as described in this Prospectus.

DESCRIPTION OF BUSINESS

General and Historical

Prime Resource, as a corporate entity, was filed in Utah on March 29, 2002; however, essentially the same business purpose were engaged in by its predecessor entity, Prime Resource, LLC, a Utah limited liability company as organized in 1996, but not active until the 1998 acquisition of its present subsidiaries; Belsen Getty and Fringe Benefit. Mr. Scott Deru acted as the manager for Prime LLC. From 1990 to 1998, Belsen Getty and Fringe Benefit collaborated as independent corporations. In 1998 Prime LLC became the parent and coordinating entity and the two operating companies also became wholly owned limited liability companies of Prime, LLC and changed their business structure from corporations to limited liability companies owned by Prime LLC.

As part of the 1998 reorganization, Mr. Scott Deru and Mr. Terry Deru each contributed their 50% ownership interest in Fringe Benefit to Prime, LLC. Mr. Terry Deru and Mr. William Campbell each contributed their 50% ownership interest in Belsen Getty to Prime, LLC and Mr. Don Deru, the father of Scott and Terry Deru, contributed capital. The resulting ownership percentages in Prime, LLC. were Scott and Terry Deru at 36 1/2% each; Mr. William Campbell at 23% and Mr. Don Deru 4%. Prime, LLC was later dissolved of record in April, 2002 after transferring all assets to Prime, Inc.

Fringe Benefit was formed and licensed in November, 1984 in Utah as a general insurance agency. The company initially was formed and operated as a Utah corporation with Mr. Scott Deru as its president. It was jointly owned by Scott Deru and Terry Deru from inception. Fringe Benefit concentrated upon developing software to analyze employee benefits and writing insurance for business related purposes, such as key man life policies, group health plans and related insurance. Mr. Scott Deru and Mr. Terry Deru remained joint owners from 1984 to 1998 when their ownership was acquired by Prime, LLC.

From 1998 on Fringe Benefit Analysts started collaborating closely with Belsen Getty LLC, which was formed in 1998, to primarily engage in business consulting and financial planning. Belsen Getty was initially formed in 1990 as a corporation. Belsen Getty, which was and is engaged in advising firms in the formation of employee health, pension, stock option and related plans, frequently referred clients to Fringe Benefit Analysts when insurance funding was required. In like manner, Fringe Benefit Analysts would frequently refer insurance clients needing business planning to Belsen Getty. However, neither firm operates upon an exclusive basis as to these referrals.

Belsen Getty, Inc. was formed on November 9, 1990 by Mr. William Campbell and Mr. Terry Deru as a successor to a Nevada corporation. Mr. Terry Deru joined the firm in the summer of 1985 and purchased a 50% interest in Belsen Getty, Inc. of Nevada from Mr. Campbell. All interest in Belsen Getty, Inc. was transferred to Belsen Getty LLC in 1998 which was then exclusively

33

owned by Prime LLC. Mr. Terry Deru received a 36 1/2% interest in Prime and Mr. Campbell a 23% interest in Prime.

In order to take advantage of some economies of scale and to work more cohesively in cross-selling to the respective client base of Belsen Getty, Inc. and Fringe Benefit the foregoing reorganization occurred in 1998. Prime Resource, LLC (a LLC organized on June 27, 1996, but having no real business activity) was used as a holding company for the newly formed entities of Belsen Getty, LLC and Fringe Benefit. These subsidiary entities were formed on October

2, 1998 and became the successor firms for Belsen Getty, Inc. and Fringe Benefit, respectively, each being wholly owned by Prime Resource, LLC.

Mr. William Campbell became associated with Prime Resource LLC in 1998 resulting from a minimal cash contribution and his fifty per cent interest in Belsen Getty. He received a 23% interest in Prime LLC.

In January, 2002 Prime LLC purchased Mr. Campbell's interest in Prime for \$100,000. The prior Campbell interest was assigned to Andrew Limpert on January 10, 2002 in consideration for the acknowledgment of Limpert's advisory and organizational services which were valued at \$113,000. The 26 percent membership share of the Company issued to Mr. Limpert was accounted for as compensation expense and is included in "compensation and benefits" in the statement of operations for the quarter ended March 31, 2002. The value of the share of the Company issued to Mr. Limpert was based on what the Company was required to pay a former member, Mr. William Campbell, for his 23 percent share of the Company, in connection with the Company's termination and buy-out of Mr. Campbell effective January 1, 2002. Mr. Don Deru, the father of Scott and Terry Deru, held a 4% interest in Prime LLC since inception and exchanged his interest in Prime LLC for a 1.8% sharehold interest in Prime, Inc.

In March, 2002, Prime LLC decided to incorporate in Utah in anticipation of this offering and issued in April, 2002 to Mr. Limpert 750,000 shares of its common stock, (26% of the issued and outstanding) for his prior and continuing consulting services for and to Prime. The other stockholders are Mr. Terry Deru, 1,000,000 shares; Mr. Scott Deru, 1,000,000 shares; and Mr. Don Deru, 50,000 shares. Fringe Benefit and Belsen Getty continued under their existing structure as wholly owned subsidiaries of Prime, Inc. with Mr. Terry Deru continuing as the manager of Belsen Getty and Mr. Scott Deru for Fringe Benefit.

As limited liability companies, the historical revenues of Belsen Getty, LLC and Fringe Benefit have flowed through to its member and sole owner, Prime Resource, LLC. Within Prime the revenues, after payment of all operating costs and wages and allowance for working capital reserves, were divided between Mr. Scott Deru, Mr. Terry Deru and Mr. William Campbell, in accordance with their limited liability ownership percentage, through December 31, 2001.

It was determined, upon incorporation of Prime Resource, Inc., that this form of compensation and revenue transfer will no longer be feasible and that the corporation will need to retain and report its income, if any, after salaries, overhead and other expenses as retained earnings. Further, Prime, Inc. has now entered into an employment contract with its three principal officers, as generally described earlier under the outline of compensation and subsequently described under the Executive Compensation Section. In their

respective capacities, management will be paid a fixed salary. Prime, Inc. would then retain any net earnings for further business and expansion purposes.

Mr. Terry Deru, in addition to acting for Prime as its President and Chief Executive Officer, will also continue to act as the Manager and principal operator of Belsen Getty. Mr. Scott Deru will also devote a substantial majority of his time to the business affairs of Fringe Benefit and such other time as necessary as a corporate officer of Prime. It is anticipated that Mr. Terry Deru will then assume most of the day-to-day management responsibilities for Prime. Mr. Limpert will coordinate most governmental filings and reporting duties for Prime, as well as continuing with Belsen Getty as a consultant.

Over the past three years, Belsen Getty has contributed approximately 27% of the present revenues to Prime, LLC and Fringe Benefit has contributed the remaining 73% of net revenue to Prime, LLC. As noted above, Prime, LLC was dissolved in April, 2002 upon the transfer of assets to Prime, Inc. Prime, Inc., like its predecessor, Prime LLC, is not anticipated to generate any independent sources of revenue or income. All salaries and benefits in Belsen Getty and Fringe Benefit have been and will be paid directly by Prime.

Belsen Getty Business
- -----

Belsen Getty is a Utah financial management company offering investment advice, financial planning, pension and retirement planning and general business consulting and planning for firms or individuals who may participate to the extent they deem appropriate in any of these financial products and services. Belsen Getty was originally formed as a Nevada corporation in 1990. Belsen Getty remained active until 1996, was a lapsed corporation continuing to conduct business from 1996 to 1998 when it was reorganized as a Utah limited liability company. Belsen Getty has continued to date as a Utah limited liability company. Belsen Getty manages assets primarily under a fee based management system. Belsen Getty uses sophisticated modeling software to complete its investment advisory aspects of its services to clients who wish it to manage their funds for various pension and retirement or other offered plans. In this capacity,

Belsen Getty also acts as an investment advisory firm.

Belsen Getty also has expertise in providing consulting services for retirement planning, pension and general business financing and planning.

Belsen Getty offers to individuals retirement accounts, trust accounts, as well as creating 401(k) plans and other pension plans for corporate clients. These services may range from simple cash management to complex custom growth portfolio planning for wealthy individuals or businesses.

Belsen Getty markets through several mediums. First, the firm has a sophisticated database for tracking services to clients, prospects and business associates. This tracking assures each client and prospect are contacted monthly by mail and at least quarterly by phone or in person. Second, prospects that go into this tracking system are located in several ways, such as referrals from existing clients, referrals from other business associates and referrals from Fringe Benefit Analysts, as well as direct mailing and educational seminars. To a limited extent, the firm currently engages in prospect mailings and may

35

explore other media type advertising, depending upon the availability of proceeds from this offering.

Belsen Getty is currently managed by Mr. Terry Deru and has six full-time and one part-time employee.

Fringe Benefit Business

- -----

Fringe Benefit is primarily a diversified independent insurance broker which provides various lines of insurance, such as health, life, dental, disability, etc., as needed by its clients to fund various business, as well as employee related programs and plans. Fringe Benefit also intends in the future to engage in recruiting independent agents, rolling up and acquiring existing health care insurance agencies and/or their book of business.

Fringe Benefit currently has seven full-time employees, one part-time employee and over twenty sub-agents who act as independent contractors in various insurance lines. Part of the proceeds being raised in this offering will be used to retain and recruit additional agents. Funding for anticipated future acquisitions will come from the anticipated acquisition reserves to be held by Prime. There are no present acquisition agreements, candidates, proposals or negotiations. Fringe Benefit has not historically, nor does it presently intend to engage in any acquisition of an insurance or other business from any related or affiliated party. Proceeds of this offering used for acquisitions will not be with any entity or person related to or affiliated with Prime or any member of its management.

Fringe Benefit is currently managed by Mr. Scott Deru, has 8 employees and approximately 20 agents.

Plan of Operation

- -----

o Acquisitions. In the event of the maximum offering, a substantial portion of net proceeds of the offering (approximately \$250,000 or 33%) would be available for acquisition by Fringe Benefit to acquire other insurance providers, or their policies and book of business. Those funds may also be employed, alternatively, for recruitment of existing agents, though there is no present intent or plan to employ these funds for recruitment.

At whatever level the offering is closed, the following programs intended to create revenue and income growth will be funded and implemented:

o Enhancement of commission revenues. Management, primarily through the use of the Fringe Benefits Advantage Program, will attempt to encourage current subagents to write all their insurance through Fringe Benefit. Proceeds of the offering will be used to contact existing agents with relationship to explaining and demonstrating this program.

o Growth of Core Business. Revenues will be expended to advertise and promote core business activities, including attracting new clients, soliciting more agents to employ the advantages of the Fringe Benefit Advantage

36

Program whereby administrative fees for various programs are waived if multiple programs are purchased through Fringe Benefit.

o Agent Recruiting. Management will use anticipated proceeds to recruit full-time agents and promote various advantages and economies which can

be realized by agents being a full-time participant within a larger organization.

o Complementary Business Practices. Prime will attempt to advertise and promote the "complete package" approach of comprehensive business and employee plan planning coupled with affiliated competitive insurance funding by proposing a one stop approach to such services.

Principal Products

Fringe Benefit Analysts

The principal service products of Fringe Benefit are the sale and management of health and life insurance products to small and medium sized businesses. Fringe Benefit sells insurance programs and policies primarily offered by four major carriers: Altius Insurance (previously Pacific Health Care), United Health Care, Intermountain Health Care and Regence Blue Cross. Additionally, dental, long term care and disability insurance coverages are offered on a group basis. The fees are standard commissions as set by the providers themselves. A typical range for commissions in form of percentages would be 2%-20%. Copies of our contracts with these providers have been filed as exhibits to this registration.

The insurance policy providers require Prime to maintain in force a standard liability policy for errors and omissions for professional services. Prime is in compliance with this requirement and intends to remain current.

Each of the four principal supplier contracts essentially provide for Fringe Benefit to place prescribed health and other policies as group plans for a specified fee payable to the insurance policy supplier. Of this prescribed amount, Fringe Benefit is paid by the carriers a commission ranging from 2% to 20% depending on the policy placed. Each contract has an open termination date, except for cause. The United Healthcare contract provides for a 60 day termination notice without cause. The Altius Insurance contract (formerly Pacific Healthcare) provides for a 30 day notice period and the Intermountain Health Care provides for a one year notice period. Regence Blue Cross has a 90 day termination notice provision. The company reasonably believes, from its current operating experience, that the providers will continue on an indefinite basis to provide insurance policies under the contracts. No notice of termination has been received.

The primary markets for each of the above listed products are for small to medium sized companies located in the intermountain west. The size may vary from as few as 2 employees to companies with an employee base as large as 300 or more. The typical client will have between 10 to 100 employees. This is the primary niche that Fringe Benefit has focused upon.

37

Fringe Benefit Analysts Advantage Program

The Fringe Benefit Advantage Program (FBAA) has been recently developed to aid employers in their administration of fringe benefits. Fringe Benefit has exclusive rights to use the program in client retention and marketing by each of its principal product suppliers. FBAA allows an employer to electronically submit payroll data to a single administrator subcontracted by Fringe Benefit. That administrator then provides the following services:

- (1) 125(c) administration including plan documents, complete ongoing accounting for each participant, forms, reimbursement to participants and tax form 5500, if necessary.
- (2) COBRA administration for those employees COBRA eligible. Services include the mailing of all required notifications and the collection and disbursement of any premiums paid by COBRA eligible participants.
- (3) HIPAA and State Continuation Notices are available via a website for employers requiring these notices to remain in compliance of the applicable laws.
- (4) Qualified Plan Administration including plan documents, participant statements, record keeping, discrimination testing and tax form 5500.

These services simplify the administration process because the employer deals with a single source for these services and everything is web-based, allowing participants direct access to information, thus relieving the employer of the burden to act as an intermediary for forms and information. Generally these bundled services are provided at no cost to the employer under the program. Fringe Benefit pays for the services on behalf of the employer at a discounted rate due to the large volume of business directed to the

administrator. Fringe Benefit receives no fee or other direct benefit from providing this service, but engages in the program for marketing purposes.

Belsen Getty
- -----

The principal products for the Belsen Getty subsidiary of Prime is that of Investment Advisory Services. The advisory services include the construction and management of financial portfolios for clients. Clients consist of pension and 401(k) plans for approximately 50 small to medium companies and approximately 300 individual clients. Financial planning and retirement modeling services are also offered as well as general financial management counseling for individuals and emerging companies.

The compensation for advisory services are derived on a fee basis. The fee ranges from 50 basis points to 125 basis points per year depending on the size of the portfolio being managed and the services provided. There are no commissions paid on investment products and the assets are held by third party custodians.

Belsen Getty is not associated with any broker/dealer and does not share brokerage commissions. On isolated occasions, Belsen Getty may earn insurance commissions, but these would be less than 3% per year of total revenues.

38

The markets Belsen Getty operates in are similar in scope to the niche discussed in the Fringe Benefit product section. Typically, pension and 401(k) plans for companies with employees of 10 to 200 are targeted. On the individual portion of the business families or persons having investable assets in excess of \$250,000 are the primary market for portfolio and financial management.

Competition
- -----

Fringe Benefit
- -----

Fringe Benefit is exposed to competition to the same degree and manner as most small independent insurance agencies in the relevant market writing primarily group health and related disability insurance and some "key man" life policies. Fringe Benefit perceives that it may receive some benefit from its referral relationship to Belsen Getty, but otherwise has no unique competitive advantage.

It appears to Fringe Benefit that there is a significant competitive advantage to larger insurance companies arising from apparent economies of scale which often allows them to provide similar products and services at lower costs or offer collateral advisory and planning services which Fringe Benefit cannot directly match. This competition from large insurance carriers should be considered a material risk factor.

Fringe Benefit is currently licensed as an insurance broker for its product lines in: Arizona, California, Colorado, Idaho, Nevada, Utah and Wyoming.

Belsen Getty
- -----

Belsen Getty does not believe there is any unique or particular competitive risks to the services it provides. Various large insurance and brokerage companies, accounting and law firms provide related planning and consulting services to individuals and businesses related to health, pension and profit sharing programs, as well as capital funding alternatives. There is perceived by Belsen Getty some competitive advantage to large competitors which, because of economies of scale, may be able to provide these care services at lower cost or provide free collateral services or products. Belsen Getty regards the planning and consulting divisions of major financial institutions such as Merrill Lynch, Morgan Stanley Dean Witter & Co. and other major broker/dealers providing financial planning services to be its primary competitors. There is also a growing trend for banks to also provide these services and products.

Major Customers or Providers
- -----

Fringe Benefit Analysts
- -----

Fringe Benefit does not have any customer accounting for over 4% of its revenues and is not believed to be dependent on any major client. It should be noted, however, that there are essentially four companies in the current operating area who supply almost all the insurance products as sold by Fringe Benefit. These companies are Intermountain Health Care through which Fringe

Benefit derives approximately 38% of its insurance revenues by value, Regence

Blue Cross accounts for approximately 20%, Altius Insurance Company (formerly Pacific Health Care) accounts for approximately 11% and United Health Care accounts for approximately 11% of the Prime revenues by value.

Belsen Getty

Belsen Getty regards its client base as quite broad and diversified and does not believe it is unduly dependent or at risk in the reliance upon any major client or client group.

Number of Persons Employed By Prime

Prime currently has no full-time employees. Mr. Limpert acts as an advisor and Mr. Terry Deru as a part-time manager. The principal officers have made a projected allocation of their time to be devoted to Prime and the subsidiaries. It is intended that Mr. Terry Deru will primarily discharge the day-to-day affairs, and Mr. Andrew Limpert handle coordinating reporting requirements required by Prime, such as maintaining current on filings required under the Securities and Exchange Act of 1934, tax and other governmental filings, and other management responsibilities related to the operation of its two subsidiary companies.

Belsen Getty currently has six full-time employees and one part-time employee. Approximately four of these employees are engaged in general office management and supervisory roles while the remainder of the employees are primarily engaged in marketing, implementation and servicing of the various financial and business planning services and administration provided for individuals, corporations, and 401(k) and other pension plans by the company. Mr. Terry Deru acts as the General Manager for this limited liability company and also is the principal officer in charge of the supervision and operation of the investment advisory services provided by Belsen Getty. It is anticipated both Mr. Limpert and Mr. Terry Deru will devote the majority of their time and efforts to the Belsen Getty operations.

Fringe Benefit currently has seven full-time employees and one part-time employee and twenty sub-agents who act as independent insurance contractors and agents. Of these individuals, approximately four are primarily devoted to day-to-day management of the operations of Fringe Benefit and the balance of the employees are primarily engaged in providing the actual placement, supervision and administration of insurance policies and claims. Mr. Scott Deru acts as the General Manager for the limited liability company and is primarily in charge of the approval and issuance of policies, coordination with Belsen Getty and other general administrative services. Mr. Scott Deru acts as an assistant in these principal executive areas as an Assistant Manager. In the event of the successful completion of this offering, either as a minimum or maximum offering, Fringe Benefit would intend to expand the administrative staff by approximately one person and would intend to acquire an undetermined number of additional insurance sales agents. Mr. Scott Deru will be the principal officer in charge of Fringe Benefit and will devote almost all of his time to its operations.

All salaries and other expenditures in both Belsen Getty and Fringe Benefit entities are accrued and paid by Prime.

Government Regulation of Business and Approval of Products

The insurance products sold by Fringe Benefit are primarily subject to government regulation on a state level and to a lesser extent by federal regulation. In particular, Fringe Benefit must be licensed within the state of Utah as a licensed insurance company and its agents must be licensed as insurance sales persons. This licensure requires annual filings and reports to the state of Utah by Fringe Benefit. There are additional federal regulations on the sale and placement of insurance policies, but which are not believed to have direct application on the day-to-day business of Fringe Benefit in the sale of insurance policies and other related insurance products. The agents for Fringe Benefit are also required to participate in continuing professional education and to pay an annual license fee to continue to be licensed as registered insurance sales agents within the state of Utah. Fringe Benefit has been able to sell insurance products in surrounding jurisdictions by provisions allowing the sale of insurance products by agents licensed in the state of Utah in adjacent jurisdictions who can license in surrounding states by reciprocity.

As part of the services provided by Belsen Getty, Mr. Terry Deru, is a Certified Financial Planner and a Registered Financial Consultant. These designations are not licensed, but there are continuing professional educational

requirements. Mr. Andrew Limpert is a registered investment advisor within the state of Utah and is required to pay an annual fee and file reports related to this profession. Mr. Limpert is also a Registered Financial Consultant.

Other than the foregoing, particular licensing and registration requirements, Prime Resource, Inc. will be required to continue to file an annual corporate filing with the state of Utah to remain in good standing and may be required to make separate applications in various jurisdictions where it may do business in the future to be qualified as a foreign corporation. In the event of the successful completion of this registration statement, Prime Resource will also be required to file periodic reports with the Securities and Exchange Commission as to its accounting and business activities which are more particularly described below.

It is not generally believed that the foregoing regulations will have a substantial adverse affect upon the viability or potential financial success of the company.

Shared Employees - -----

Ms. Brenda Rogers acts as the Human Resource Director for both Belsen Getty and Fringe Benefit. She allocates her time approximately equally between the two entities. She is paid directly by Prime. Child Sullivan & Co., CPA's act as a Controller entity for both Belsen Getty and Fringe Benefit. They allocate approximately one-half of their services to each entity. They are paid directly by Prime.

Environmental Compliance - -----

Prime and its operating subsidiaries are not deemed to be engaged in business endeavors which have significant environmental impacts or implications. To the extent necessary, Prime and its subsidiaries will comply with any necessary and required environmental regulations, but are not presently aware of any environmental regulations which have directly impacted their business or require direct regulatory compliance.

41

Special Characteristics and Risk Factors - -----

As briefly noted under the Risk Factors Section, Prime will continue in the event of the close of this offering to be substantially owned by its existing management group. As a result of this ownership, those purchasing shares in the offering should not have any reasonable expectation that they will be in a position to influence the election of directors, direction of the company or implement policy decisions through their share position and voting power.

Further, the nature of financial planning and the collateral insurance services provided has historically been a direct contact business built substantially upon personal reputation and contacts. As a result, there will remain a risk that if the present management of the company does not continue their association with the company, that the company may not be able to continue to properly engage in its present business activities. Further, there remains a significant risk that even with the anticipated additional capital from this offering, this type of business may not be able to be expanded significantly through the infusion of capital due to the highly personal nature of the contacts required and the services to be provided.

Reports to Security Holders - -----

In the event of the successful completion of this offering, Prime believes that it will become a limited reporting company under the Securities and Exchange Act of 1934 (34' Act) and be required to register under the 34' Act as a 15(d) company. In this capacity, it will be required to file an annual report on Form 10-KSB discussing all of its management, business and accounting activities on an annual basis. The company currently functions on a calendar year basis. In addition to the annual report, Prime will also be required to file quarterly reports at the end of each quarter other than the final quarter of the year in which the annual report will be substituted for a quarterly report. These reports will be filed on form 10-QSB and discuss generally the unaudited accounting information for the company for the quarter and any material events or changes in business activities or management.

Because Prime is not believed to be required to become a 12(g) full reporting company for the foreseeable future, it will not be under an obligation to mail annual reports to shareholders; however, the present intended policy of the company is to disseminate such annual report related to any shareholder meeting. It should also be noted the company is not believed to be subject to the filing of formal proxy materials with the SEC as a 15(d) company. In the

future, the company, whether or not it meets the requirements to require filing as a 12(g) full reporting company, may elect to become a full reporting company to complete various registrations on NASD sponsored over-the-counter markets, but which filings are not presently anticipated.

Any person may read and copy reports filed with the SEC at the SEC's public reference room at 450 Fifth Street, N.W., Washington, D.C. 20549. The public may obtain further information by calling the public reference room at 1-800-SEC-0330. The company also intends to continue its electronic file and each of the public reports filed by the company would be further available online at www.sec.gov.edgar. These reports will also be available from the company by shareholder request at any time as filed.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS

Overview

Prime Resource, LLC, ("Prime") was dissolved in April 2002 and its assets transferred to Prime Resource, Inc. Prime LLC, historically, operated as a Utah limited Liability Company and was the owner of Belsen Getty, LLC, (Belsen Getty), and Fringe Benefit Analysts, LLC, (Fringe Benefit). Prime, Inc. now continues in this same capacity. Belsen Getty provided investment management, financial planning and pension and retirement planning for various individual and business clients. Fringe Benefit primarily acts as an insurance broker of health, life, dental and disability insurance coverages. Belsen Getty and Fringe Benefit concentrate their business activities within the state of Utah, although both have a limited number of clients throughout the Western United States. During the two year period ended December 31, 2001, Prime did not engage in any other direct business activities in addition to those conducted through its two wholly owned subsidiaries.

On April 5, 2002 when Prime was substantially reorganized as a Utah corporation, each prior member exchanged membership interest in Prime for an agreed upon sharehold interest in the corporation. All of the attached and referenced annual accounting predates this reorganization. The subsidiary operating entities, Belsen Getty and Fringe Benefit, remain as wholly owned limited liability companies.

Consistent with its historical and ongoing legal structure, Prime's operating segments have been and will continue to be aligned based on the nature of the products and services offered through the operating subsidiaries. These segments include:

- * Asset Management - Belsen Getty
- * Insurance Products - Fringe Benefit
- * Other - Certain headquarters functions and income on company-wide savings and investments are included in "other".

Results of Operations

Year ended December 31, 2001 compared to the year ended December 31, 2000

Revenues

Prime's revenues, by reportable segment were as follows:

<TABLE>
<CAPTION>

Segment	Year Ended December 31st:	
	2001	2000
-----	----	----
<S> Insurance Products (Commissions)	<C> \$1,557,246	<C> \$ 1,498,016
Asset Management (Advisory Fees)	\$ 449,031	\$ 707,537
Interest and Dividends	\$ 15,204	\$ 7,716
	-----	-----

</TABLE>

Asset management revenues in 2001 decreased \$258,500, or 36.5 percent, compared to the prior year. The Company's revenues in the Asset Management segment are earned based on an agreed-upon percentage of the fair market value of investments under management and are calculated on a monthly basis. The average fee percentage on assets under management remained relatively consistent between the two years. Total financial advisory fees dropped in 2001 due to a substantial decrease in the average fair value of assets under management in the year 2001 versus 2000, caused by a general downturn in the value of marketable securities throughout the stock market. In addition, a former member of Prime's and manager in Belsen Getty was terminated near the end of December of 2000. Certain Belsen Getty clients serviced by the former manager followed him to his new firm resulting in a decrease of fee revenues in 2001 of approximately \$150,000.

Insurance product sales increased \$59,200 or 4.0 percent due primarily to insurance premium increases and the resultant commission increase.

Interest and dividends on a Company-wide basis was higher in 2001 due to larger amounts invested in marketable securities and cash equivalents in 2001, as compared to 2000.

44

Operating Expenses

Prime's operating expenses by reportable segment are as follows:

<TABLE>
<CAPTION>

Segment	Year ended December 31st	
-----	2001	2000
	----	----
<S>	<C>	<C>
Insurance Products (Commissions)	\$1,186,614	\$1,092,935
Asset Management (Advisory Fees)	816,310	836,449
Other	55,202	28,385
	-----	-----
Total	\$2,058,126	\$1,957,769
	-----	-----

</TABLE>

Insurance product operating expenses for the year 2001 increased \$93,679 or 8.6 percent, compared to the prior year due to increases in commissions paid and compensation and benefits totaling approximately \$57,900 and \$25,000, respectively. Commission expense increased in 2001 compared to the prior year due to premium inflation and the resultant commission increases, as well as the addition of new clients by outside agents.

Asset management operating expenses for the year 2001 decreased by \$20,139 or 2.4 percent, from the prior year due to decreases in wages and travel totaling approximately \$132,000 in connection with the termination of a former officer of Prime, partially offset by a one-time \$100,000 compensation settlement payment to the same officer accrued in the last quarter of 2001.

The other segment is comprised of certain headquarters functions, not directly related to the operations of Belsen Getty or Fringe Benefit. It also includes income on company-wide savings and investments. Other costs increased by \$26,817 or 94.5 percent due to legal and accounting costs of approximately \$21,000 incurred in 2001 as a result of Prime's registration with the SEC.

Net Income Loss

As a result of the foregoing factors Prime realized a net loss of \$36,645 in 2001 as contrasted to net income of \$255,000 in 2000.

Nine-month period ended September 30, 2002 compared to the nine-month period ended September 30, 2001

Revenues
- - - - -

Prime's revenues by reportable segment were as follows:

<TABLE>
<CAPTION>

Segment -----	Nine-months ended Sept. 30th -----		Percentage Change -----
	2002 ----	2001 ----	
<S> Insurance Products (Commissions)	<C> \$1,313,407	<C> \$1,148,591	<C> +14.3%
Asset Management (Advisory Fees)	397,397	417,399	-4.8%
Other	8,315	10,220	-18.6%
	----- \$1,719,119	----- \$1,576,210	

</TABLE>

Insurance product sales for the nine-months ended September 30, 2002 increased from the prior comparable period due to higher volumes in 2002.

Asset management revenues for the nine-months ended June 30, 2002 decreased marginally from the comparable prior nine-month period due to a one-time commission earned in the first quarter of 2001 in connection with transferring management of a large pension account to an outside financial institution. Asset management fees were also negatively effected by a general decrease in the value of the stock market.

Operating Expenses

Prime's operating expenses by reportable segment are as follows:

<TABLE>
<CAPTION>

Segment -----	Nine-months ended Sept. 30th	
	2002 ----	2001 ----
<S> Insurance Products (Commissions)	<C> \$ 969,466	<C> \$ 848,288
Asset Management (Advisory Fees)	726,643	534,079
Other	128,194	75,521
	-----	-----
Total	\$1,824,303	\$1,457,888
	-----	-----

</TABLE>

Insurance products operating expenses for the nine months ended September 30, 2002 increased by \$121,178 or 14.3 percent, as compared to the prior nine month period, due to increases in commissions paid and other management compensation of approximately \$35,000 and \$105,000, respectively, offset by a slight decrease in general and administrative expenses. Commissions increased commensurate with increases in sales volumes. Compensation increased as a result of a general rise in management salaries and the addition of a new office manager and full-time receptionist.

Asset management expenses for the nine months ended September 30, 2002 increased by \$192,564 or 36 percent, from the prior comparable period, due to a \$120,000 increase in compensation and a \$66,000 increase in general administrative expenses. Compensation increased due to the issuance of a 26 percent ownership interest in Prime (valued at \$113,000) to an employee for advisory and organizational services rendered in connection with Prime's reorganization and registration with the SEC, and an increase in the base salary of such employee.

Costs of the other segment increased by \$52,673 or 69.7 percent for the first three quarters of 2002 versus 2001, due to higher legal and accounting fees incurred in connection with Prime's reorganization and registration with the SEC.

Although Prime realized a loss of \$105,184 for the nine-months ended September 30, 2002, Prime recognized income tax expense for the period resulting from pretax income for the six-months ended September 30, 2002, in connection with its conversion from a limited liability company to a taxable corporation effective April 4, 2002.

Net Income

The nine-month period ended September 30, 2002 resulted in a net loss of (\$119,405) compared to net income of 118,322 for comparable prior period. The loss in 2002 was primarily due to increased management salaries and other compensation and administrative costs related to the reorganization as described above. Further, the nine-month period ended September 30, 2001 was positively impacted by one-time fees generated from transfers of customer pension accounts to other outside financial institutions.

Three-month period ended September 30, 2002 compared to the three-month period ended September 30, 2001

Revenues

Prime's revenues by reportable segment were as follows:

<TABLE>
<CAPTION>

Segment -----	Three-months ended Sept. 30th		Percentage Change -----
	2002 ----	2001 ----	
<S>	<C>	<C>	<C>
Insurance Products (Commissions)	\$449,182	\$334,100	34.9%
Asset Management (Advisory Fees)	147,430	115,559	27.6%
Other	918	3,023	-69.6%
	-----	-----	
	\$597,530	\$452,682	

</TABLE>

Insurance product sales for the three-months ended September 30, 2002 increased from the prior comparable period due to higher volumes in 2002.

Asset management fees for the three-months ended September 30, 2002 increased from the prior comparable period due to increased brokerage fees resulting from placing new and existing customer accounts with an outside

47

financial institution, offset in part by lower ongoing fees in connection with a general reduction in the value of the stock market.

<TABLE>
<CAPTION>

Operating Expenses

Segment -----	Three months ended Sept. 30th	
	2002 ----	2001 ----
<S>	<C>	<C>
Insurance Products (Commissions)	\$366,502	\$321,622
Asset Management (Advisory Fees)	198,471	190,173
Other	50,047	25,024
	-----	-----
Total	\$615,020	\$536,819

</TABLE>

Insurance products operating expenses for the third quarter of 2002 increased by \$44,880 or 14.0 percent, from the prior comparable quarter, primarily due to increases in commissions paid in the amount of \$34,000.

Asset management expenses for the third quarter of 2002 increased by \$8,298 or 4.4 percent due to increases in compensation and benefits of approximately \$33,000 stemming from the increase in the base salary of a key employee and recent new shareholder of Prime, offset by a general decrease in other administrative expenses.

Expenses of the other category increased in 2002 versus the prior comparable quarter due to an increase in legal and accounting costs associated with Prime's efforts to reorganize the company and its registration with the SEC.

Income Tax Expense
- -----

Prime recognized an income tax benefit for the third quarter of 2002, due to the pre-tax loss of \$17,490 recognized during the quarter.

Net Income
- -----

In the quarter ended September 30, 2002 Prime realized a net loss of \$11,910 compared to a net loss of \$84,137 for the same quarter in 2001. The 2002 net loss was lower due to increased revenues from both insurance product sales and asset management fees, as partially off-set by compensation and benefits expenses along with the first-time recognition of income tax expense.

Liquidity and Capital Resources
- -----

Historically, Prime's primary source of capital has been cash provided from operating activities. Net cash provided from operating activities totaled \$146,653 and \$238,977 for the years ended December 31, 2001 and 2000, respectively. Although Prime recognized a net loss in 2001, the net loss included noncash depreciation charges of \$42,744 and other noncash charges

48

totaling \$4,100. Cash flows from operations in 2001 were further enhanced by changes in other operating assets and liabilities, including receivables collected related to prior year revenues of approximately \$47,000, and net expenditures of \$97,300 accrued in 2001, yet paid in a subsequent period. Cash flows from operations in 2001 were also adjusted downward for noncash interest income on notes receivable from related parties totaling \$8,113.

Cash flows from operations for the year ended December 31, 2000 started with net income of \$255,500 but was increased by noncash depreciation of \$39,536, and decreased by \$88,300, primarily due to paying liabilities in fiscal 2000 for expenditures incurred in 1999.

Cash used in investing activities totaled \$205,656 and \$63,168 for the years ended December 31, 2001 and 2000, respectively. The increase in 2001, compared to 2000, related to loans to members totaling \$140,000, and investments in marketable securities totaling \$51,141. Cash was used in both 2001 (\$18,865) and 2000 (\$46,741) for the purchase of equipment and vehicles.

Cash used in financing activities totaled \$134,215 and \$199,332 in fiscal years 2001 and 2000, respectively. Cash used in financing activities was comprised primarily of member distributions, but also included \$17,600 in payments on a note payable to a member during fiscal year 2000.

Nine-month period ended September 30, 2002 compared to the nine-month period ended September 30, 2001
- -----

Prime used (\$25,290) and generated \$184,280 in cash from operations during the nine-month periods ended September 30, 2002 and 2001, respectively. Prime realized net income of \$188,322 for the first nine months of 2001 versus a net loss of (\$119,405) in the first nine months of 2002. Furthermore, cash used in operations during the first nine-months of 2002 was negatively impacted by the settlement of wages paid to a former member in the amount of \$100,000.

Investing activities for the first nine months of 2002 generated \$138,164 in cash. However, investing activities for the first nine months of 2001 used (\$187,596) in cash. Sources of cash in 2002 included repayments on receivables from members totaling \$146,647 and proceeds from the sale of marketable securities in the amount of \$51,140. In addition, during 2001, Prime advanced \$140,000 to members. This use of cash in 2001 was partially offset by a \$20,000 repayment on a loan from a related party.

Prime generated \$3,647 in cash in financing activities during the first nine months of 2002, resulting from a one-time \$100,000 buy out of a former member, partially offset by repayments of loans to members totaling \$53,647 and bank borrowings totaling \$50,000.

Prime used \$101,216 in cash in financing activities in the first nine

months of 2001 resulting from member distributions.

Balance Sheet Data

The following summarizes Prime's assets, liabilities, and members' equity as of September 30, 2002, December 31, 2001 and December 31, 2000:

<TABLE>
<CAPTION>

Assets	Sept. 30, 2002 (Unaudited)	December 31, 2001	December 31, 2000
<S>	<C>	<C>	<C>
Current assets	\$309,926	\$185,277	\$391,891
Property and equipment, net	151,178	131,283	167,216
Other	130,715	263,568	101,508
Total assets	591,819	580,128	660,615
Liabilities and Members Equity	Sept. 30, 2002 (Unaudited)	December 31, 2001	December 31, 2000
Current liabilities	239,555	345,226	147,512
Other liabilities	138,331	15,579	14,905
Members' & stockholders' equity	213,933	219,323	498,199
Total liabilities, members' & shareholders' equity	\$591,819	\$580,128	\$660,615

</TABLE>

Current assets as of December 31, 2001 decreased by \$206,700 or 52.7 percent from the balance at December 31, 2000. The decrease was primarily due to a reduction in cash of \$193,200 to pay for operations, settlement of a wage claim with a prior employee and advances to members of \$140,000; a decrease in accounts receivable of \$47,300 due to a change in the Company's billing process for investment advisory services, whereby such services were billed in arrears during 2000, versus in advance as in 2001; partially offset by an increase in marketable securities in 2001 totaling \$50,100.

Current assets increased between September 30, 2002 and December 31, 2001 by \$124,649 or 67.3 percent. The increase in current assets was primarily due to an increase in cash of \$116,521 resulting from collections on receivables from members.

Net property and equipment decreased primarily due to routine depreciation and disposals, offset by purchases of equipment.

Other assets increased between December 31, 2001 and 2000 by \$162,100 or 160 percent due to advances to members in 2001. The decrease between September 30, 2002 and December 31, 2001 resulted from repayments of such advances during the first quarter of 2002.

Current liabilities increased between December 31, 2001 and 2000 by \$197,714 or 134 percent due to obligations stemming from a settlement with a former member in connection with Prime's buy-out of the former member's share of the Company. Such liabilities subsequently decreased between September 30, 2002 and December 31, 2001 as Prime paid the obligations during the first quarter of 2002.

Prime does not believe it would need to complete this public offering to continue to meet its liquidity needs, based on the historical level of operations of Prime. However, management does not believe there is sufficient net revenues to fund meaningful growth in Prime. If successful with the offering of stock in connection with this registration statement, Prime intends to use the proceeds of the offering for the expansion of its business facilities and short-term marketing efforts as generally outlined in this offering. See Use of Proceeds.

It is possible that the anticipated proceeds of this offering will not be sufficient to support any significant increase in revenues or income to Prime, in which event, future valuation of shares purchased by investors in this offering may not be enhanced. Each prospective investor should consider the possibility that revenues may not be significantly increased by the capital from this offering. See discussion of Risk Factors and Use of Proceeds.

Market Risks and Management Policies

Management is not aware of any particular market risk factors related to the Company's products and services, such as any specific environmental risks or other governmental regulation. Further, at the present time, Prime does not have any foreign market or currency exposure. Fringe Benefit is subject to continuing regulations as an insurance agency where it operates and certain principals of Belsen Getty are subject to regulation as investment advisors and licensed financial planners.

Prime has historically had a policy of lending funds to owners and employees which may have a future adverse impact on capital or liquidity to the extent it may lower funds available for working capital, or a loss of capital in the event of default. To date no related party loan has defaulted and the company has earned what it believes to be reasonable market interest on all such loans. Loans to management will now be prohibited under the Sarbanes-Oxley Act in public companies. See "Related Party Transactions".

New Accounting Pronouncements

In June, 2001, the Financial Accounting Standards Board (FASB) issued Statement No. 141 (FAS 141), Business Combinations, and Statement No. 142 (FAS 142), Goodwill and Other Intangible Assets.

FAS 141, effective June 30, 2001, required that all business combinations initiated after June 30, 2001 be accounted for under the purchase method of accounting; the use of the pooling-of-interests method of accounting is eliminated. FAS 141 also establishes how the purchase method is applied for business combinations completed after June 30, 2001. This guidance is similar to previous generally accepted accounting principles (GAAP); however, FAS 141 establishes additional disclosure requirements for transactions occurring after the effective date.

FAS 142 eliminates amortization of goodwill associated with business combinations completed after June 30, 2001. During the transition period from July 1, 2001 through December 31, 2001, goodwill associated with business combinations completed prior to July 1, 2001 continued to be amortized through the income statement. Effective January 1, 2002, goodwill amortization expense ceased and goodwill will be assessed for impairment at least annually at the

51

reporting unit level by applying a fair-value-based test. FAS 142 also provides additional guidance on acquired intangibles that should be separately recognized and amortized, which could result in the recognition of additional intangible assets, as compared with previous GAAP.

Prime has no business combinations prior to the issuance of FAS 141 or FAS 142, which resulted in the recognition of goodwill, accordingly, neither of these statements will have an effect on the current financial statements of the Company.

There are other new accounting standards (such as FAS 143 on Accounting For Asset Retirement Obligations; and FAS 144 on Account for Impairment or Disposal of Long Lived Assets) which do not have present applications, but may be important to the Company's future operations and accounting.

DESCRIPTION OF PROPERTY

Prime and its operating subsidiaries previously leased commercial space for their operations at 22 East First South, 4th Floor, Salt Lake City, Utah from Brownstone Associates LLC to August, 2002. Scott Deru and Terry Deru were

prior owners in Brownstone Associates through December 31, 2001 along with Mr. William Campbell, who was a prior owner in Prime LLC. This lease was terminated by mutual agreement in August, 2002 as part of the buy-out of Mr. Campbell's interest in Belsen Getty without any penalty or continuing obligation by Prime or any affiliated party. Prime simply paid rent through the month of termination. Prime now considers its current lease, described below, to be with a fully unrelated party. Mr. Campbell continues as the principal owner of Brownstone, but has no ownership or affiliation with Prime.

Prime, or its subsidiaries, leased approximately 2,800 square feet in the Brownstone until August, 2002. The prior gross monthly lease payment was \$3,976 per month. The lease was terminated by notice without penalty, effective August 16, 2002.

Commencing August 16, 2002 Prime and its subsidiaries leased space in the Brickyard Tower in Salt Lake City, Utah. The exact address is 1245 East Brickyard Road, Suite 590, Salt Lake City, Utah 84106. This is a five year lease with a base rental amount of \$4,588.58 per month. The company will occupy approximately 3,239 square feet.

Belsen Getty's current office space in the Brickyard Tower consists of two conference rooms, a reception area, four individual offices, a large area with six cubicles, a workroom, file room and kitchen area.

Total current monthly direct costs of operating the present physical facilities, which includes rent, utilities and other overhead expenses, is approximately \$4,588.58 per month.

52

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

o To date none of the management has had any independent determination of the reasonableness or amounts of compensation or benefits, such as shares issued to management or salaries, and it is not likely there will be any independent review of such matters in the future as the management, the Board and the principal owners are substantially the same persons.

o The Company has historically made and received loans and advances from owners and employees without independent Board review. As of the end of calendar year 2002, there was approximately \$74,074.12 principal and interest owed to Prime by Andrew Limpert under a demand note at 4.86% APR. The principal balance was \$69,658.28 with accrued interest of \$4,415.84. Mr. Scott Deru and Mr. Terry Deru have, as of December 31, 2002, outstanding loans owing to Prime of \$70,000 each due March 30, 2004 with interest at 4.86%; but these loans are off-set by two loans made to Prime by the Derus each for \$100,000 due March 4, 2005 at 5% APR, totaling \$200,000. The net effect, as reflected in the accounting records, is an outstanding loan balance of principal and interest of \$27,851.06 each owed to Scott Deru and Terry Deru by Prime as of December 31, 2002. Under the provisions of the recent Sarbanes-Oxley Act, Prime has discontinued, as a prospective public company, any further loans to officers, directors or employees. It is anticipated, though not warranted, that these note obligations will all be substantially or fully discharged in 2003.

o The prior lease arrangement which terminated August, 2002 was entered by Prime with a previously affiliated party, Mr. William Campbell, as well as Mr. Terry Deru and Mr. Scott Deru and could not thereby be considered arms length. The terms of this lease are discussed commencing at page 50 of this Prospectus under Description of Property. There remains no obligation under such lease.

o Each of the principal officers of Prime have received shares and interest in Prime based primarily upon the contribution of their prior intangible business interest in Prime LLC and other intangible assets which are not capable of exact evaluation. As a result, each of the present principal owners of Prime may be deemed to hold shares and interest in the company which were not determined through any arm's length transaction or independent determination of value.

o Messrs. Terry Deru, Scott Deru and Andrew Limpert would be considered founders and promoters of the current Prime Resource, Inc. As such, Scott Deru contributed his interest in the prior Prime LLC for his approximate 36% stock interest in Prime; Terry Deru has contributed his interest in Prime LLC for an approximate 36% stock interest; and Mr. Limpert has contributed his interest in Prime LLC for an approximate 27% stock interest in Prime. None of these transfers by the promoters can be considered independent or arms-length transactions.

53

o The company is not aware of any further transactions which would require disclosure under this section by the company and any affiliated party.

MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

Market Information

Our common stock is not traded on any exchange. We plan to seek a listing on the Electronic Bulletin Board, OTCBB, or the successor BBX listing, once our registration statement has become effective. We cannot guarantee that we will obtain a listing. There is no trading activity in our securities, and there can be no assurance that a regular trading market for our common stock will ever be developed.

Current Shareholders

As of this offering date there are four holders of record of our common stock as described in the management section. No additional shareholders are anticipated in the foreseeable future, unless this offering is sold.

Dividends

We have not declared any cash dividends on our common stock since our inception and do not anticipate paying such dividends in the foreseeable future. We plan to retain any future earnings for use in our business. Any decisions as to future payment of dividends will depend on our earnings and financial position and such other factors, as the Board of Directors deems relevant.

</TABLE>

To date, directors have not been paid any compensation for attendance at Board of Directors meetings. It is anticipated that as soon as revenues would justify such expenditure, Directors will be paid a per diem payment of \$500 for attending each Board of Directors meetings.

(1) Historically, the principals of Prime Resource LLC have taken draws equal to a salary compensation of \$240,000 per year in the case of Mr. Scott Deru, and \$240,000 for Mr. Terry Deru. Mr. Terry Deru received a salary of \$262,000 in 2001, and received \$240,000 in 2002. He will also receive this salary in 2003. Mr. Limpert was paid compensation of \$118,000 in 2001, \$165,000 in 2002 and will be paid \$210,000 in 2003. The officers have decided under the new corporate structure of Prime Resource to fix their salaries at these levels as evidenced by an employment contract, earlier discussed under "Remuneration of Officers and Directors". The most essential term of such contract is that the company may terminate the employment agreement, without cause, at anytime upon notice. If Prime is successful in completing this offering, the company may consider executive stock options or other incentive plans.

(2) In addition to the foregoing salaries, Mr. Scott Deru and Mr. Terry Deru received a cash bonus distribution of \$65,000 each in 2001.

(3) In 2001 Mr. Terry Deru and Mr. Scott Deru each borrowed \$70,000 from Prime due March 30, 2004 at 4.86% APR. These amounts remain outstanding, but are off-set by \$100,000 notes each owed by Prime to Mr. Scott Deru and Mr. Terry Deru due March 4, 2005. The interest on these notes owing to the Derus is 5% APR. As of December 31, 2002, Prime owed M r. Terry Deru and Mr. Scott Deru \$27,851 each. Mr. Limpert has also borrowed \$69,658.28 from Prime in 2002 payable on demand at 4.86% APR. As of December 31, 2002, with principal and interest, Mr. Limpert owed Prime \$74,074.12. It is anticipated, though not warranted, that these obligations will be fully or substantially paid in 2003.

The company presently does not have any stock option or other warrant or stock option plan, but would deem it may adopt such a plan subsequent and in the event of the successful completion of this offering.

INDEPENDENT AUDITORS' REPORT

To The Board of Directors
Prime Resource, Inc. and subsidiaries (formerly Prime Resource, LLC and subsidiaries)

We have audited the accompanying consolidated balance sheets of Prime Resource, LLC and subsidiaries as of December 31, 2001 and 2000, and the related consolidated statements of operations and members' equity, consolidated operations and comprehensive income (loss), and consolidated cash flows for the

years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Prime Resource, LLC and subsidiaries as of December 31, 2001 and 2000, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

PRIME RESOURCE, INC. AND SUBSIDIARIES
(Formerly Prime Resource, LLC and Subsidiaries)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2001 and 2000

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Business Activity

Prime Resource, LLC, (The Company) is a Limited Liability Company and 100 percent owner of Belsen Getty, LLC, (Belson Getty), and Fringe Benefits Analysts, LLC, (FBA), with offices in Salt Lake City and Layton, Utah, respectively. Belsen Getty is a fee-only financial management firm, providing investment advice to high-wealth individuals and employee groups in connection with company retirement plans. FBA sells group and employee benefit products, primarily health insurance, to employers and individuals throughout Utah.

Reorganization

Effective December 31, 2001, the Company entered into a settlement agreement

involving the transfer of the membership interest from a former member to current and remaining members of the Company. The agreement required the Company to acquire the former owner's membership share in the Company in exchange for \$100,000. The agreement further required the Company to pay compensation to the former member in 2001, also in the amount of \$100,000. Such compensation expense is reflected in salaries and wages in the accompanying statement of operations for the year ended December 31, 2001. A total obligation of \$200,000 for amounts payable to the former member in connection with the reorganization is reflected in the accompanying consolidated balance sheet as of December 31, 2001. The acquisition of the former member's share had no other effect on the recorded assets and liabilities of the Company.

Basis of Financial Presentation

The accompanying consolidated financial statements include the accounts of Prime Resource, LLC, and its wholly owned subsidiaries, Belsen Getty, LLC and Fringe Benefits Analysts, LLC. All significant intercompany balances and transactions have been eliminated in consolidation.

Use of Estimates

The consolidated financial statements have been prepared in conformity with Generally Accepted Accounting Principles of the United States of America. In preparing the consolidated financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures as of the date of the balance sheet and revenues and expenses for the period. Actual results could significantly differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents consist of checking and money market accounts. For purposes of the statement of cash flows, the Company considers all highly liquid instruments with original maturities of three months or less to be cash equivalents.

PRIME RESOURCE, INC. AND SUBSIDIARIES
(Formerly Prime Resource, LLC and Subsidiaries)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2001 and 2000

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Available for Sale Securities

Available for sale securities are recorded at fair value. Unrealized holding gains or losses on available for sale securities are reported as a separate component of member's equity until realized. A decline in the market value of the securities below cost that is deemed other than temporary is charged to earnings resulting in the establishment of a new cost basis for the security. Reinvested dividends increase the basis of the related investments.

Property and Equipment

Property and equipment are recorded at cost. Depreciation is calculated on the straight-line method over the estimated useful lives of depreciable assets as follows:

	Years

Automobiles	5
Furniture & equipment	7
Computer software & equipment	3-5

Income taxes

The Company is taxed similar to a partnership. Accordingly, the accompanying consolidated statements of operations do not reflect provisions for income taxes, inasmuch as such income tax liability is the responsibility of the individual members.

Revenue Recognition

The Company generates revenues from two primary sources, commissions on the sale of insurance and fees on the provision of investment advice.

Fees from the provision of investment advice are billed and earned based on an

agreed upon percentage of the fair value of investment portfolios under management. Such fees are typically one percent per year, and are calculated and billed on a monthly basis at one twelfth of one percent of the fair value of investments under management as of the beginning of each calendar month, and are recognized as revenue in the month billed.

68

PRIME RESOURCE, INC. AND SUBSIDIARIES
(Formerly Prime Resource, LLC and Subsidiaries)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2001 and 2000

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncements

Revenues, in the form of commissions, are earned on brokered sales of group and individual health insurance products under agency marketing agreements with applicable health insurance providers. Commissions are generally collected on a monthly basis and are recognized as revenue in the month for which the related insurance premiums apply. Commissions earned by the Company are split, at management's discretion, between the Company and its licensed agents, on a case-by-case basis. The Company recognizes the full amount of commissions received under its agency agreements as commission revenue and the portion paid to its licensed agents as commission expense.

In June, 2001, the Financial Accounting Standards Board (FASB) issued Statement No. 141 (FAS 141), Business Combinations, and Statement No. 142 (FAS 142), Goodwill and Other Intangible Assets.

FAS 141, effective June 30, 2001, required that all business combinations initiated after June 30, 2001 be accounted for under the purchase method of accounting; the use of the pooling-of-interest method of accounting is eliminated. FAS 141 also establishes how the purchase method is applied for business combinations completed after June 30, 2001. This guidance is similar to previous generally accepted accounting principles (GAAP); however, FAS 141 establishes additional disclosure requirements for transactions occurring after the effective date.

FAS 142 eliminates amortization of goodwill associated with business combinations completed after June 30, 2001. During the transition period from July 1, 2001 through December 31, 2001, goodwill associated with business combinations completed prior to July 1, 2001 continued to be amortized through the income statement. Effective January 1, 2002, goodwill amortization expense ceased and goodwill will be assessed for impairment at least annually at the reporting unit level by applying a fair-value-based test. FAS 142 also provides additional guidance on acquired intangibles that should be separately recognized and amortized, which could result in the recognition of additional intangible assets, as compared with previous GAAP.

Prime has no business combinations prior to the issuance of FAS 141 or FAS 142, which resulted in the recognition of goodwill. Accordingly, neither of these statements will have an effect on the current financial statements of the Company.

There are other new accounting standards (such as FAS 143 on Accounting for Asset Retirement Obligations; and FAS 144 on Account for Impairment or Disposal of Long-Lived Assets) which do not have present applications, but may be important to Prime's future operations and accounting.

Interim Financial Information

The accompanying unaudited interim consolidated financial statements have been prepared by the Company in accordance with the rules and regulations of the Securities and Exchange Commission for Form 10-QSB, and accordingly, do not

69

PRIME RESOURCE, INC. AND SUBSIDIARIES
(Formerly Prime Resource, LLC and Subsidiaries)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2001 and 2000

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

include all of the information and footnotes required by Generally accepted accounting principles. In the opinion of management, these unaudited consolidated financial statements reflect all adjustments, which consist only of normal recurring adjustments, which are necessary to present fairly the Company's financial position, results of operations, and cash flows as of September 30, 2002, and for the three-month and nine-month periods ended September 30, 2002 and 2001. These unaudited consolidated financial statements should be read in conjunction with the consolidated financial statements, and notes thereto, for the year ended December 31, 2001.

The preparation of the interim consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenue and expense for the period being reported. Actual results could differ from those estimates. The results of operations for the three-months and nine-months ended September 30, 2002 are not necessarily indicative of the results that may be expected for the remainder of the year ending December 31, 2002 or future annual periods.

NOTE 2 - SECURITIES AVAILABLE FOR SALE

Securities available for sale are comprised of investments in mutual funds. The amortized cost of securities available for sale and the gross unrealized loss on such securities at December 31, 2001, totaled \$51,140 and \$1,015, respectively. Dividends realized and reinvested in 2001 totaled \$1,140. There were no investments in marketable securities, other than cash equivalents, during the year ended December 31, 2000.

NOTE 3 - PROPERTY AND EQUIPMENT

Property and equipment and related accumulated depreciation at December 31 consists of the following:

	2001	2000
Furniture and equipment	\$ 87,893	\$ 77,672
Computer equipment and software	39,290	30,702
Vehicles	104,368	127,353
	231,551	235,727
Accumulated Depreciation	(100,211)	(68,059)
	\$ 131,340	\$ 167,668

PRIME RESOURCE, INC. AND SUBSIDIARIES
(Formerly Prime Resource, LLC and Subsidiaries)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2001 and 2000

NOTE 4 - EMPLOYEE BENEFIT PLAN

The Company has a defined contribution 401(K) plan and profit sharing plan. All employees who meet certain minimum requirements are eligible to participate in the plan. Employees may make contributions to the plan limited to the lesser of 15 percent of compensation or \$7,000. Company contributions under both the 401(K) and profit sharing provisions of the plan are also discretionary. The Company's expense from contributions to the plan totaled \$23,425 and \$19,490, for 2001 and 2000, respectively.

NOTE 5 - SEGMENT INFORMATION

Information as to the operations of the Company's different business segments is set forth below. Segments are identified based on the nature of the products and services offered. The Company's reportable segments are asset management, insurance products and other. The asset management segment includes investment

portfolio management services provided by Belson Getty. The insurance products segment includes employee health insurance brokerage services provided by FBA. Certain headquarters functions are included in the "other" segment. Income on Company-wide savings and investments is also included in "other".

The Company's segments use the same policies as those described in the "Summary of Significant Accounting Policies". The Company has no intersegment revenues or expenses and the intercompany accounts were eliminated.

The Insurance Products segment does not have any customer accounting for over 4 percent of its revenues and is not believed to be dependent on any major client. However, there are essentially only four companies supplying health coverage in the current operating area which within the Company has agency marketing agreements.

Expenditures for long-lived assets were \$21,777 and \$46,740 for the years ended December 31, 2001 and 2000, respectively. All company assets are held in the United States of America. Assets held by each segment as of September 30, 2002, December 31, 2001, and December 31, 2000 are as follows:

73

PRIME RESOURCE, INC. AND SUBSIDIARIES
(Formerly Prime Resource, LLC and Subsidiaries)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2001 and 2000

NOTE 5 - SEGMENT INFORMATION (CONTINUED)

[OBJECT OMITTED]

NOTE 6 - FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying amount of certain financial instruments in the accompanying consolidated financial statements including: cash and cash equivalents, trade receivables, accounts payable, and accrued liabilities, approximate fair value due to the short-term nature of the instruments. The carrying value of notes receivable also approximate fair market value due to the short-term maturity of the notes or floating interest rates that approximate current market rates.

Securities available for sale at December 31, 2001 and 2000 are set forth in Note 2.

NOTE 7 - RELATED PARTY TRANSACTIONS

Notes receivable

The Company had notes receivable from employees and members totaling \$258,815 and \$112,992 as of December 31, 2001 and 2000, respectively. The accompanying consolidated statements of cash flows provide further information regarding investing activities with related parties.

Amounts due from employees and members were subject to the accrual of interest income at rates ranging from 4.5 to 4.9 percent. Interest income on amounts due

from related parties totaled \$8,113 in 2001 and \$759 in 2000.

Note payable

The Company was indebted to a member, under a note payable, in the amounts of \$15,579 and \$14,905, as of December 31, 2001 and 2000, respectively. The note bears interest at 4.5 percent and is due on demand.

74

PRIME RESOURCE, INC. AND SUBSIDIARIES
(Formerly Prime Resource, LLC and Subsidiaries)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2001 and 2000

NOTE 8 - LEASE COMMITMENTS

The Company leases certain office space under agreements classified as operating leases. The space is leased from two entities that had certain common owners to those of the Company. Rent expense, under such leases, totaled \$110,935 and \$96,260 for the years ended December 31, 2001 and 2000, respectively.

In connection with the settlement agreement discussed in Note 1, effective December 31, 2001, the remaining members of the Company divested themselves of their ownership interest in Brownstone Associates, L.L.C., one of the two related entities the Company leased office space from during 2001 and 2000.

Future minimum payments required under all noncancellable lease agreements as of December 31, 2001 are as follows:

Year ended December 31, -----	
2002	\$ 102,294
2003	72,765
2004	12,734
Total	\$ 187,793 ===== -----

NOTE 9 - SUBSEQUENT EVENTS

In January of 2002, the Company and its members granted a 26 percent membership interest to an employee of the Company valued at \$113,000, as an inducement to remain with the Company and for services to be rendered in connection with a planned reorganization, registration and offering of company stock. The 26 percent membership share of the Company issued to Mr. Limpert was accounted for as compensation expense and is included in "compensation and benefits" in the statement of operations for the quarter ended March 31, 2002. The value of the share of the Company issued to Mr. Limpert was based on the amount the Company was required to pay a former member for his 23 percent share of the Company, in connection with the Company's termination and buy-out of the member, effective January 1, 2002.

In March of 2002, the Company was paid approximately \$144,000 in amounts due from members as of December 31, 2001 and advanced an additional \$56,000 from those same members. The proceeds were used to satisfy a \$200,000 obligation to a former member, which arose in connection with such member's termination.

75

PRIME RESOURCE, INC. AND SUBSIDIARIES
(Formerly Prime Resource, LLC and Subsidiaries)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2001 and 2000

NOTE 9 - SUBSEQUENT EVENTS (CONTINUED)

On April 5, 2002, the Company was reorganized from a limited liability company to a corporation. The Company was authorized to issue 50,000,000 shares of a single class of common stock with no par value. The Company issued 2,800,000 of such shares to existing members representing the entire ownership interest of the Company at the time of incorporation. As there was no change in control of the organization, the value of the stock, issued in the reorganization, was based on the book value of the predecessor organization of approximately \$192,000, as of March 31, 2002. Accordingly, there was no change in the recorded book values of Company assets or liabilities due to the reorganization.

Also, in connection with the reorganization, the Company entered into three-year employment agreements with three of its executive officers.

NOTE 10 - INCOME TAXES (UNAUDITED)

Income tax expense is comprised of the following for the three-month period ended September 30, 2002:

	Current -----	Deferred -----	Total -----
U.S. Federal	\$ 7,722	\$ 3,821	\$ 11,543
State	2,678	-	2,678
	-----	-----	-----
	\$ 10,400	\$ 3,821	\$ 14,221
	=====	=====	=====

Total income tax expense (benefit) for the three-month period ended September 30, 2002 differs from the amounts computed by applying the U.S. federal tax income rate of 34 percent to pretax income as a result of the following:

Federal income taxes (benefit) at statutory rate	\$ (35,482)
State income taxes net of federal benefit	1,186
Deferred taxes relating to change in tax status	10,391
Current taxes relating to pre-charge income	47,511
Benefit of graduated rates	(9,580)
Other non-deductible items	195

Total	\$ 14,221
	=====

PRIME RESOURCE, INC. AND SUBSIDIARIES
(Formerly Prime Resource, LLC and Subsidiaries)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2001 and 2000

NOTE 10 - INCOME TAXES (UNAUDITED) (CONTINUED)

The tax effects of temporary differences that give rise to significant portions of the deferred tax assets and deferred tax liabilities at September 30, 2002 are as follows:

Deferred tax assets:	
Accounts receivable	\$ (53,491)
Accrued wages	41,842
Accounts payable	25,198

Total deferred tax assets	\$ 13,549

Deferred tax liability - primarily due to differences in depreciation and amortization - noncurrent	\$ (17,370)
	=====

Realization of the deferred tax assets depends on the Company's ability to generate sufficient future taxable income. Management believes that the Company will generate such future earnings and, accordingly, realize the benefit of the gross deferred tax assets. Therefore, management has not provided any valuation allowance.

The entity also changes tax status during the year, resulting in the deferred tax assets and liabilities being recorded in the continuing operations for the current period.

77

CHANGE IN ACCOUNTANTS AND ANY DISAGREEMENTS

Your management has not changed its independent auditors since inception. Further, Prime has no conflict or disagreement with its current auditors concerning any accounting policies.

78

[OUTSIDE COVER OF PROSPECTUS]

This is a self underwriting not involving any broker/dealer. Each person contacted to invest in this offering will concurrently be given a copy of this prospectus. Unless otherwise advised, the prospectus will expire and should not be relied upon at anytime greater than six months after the effective date appearing on the cover page.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 24. Indemnification of Officers & Directors. Prime indicates that it has normal and customary indemnification provisions under its By-laws and Articles of Incorporation, as well as those generally provided by Utah law. It is believed these provisions would indemnify all officers and directors from any good faith mistake or omission in the performance of his or her duties including cost of defense. Such indemnity would not extend to intentionally wrongful acts including fraud, appropriation, self dealing or patent conflicts of interest. The Articles and By-Laws were being filed as Exhibit items.

Item 25. Other Expenses of Issuance & Distribution. Prime does not know of any accrued or to be accrued expenses of issuance and distribution other than as outlined in the foregoing prospectus. The present estimates of offering expenses are incorporated as costs for registration, including: fees, legal, accounting, printing and miscellaneous in the aggregate amount of \$45,000 are to be paid by the company ultimately from offering proceeds and are outlined below:

<TABLE>
<CAPTION>

ESTIMATED OFFERING COSTS	
ITEM	ESTIMATED COST
<S>	<C>
1. Attorney Fees	\$ 20,000
2. Auditing	\$ 20,000
3. Printing and Distribution	\$ 2,500
4. State Filing and Edgar Fees	\$ 2,500
TOTAL COSTS	\$ 45,000

</TABLE>

Item 26. Recent Sales of Unregistered Securities. Prime believes that in the body of this prospectus it has described all shares issued from the date of inception of Prime. In summary of that disclosure, Prime represents the only shares originally issued were to its founders and principals, Mr. Terry Deru, Mr. Scott Deru and Mr. Andrew Limpert. Mr. Don Deru, the father of Terry and Scott Deru, also received a limited number of shares. Subsequently all shares issued to them are the same shares set forth in the chart showing securities held by management and are deemed exempted transactions under section 4(2) of the Securities Act of 1933 as initial capital contributions. The first table summarized these transactions; the second table summarizes historical significant contributions to the prior Prime, LLC entity in 1998. The original Prime, LLC was formed in 1996 with minimum capitalization:

Item 28. Undertakings.

The undersigned registrant hereby undertakes: To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933. This includes:
 - a. For determining liability under the Securities Act, the issuer will treat each post-effective amendment as a new registration statement of the securities offered, and the offering of the securities at that time to be the initial bona fide offering.
 - b. The issuer will file a post-effective amendment to remove from registration any of the securities that remain unsold at the end of the offering.
- (ii) Reflect in the prospectus any facts or events which, individually or together, represent a fundamental change in the information in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the

82

Commission pursuant to Rule 424(b) (ss.230.424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
- (iv) To the extent this issuer requests acceleration of the effective date of the registration statement under Rule 461 under the Securities Act, it will include the following in the appropriate portion of the prospectus:

Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the "Act") may be permitted to directors, officers and controlling persons of the small business issuer pursuant to the foregoing provisions, or otherwise, the small business issuer has been advised that in the opinion of the Securities and

Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable.

In the event that a claim for indemnification against such liabilities (other than the payment by the small business issuer of expenses incurred or paid by a director, officer or controlling person of the small business issuer in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the small business issuer will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

83

SIGNATURES

In accordance with the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements of filing on Form SB-2 and authorized this registration statement to be signed on its behalf by the undersigned, in the City of Salt Lake, State of Utah on January 29, 2003.

RE: Opinion on Legality - Updated
SB-2 Registration Filing

Dear Prime Resource Board of Directors:

Our office has been asked by Mr. Terry Deru, your President, to prepare for the Board of Directors an opinion on the legality of the proposed Fourth Amended Registration to be filed with the Securities and Exchange Commission on Form SB-2. In response to that request, it is the opinion of our office that Prime Resource, inc. is a Utah corporation in good standing and is fully capable of completing and filing a Registration Statement on Form SB-2 with the Securities and Exchange Commission and otherwise registering such offering in various jurisdictions where the offering may be sold. It is also the opinion of the undersigned under Utah statutory and case law that all shares of Prime will, when sold, be legally issued, fully paid and non-assessable.

It is further understood and agreed between the undersigned and the Company that this letter will be required to be filed as an Exhibit to the Registration Statement. If you have any questions regarding this opinion, please contact the undersigned at your earliest convenience.

Sincerely,

/s/ Julian D. Jensen

Regence
Life and Health Insurance Company

Regence Life and Health
Insurance Company
Broker/Agent Agreement

THIS AGREEMENT is entered into by and between Regence Life and Health Insurance Company (the "Company"), an Oregon corporation, and affiliate of The Regence Group, and FRINGE BENEFIT ANALYSTS. LLC (the "Broker/Agent"), an insurance agent licensed in the State(s) of UTAH .

1. BROKER/AGENT APPOINTMENT. The Company hereby grants to the Broker/Agent a non-exclusive, revocable appointment to solicit and secure applications and renewals of the Company's group health, life and disability contracts. This appointment shall not limit or prohibit the Company from granting similar appointments to other agents, nor shall it limit or prohibit the Broker/Agent from accepting appointments from other companies.

Broker/Agent agrees to comply with all federal, state and municipal laws or regulations and to pay all taxes, contributions or other sums which may be levied or assessed upon or in connection with the commissions paid to the Broker/Agent by the Company.

The Broker/Agent will diligently solicit and secure applications for the Company's group health, life and disability plans and collect and promptly transmit to the Company all initial premiums on those applications.

2. LICENSURE. The Broker/Agent warrants that he/she is duly licensed by the State (s) of Utah. as an independent insurance Broker/Agent, that no license issued to the Broker/Agent for the sale of insurance, prepaid health care, or hospital or professional benefits has ever been revoked or suspended, and that the Broker/Agent has never been convicted of any crime involving moral turpitude or dishonesty. The Broker/Agent agrees to pay all applicable license fees and taxes.

3. RELATIONSHIP OF PARTIES. The Broker/Agent is not an employee of the Company and nothing contained in this Agreement shall be construed to create the relation of employer and employee between the Company and the Broker/Agent.

4. INDEMNITY/ERRORS AND OMISSIONS INSURANCE. The Broker/Agent agrees to indemnify and hold the Company harmless from any and all liability, loss, cost, damage or expense including attorney fees and costs arising out of or attributed to the Broker/Agent's violation of this Agreement or the Broker/Agent's failure to conform to the provisions of this Agreement.

The Broker/Agent shall obtain and maintain for the duration of this Agreement errors and omissions liability insurance with minimum policy limits of one million dollars. Broker/Agent will notify the Company immediately in the event of cancellation of such insurance and will request Broker/Agent's errors and

omissions liability insurer to notify the Company of any cancellation of Broker/Agent's errors and omissions policy to the Company upon request. Broker/Agent will provide a copy of the face sheet from the errors and omissions policy to the Company upon request.

5. COMMISSIONS. While this Agreement remains in effect, the Company shall pay the Broker/Agent commissions for all new and renewed contracts in accordance with the rates and terms set forth in the attached Commission Schedule(s). No commissions shall be paid to the Broker/Agent on any premiums received for a contract after the contract holder has notified the Company in writing that the Broker/Agent is no longer servicing that contract. If the Broker/Agent dies, the Company will pay his/her estate any accumulated commissions which were due at the time of death, less any debt the Broker/Agent owed to the Company. No commission will be paid on premium received by the Company after the Broker/Agent's death. Commission payments to the Broker/Agent shall terminate as of the effective date of termination of this Agreement.

6. COMMISSION ACCOUNTING. The Company agrees to make periodic accounting to the Broker/Agent of all commissions paid or payable to him/her since the most recent previous accounting. The Broker/Agent agrees that such accounting shall be conclusively deemed correct unless written objection thereto is delivered to the Company within ninety (90) days after such accounting is mailed to the Broker/Agent at the most recent address shown for him/her in the records of the Company, or delivered to him/her in person. The Broker/Agent shall immediately notify the Company of overpayments and of payments to which the Broker/Agent is not entitled and shall refund the erroneous payment to the Company or make arrangements for the erroneous payment to be charged against future commissions which might become due to the Broker/Agent. Nothing in this paragraph shall diminish or restrict the Company's right to recover overpayments or commissions paid in error.

7. ADVERTISING. The Broker/Agent is not permitted under this contract to advertise the Company in any form. No use of the name, logo, etc. is permitted by the Broker/Agent for the purpose of advertising the Company or its products.

8. RECORDS. The Broker/Agent shall maintain complete records of all transactions related to applications which the Broker/Agent receives or transmits and any other records required by law or regulation. Such records shall be accessible to the Company upon reasonable requests for the duration of this Agreement and for one year following termination of this Agreement.

2

9. RULES AND PROCEDURES. The Broker/Agent agrees to comply with all rules and regulations of the Company presently in effect and any additions or amendments made thereto from time to time. The Broker/Agent further agrees that he/she will make no representation regarding benefits to be provided by the Company except through written material furnished for that purpose by the Company. The Broker/Agent understands and agrees that he/she is not authorized to make any oral or written change in any form, application or contract furnished by the Company, or in premium rates quoted by the Company; to require the Company to quote rates on prospective policies; or to bind the Company in any way. Broker/Agent shall comply with the Company's Code of Business Conduct, a copy of which is available upon request.

10. LIMITATIONS. The Company reserves the right to reject or conditionally accept applications submitted by the Broker/Agent, to refuse to quote on prospective group contracts solicited by the Broker/Agent, and to refuse any group contract in force with the Company.

The Broker/Agent's authority to collect premium is limited to the initial premium from each applicant. The Broker/Agent is not authorized to accept on behalf of the Company any subsequent premium or other payment.

11. RIGHT TO DISCONTINUE OR CHANGE. The Broker/Agent understands and agrees that at all times the Company has the right to discontinue issuing any contract form, to change the rate or payment basis of the commission payable to the Broker/Agent on one or more contract forms, except that a change of commission rates will not take effect until notice of the change has been delivered to the Broker/Agent, and to discontinue offering any contract form for sale by the Broker/Agent upon immediate notice.

12. TERM AND TERMINATION. This Agreement shall become effective on the first of the month following that in which it has been signed by the Broker/Agent and by an authorized representative of the Company. It shall remain in effect until terminated by either party.

Either party may terminate this Agreement without cause upon ninety (90) days

written notice to the other party of intent to terminate. Either party may terminate this Agreement for cause upon thirty (30) days written notice unless such cause for termination is remedied within fifteen (15) days of receipt of such notice. This Agreement shall terminate automatically and without notice upon restriction, suspension, revocation or nullification of the Broker/Agent's license.

Termination shall not relieve either party of any obligation under this Agreement which arose prior to termination. Upon termination each party shall promptly pay any money owed to the other, and the Broker/Agent will promptly return to the Company all contract forms, property, records or other materials furnished by the Company.

13. MODIFICATION. The Company may amend or modify this Agreement and schedules or attachments hereto at anytime effective upon thirty (30) days advance written notice to the Broker/Agent. No amendments, modifications, or waiver of any provision shall be valid unless it is in writing and signed by an authorized representative of the Company.

14. ASSIGNMENT. Any voluntary or involuntary assignment of the Broker/Agent's interest under this Agreement, including the right to commissions, shall not be valid unless the Company has given prior, written consent to the assignment.

15. NOTICE. Any notice required to be given under this Agreement shall be satisfied if delivered in person or mailed, by first class mail to the Company at 100 S. W. Market Street, Portland, Oregon 97201, Attention: Broker/Agent Coordinator, Mail Station C-2-A. Notice shall be deemed communicated as of five (5) days after mailing. 16. GOVERNING LAW/SEVERABILITY. This Agreement shall be governed by the laws of the State of Oregon. The invalidity or unenforceability of any term or provision of this Agreement shall not affect the validity or enforceability of any other term or provision.

17. WAIVER. The failure of the Company to take advantage of any of its rights or privileges under this Agreement or its forbearance or neglect to cancel or terminate this Agreement in the event of the Broker/Agent's failure to comply with their provision hereof shall not constitute a waiver by the Company of any of its rights or privileges hereunder.

18. MERGER. This Agreement, including any valid attachments, schedules and amendments, constitutes the entire agreement between the Company and the Broker/Agent. Any prior agreement between Company and the Broker/Agent pertaining to the Plan shall have no further force or effect except that any obligation of either party to the other which arose under the prior contract shall continue to exist.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by the Broker/Agent and accepted by the Company as of 2nd day of November, 1998.
Appointed 11/5/98.

/s/ Scott E. Deru /s/ Brett R. Clay

Fringe Benefit Analysts Director of Finance

Corporate Name (if applicable) Title

Corporate Officer and Title Date
(if applicable)

Date

EXHIBIT 1. TERMS AND CONDITIONS (Continued)

ARTICLE I. OBLIGATIONS OF PRODUCER

1.1 Performance of Agreement Generally. Producer shall use its best efforts to solicit applications for the Altius Plan(s) designated on Exhibit 2 hereto from groups/employers/individuals within Altius' defined service area. In order to comply with applicable federal and state regulations, Producer will perform as set forth in this Agreement and as set forth in Altius administrative guidelines, bulletins, directives, manuals and the like, as Altius may publish from time to time, all of which are incorporated herein by reference. Producer agrees that in performing under this Agreement, Producer shall act in the best interests of Altius and its clients.

1.2 Producer Services. Producer will service Altius Plan members enrolled through applications submitted by Producer. Such service will include but not be limited to the following:

- (a) Acting as a liaison between the member and Altius if requested by Altius or the member including, but not limited to, the following: Assisting the member to take the proper action in connection with Altius coverage when there is a change of address, change in marital status or change in dependent status and assisting a family member/dependent to obtain coverage when he or she is no longer entitled to coverage as a family member, e.g., when a dependent child reaches the limiting age, or upon divorce.
(b) Maintaining a working and current knowledge of the Altius Plan(s) designated on Exhibit 2 and the ability to explain the benefits and/or coverage.

1.3 Licensure. Producer shall comply with all applicable licensing requirements required to transact its business and shall provide Altius with copies of its

license upon the signing of this Agreement and promptly upon each renewal of said license, thereafter. Producer shall promptly notify Altius of any expiration, termination, suspension or other action of the Department of Insurance or any other applicable regulatory/licensing body affecting the Producer's license or the licenses of Producer's principal persons or employees. Producer warrants that his/her license has not previously been subject to any suspension, termination or other disciplinary action by any government/regulatory authority and that Producer has never been convicted of a felony or a misdemeanor involving theft or misappropriation of monies.

1.4 Submission of Application for Coverage. Producer agrees to comply with all of the rules and regulations of Altius in regard to the completion and submission of applications and to make no representation with respect to the benefits of any Altius Plan or about Altius not in conformity with the material prepared and furnished to Producer for that purpose by Altius. Producer will not make any misleading or deceptive statement and will explain all relevant facts in dealing with prospective and current members and groups. Producer will use his/her best efforts to ensure that each application is fully and truthfully completed by the applicant and the completed application fully and accurately discloses the circumstances, including, where applicable, the health of persons for whom coverage is sought in the application. Producer further agrees to inform every applicant that Altius will rely upon these health representations in the underwriting process, and that tile subsequent discovery of material may result in the rescission or termination of any contract entered into by Altius, and that in no event will the applicant have any coverage unless it is reviewed and approved by Altius.

2

1.5 Limits of Authority. Producer is not authorized to, and agrees not to, enter into, alter, deliver, replace, rescind, or terminate any contract on behalf of Altius, nor to extend time for payment, make settlement, or refund membership premiums or any other charges or bind Altius in any way without the prior written approval of Altius. Producer further agrees that Altius reserves the right to reject any and all applications submitted by Producer.

1.6 Handling of Funds. If the Producer receives funds for an Altius applicant or customer, the funds shall be forwarded to Altius by the close of the next business day after receipt by the Producer or shall be deposited by the Producer into any federally insured trust fund with a financial institution located within the state, but shall be remitted Altius within five (5) business days after such funds are received by the Producer. Such funds shall be held by the Producer in a fiduciary capacity for Altius and shall at all times be segregated from the assets of the Producer.

The Producer authority to collect premium is limited to the initial premium from each applicant. The Producer is not authorized to accept on behalf of Altius any subsequent premium or other payment.

1.7 Maintenance of Records. Producer agrees to maintain complete records of all transactions pertaining to applications submitted to and accepted by Altius and its business relationship with Altius for a minimum of five (5) years or as required by any governmental entity or any law or regulation. Any and all records described above or as may otherwise relate to Producer's activities in connection with Altius shall be accessible and available to representatives of Altius who may review and/or audit them from time to time while this Agreement is in effect and for a period of one (1) year after the termination of this Agreement.

1.8 Limits on Com12ensation. Producer shall seek compensation for performing under this Agreement only from Altius and shall tinder no circumstances charge prospective or current members or groups any application, processing or other broker, analyst or consultant fee related to the performance of Producer's obligations hereunder. Producer shall under no circumstances attempt to collect from an Altius member any sums owed by Altius.

1.9 Insurance. Producer agrees to obtain and maintain in force errors and omissions insurance in an amount of not less than \$1,000,000 per occurrence and in the aggregate at Producer's own expense, or at a level deemed appropriate by Altius, and shall provide evidence of such coverage to Altius upon request.

Producer shall provide Altius with thirty (30) days prior written notice of cancellation of such insurance or of a reduction in coverage which does not meet the above minimum requirements, Failure to obtain and maintain this insurance satisfactory to Altius, shall be a material failure to comply with a provision of this Agreement and cause for immediate termination by Altius.

1.10 Modification of Programs. Notwithstanding any other provision in this Agreement, Producer agrees that Altius has the right to discontinue or modify, or exercise any and all lawful rights it has in connection with any Altius Plans or programs, without incurring any liability to Producer.

3

1.11 Indemnification. The Producer agrees to indemnify and hold harmless Altius from any and all liability, loss, cost, damage or expense including attorney fees and cost arising out of or attributable to the Producers violation of this agreement or the Producers failure to conform to the provision of this agreement.

1.12 Trade Secrets. Producer agrees to maintain the confidentiality of any trade secrets or proprietary information obtained or learned from Altius and not to use such trade secrets or proprietary information for its benefit or the benefit of others except as specifically authorized herein. Producer acknowledges and agrees that the leads, presentation manuals, training and recruiting videos, member lists and other lists which Altius may from time to time provide Producer, are confidential and proprietary to Altius. Producer's obligations under this paragraph shall survive termination of this Agreement.

1.13 Exercise of Authority. Producer shall not possess or exercise any authority on behalf of Altius other than that expressly conferred by this Agreement.

1.14 Non-Discrimination. Producer agrees to render the services contemplated herein without regard to race, sex, religion, creed, color, national origin or ancestry of any of Altius' potential or actual members.

1.15 Information Session. Producer will attend, at Producer's sole expense, at least one Altius sponsored producer information session each calendar year to be held in the county in which Producer resides.

1.16 Product Sales Limitation. Producer may sell only those products specifically authorized and designated on Exhibit 2 hereto. Producer is not authorized to solicit any other Altius products under this Agreement.

1.17 Delegation Restriction. Producer shall not delegate any agents to solicit applications for the Altius Plan(s) or to service Altius Plan members without tile prior express written consent of Altius.

1.18 Privacy clause -Non-disclosure of Nonpublic Personnel Financial and/or Health Information. Except as otherwise provided in this Agreement, the parties (and their respective officers, directors, employees, agents, successors and assigns) shall hold any and all nonpublic personal financial and or health information in the strictest confidence as a fiduciary, and shall not, voluntarily or involuntarily, use, sell, transfer, publish, disclose, display or otherwise make available to others any portion of nonpublic personal financial and or health information without the express written consent from Altius Health Plans.

1.19 Refund of Commissions. If this Agreement is terminated, per the provisions of the Agreement, then the Producer shall promptly refund any improperly paid commissions to Altius. The Producer shall be responsible for any collection, legal, or attorney's fees or expense incurred by Altius to collect any improperly paid commissions.

ARTICLE II. OBLIGATIONS OF ALTIUS

2.1 Commissions. Altius will pay Producer first year and renewal commissions on an Altius enrollment resulting from applications for the Altius Plan(s) that are obtained by Producer and accepted by Altius. Such commissions shall be based on the commission schedule(s) attached to this Agreement as Exhibit 3 and incorporated herein and shall be paid on membership premiums actually received by Altius for the enrollments produced by Producer. Payment shall be as set forth in this paragraph. Notwithstanding any other provision of this Agreement, Altius may modify or replace its commission schedule(s) on thirty (30) days prior written notice to Producer, and such modified or replacement schedule(s) shall apply to all enrollments effective following the effective date of such modification or replacement.

2.2 Renewal Commissions. Renewal commissions shall be payable to Producer by Altius, as provided under Section 2.3 hereof (i) as long as Altius retains the enrollment produced by Producer (such retention being at Altius' option); and (ii) as long as Altius has a valid broker of record letter naming Producer as the representative of the employer group, (iii) and so long as this Agreement is still in effect. In the event the employer group notifies Altius that it intends to discontinue or change its broker of record, Altius will cease its payment of commission, with or without notice to the Producer, as of the last day of the month in which Altius is notified by the employer group.

2.3 Payment of Commissions. Altius will pay Producer net compensation for all Producer's business due within thirty (30) days following the end of each calendar month based on membership premiums actually received, earned and reconciled by Altius during the calendar month for Producer generated business. If there is a return of membership premiums on Producer generated business, for any reason, Altius will charge back to Producer the amount of commission previously paid to Producer on the amount of returned membership premiums.

2.4 Loss of Commission. No further commissions shall be payable to Producer should this Agreement be terminated for cause pursuant to Section 3.3. Additionally, no further commissions shall be payable if:

a. Producer fails to immediately remit to Altius any funds received on behalf of Altius; or b. Producer shall be indebted to Altius for more than sixty (60) days; or c. Producer induces or attempts to induce any Altius member to give up Altius coverage or replace a Altius benefit agreement with coverage by any other company unless such change is clearly in the best interest of the Altius member; or d. Producer commits any act of fraud or dishonesty or breaches any contractual duty of this Agreement; or e. Producer fails to notify Altius of any change of Producer's address within 90 days.

2.5 Offset Against Commissions. Producer agrees that any indebtedness of Producer to Altius shall be a first lien against any commissions due Producer and may be offset and be deducted at Altius' option from commissions due to Producer.

2.6 Survival of Provisions. The provisions of this Article II shall survive the termination of this Agreement.

ARTICLE III. TERM AND TERMINATION

3.1 Term. This Agreement shall become effective on the effective date of the Utah Insurance Department Producer appointment with Altius set forth above, which shall be the first day of the following month in which it has been signed by the Producer and by an authorized representative of Altius, and shall continue in effect until terminated by either party as provided below.

3.2 Termination Without Cause. This Agreement may be terminated at any time by either party giving the other thirty (30) days prior written notice. The

effective date of termination shall be the first day of the month following the thirty (30) day notice. Such termination shall not impair Producer's right to receive commissions except as provided in this Agreement for the effective dates of this Agreement.

3.3 Termination For Cause. Notwithstanding the provisions of Section 3.2, Altius may terminate this Agreement immediately at any time for cause, by giving written notice to Producer. For purposes of this Agreement, such cause shall include, but not be limited to, the events described in Section 2.4 hereof. The right to terminate this Agreement for cause shall not be exclusive, but shall be cumulative with all other remedies available at law or in equity. In addition, this Agreement will be terminated automatically and without any required notice by Altius, in its sole discretion, if any of the following occurs: (i) if Producer is a corporation, the dissolution of the corporation; (ii) disqualification of Producer to do business under applicable law; or (iii) revocation or termination of Producer's license.

3.4 Obligation of Parties after Termination. Termination shall not relieve either party of any obligation under this Agreement which arose prior to termination. Upon termination each party shall promptly pay any money owed to the other, and the Producer will promptly return to Altius any all contract forms, property, records, or other materials furnished by Altius.

ARTICLE IV. GENERAL PROVISIONS

4.1 Independent Contractor Relationship. Producer agrees that in the performance of the work, duties and obligations of the parties hereunder, each party shall be deemed to be acting and performing as an independent contractor and nothing in this Agreement shall be construed or deemed a relationship of employer and employee, partnership, joint venture, or principal and agent, nor shall this Agreement be construed in any proceeding or for any purpose whatsoever so as to make the other party liable to any third person for the debts, faults or actions of the other.

6

4.2 Arbitration. Should any dispute arise between the parties over any provision of this Agreement or over any performance of this Agreement, the dispute shall be submitted to binding arbitration. This arbitration shall be conducted according to the rules of the American Arbitration Association, but need not necessarily be conducted by that organization. Each party shall initially equally contribute to the costs of arbitration. During the arbitration each party shall bear its own attorneys' fees. Upon award of the arbitrator, both the decision of the arbitrator and the award shall be final and the prevailing party shall be entitled to recover from the other party its share of the arbitration costs expended, and all costs, including attorneys' fees. In the event the arbitrator fails to render an award within ninety (90) days of submission of the matter for decision, or such longer times as the parties may stipulate, then either party may elect to have all further arbitration proceedings terminated and the matter submitted for judicial resolution. All reasonable costs and fees incurred during the arbitration shall then be awarded by the court to the prevailing party.

4.3 Non-Exclusive Arrangement. This is not an exclusive Agreement. Altius may use other persons and entities for the same or similar services as are being provided by Producer.

4.4 Assignability. The rights and obligations set forth in this Agreement may be assigned by Altius to an affiliate or other entity of Altius or Altius' parent corporation. The rights and obligations set forth in this Agreement may not be assigned by Producer without the prior written consent of Altius. Any attempted assignment not in compliance with this Section is void and cause for immediate termination by Altius.

4.5 Severability. If any provision of this Agreement is deemed to be invalid or Unenforceable by a court of competent jurisdiction or by arbitration, it shall be deemed severable from the remainder of the Agreement and shall not cause the invalidity or unenforceability of the remainder of the Agreement.

4.6 Enforcement. If any action at law or in equity is necessary to enforce or interpret the terms of the Agreement, the prevailing party shall be entitled to payment by the other party of reasonable attorney's fees, costs and necessary disbursement and expenses in addition to any other relief to which such party may be entitled.

4.7 Notice. Any and all notices required pursuant to the terms of this Agreement must be given by United States mail, postage pre-paid, return receipt requested at the following addresses:

If to Altius:
Altius Health Plans, Inc. -President
10421 South Jordan Gateway, Suite 400 South Jordan, UT 84095

If to Producer:
At the address set forth on the first page of this Agreement.

4.8 Governing Law. Altius and Producer shall comply with all laws and regulations applicable to their business, licenses and the transactions into which they have entered. This Agreement shall be governed by and construed in accordance with all applicable state and federal laws.

7

4.9 Waiver. The waiver by either party of any breach of this Agreement by the other party shall not constitute a continuing waiver or a waiver of any subsequent breach of the same or a different Section of this Agreement.

4.10 Amendment. Altius may amend this Agreement upon thirty (30) days prior written notice, but any such amendment shall not affect the Producer's rights in connection with business written with an effective date prior to the effective date of the amendment.

4.11 Use of Names and Trademarks. Altius and Producer each reserve the right to control the use of their names, symbols, trademarks, or other marks currently existing or later established. However, either party may use the other party's name, symbols, trademarks or other marks with prior written approval of the other party. Altius shall be allowed to use the name of Producer in its promotional activities and marketing campaign.

4.12 Use of Words. In this Agreement the words "shall" and "will" are used in the mandatory sense. Unless the context otherwise clearly requires, anyone gender includes all others, the singular includes the plural, and the plural includes the singular.

4.13 Entire Agreement. This Agreement constitutes the entire understanding between the parties. This Agreement shall supersede all prior written agreements, including amendments and addenda, and both Altius and Producer mutually agree that any prior agreements shall automatically terminate on the first day of the term of this Agreement. Any commission's payable by the terms of prior agreements shall not be impaired by the terms of this Agreement.

AGENT MARKETING AGREEMENT BETWEEN UNITED HEALTHCARE OF UTAH,
UNITED HEALTH AND LIFE INSURANCE COMPANY
AND

Fringe Benefit Analysts, LLC

(NAME or CORPORATION)

I

CORPRATE BROKERAGE AGREEMNT

THIS AGREEMENT, made as of this 1st day of November 1998, between United Healthcare of Utah ("HMO"), a health maintenance organization, and United Health and Life Insurance Company ("Insurance Company") (collectively known as "Plans"), and Fringe Benefit Analysts, LLC ("Broker").

WHEREAS, HMO is organized and operated as a health maintenance organization to arrange for the delivery of health care services to persons covered by HMO's group health benefit contracts; and

WHEREAS, Insurance Company is organized and operated as a life and health insurance company licensed in the State of Utah; and

WHEREAS, Broker is a duly licensed insurance broker qualified to solicit enrollment of persons in the group HMO enrollment, group health, disability, and life insurance offered by or through Plans; and

WHEREAS, Plans and Broker desire to contract with each other to arrange for Plans' group HMO benefit contracts and group health, disability, and life insurance to be offered to specified groups of individuals;

NOW, THEREFORE, in consideration of the premises and mutual covenants of this Agreement, Plans and Broker agree:

SECTION I DEFINTIONS. For the purposes of this Agreement:

- -----

"Broker" means the above-named individual broker/agency who:

1. is duly licensed pursuant to UTAH law;
2. is approved by Plans to solicit enrollments of Enrolling Units under this Agreement; and
3. has executed this Agreement with Plans to solicit enrollment of Enrolling Units under this Agreement; and
4. is Broker of Record for the Enrolling Unit .

"Benefit Contract" means the health, disability, and life benefit contracts and policies approved by Plans to be marketed and issued to Enrolling Units under this Agreement at premium rates established and approved by Plans.

"Broker Commissions" means the payments due Broker by Plans for the services performed by Broker under this Agreement for an Enrolling Unit. The Broker Commissions shall be calculated and paid as provided for in the Commission Schedule to the Brokerage Agreement, attached hereto and incorporated herein ("Appendix A").

"Contract Month" and "Contract Year" means the calendar month or year as determined from the effective date of the Enrolling Unit under a Benefit Contract.

"Defined Service Area" means the geographic area in which Broker may solicit enrollment of Enrolling Units under this Agreement and limited to the counties in which HMO and/or Insurance Company and Broker are licensed to operate.

"Enrolling Unit" means an employer group solicited under this Agreement which:

1. is located in the Defined Service Area;
2. has at least 5 employees eligible for group health benefits; and
3. is approved by Plans and accepted for enrollment under a Benefit Contract.

SECTION II. AUTHORITY OF BROKER.

A. Authority of Broker. Broker represents and warrants that it has the authority to contract on behalf of and bind the individual brokers employed by Broker. Broker shall cause individual brokers employed by it to comply with all the terms of this Agreement. Broker shall solicit enrollment of Enrolling Units under this Agreement. Plans may from time to time adjust the minimum Enrolling Unit Size it will accept for enrollment. Any such adjustment shall be communicated to Broker on a timely basis.

B. Responsibilities of Broker. Broker shall be responsible for completion of initial and ongoing training with Plans to assure compliance by Broker with Plans' marketing and enrollment policies. Such training shall include, but is not limited to, open enrollment training, sales call training, routine evaluation of Broker's performance under this Agreement and such other training as may be required by Plans from time to time. Broker shall have sole responsibility to compensate individual brokers employed by it for services provided in this Agreement. In the event of non-payment by Broker, no individual broker shall have recourse against Plans or Insurance Company.

SECTION III. SOLICITATION AND ENROLLMENT OF ENROLLING UNITS.

A. Solicitation of Enrolling Units. Broker shall use its best efforts to solicit enrollment of prospective Enrolling Units under this Agreement.

B. Proposals. Broker shall submit to prospective Enrolling Units proposal letters in a form and upon such terms as are approved in advance by Plans. No term of such proposal, including premium amounts, may be altered except upon the prior written approval of Plans.

C. Application for Enrollment. Broker shall accurately and completely record information required by Plans for enrollment of Enrolling Units under a Benefit Contract and shall comply with applicable policies and procedures as established by Plans from time to time.

D. Acceptance for Enrollment. Plans shall have the right to accept or reject any prospective Enrolling Units submitted for enrollment by Broker based on underwriting and enrollment policies established by Plans. In no event shall any prospective Enrolling Unit be eligible to receive health services under a Benefit Contract unless and until accepted by Plans with such effective date as determined by Plans.

3

E. Servicing of Enrolling Units. Broker shall be responsible for the delivery and explanation of initial administrative forms, such as billing and enrollment materials, and subsequent renewal forms, as approved in advance by Plans. Broker shall deliver the Benefit Contract with Enrolling Units for signature and return signed forms to Plans. Broker is also responsible for each renewal presentation, as approved in advance by Plans.

F. Compensation for Services Rendered. Broker shall be compensated for services rendered under this Agreement pursuant to Appendix A and shall be compensated only if the Broker continues to be recognized by the Enrolling Unit as the "Broker of Record."

G. Marketing Materials. Broker shall obtain from Plans, upon request by Broker, such marketing and enrollment materials as are necessary for solicitation of enrollment under this Agreement by Broker.

H. Use of Information. Broker shall not use any marketing materials or other information regarding Plans to the competitive advantage of any health benefits competitor of Plans. All such materials provided to Broker shall be immediately returned to Plans upon termination of this Agreement.

I. Records. Broker shall maintain records related to the enrollment of Enrolling Units by Broker and, Plans shall, upon reasonable notice and demand, have access during regular business hours to any records maintained by Broker relating to this Agreement.

SECTION IV TERMS AND CONDITIONS GOVERNING RELATIONSHIP BETWEEN PARTIES

A. Independent Contractors. Broker shall remain at all times an Independent contractor and not an employee of Plans. None of the provisions of this Agreement are intended to create, nor shall be deemed or construed to create,

any other relationship between the parties. No employee of Plans or Broker shall be construed or deemed to be an employee of the other party.

B. Indemnification and Hold Harmless by Broker. Broker shall defend, hold harmless and indemnify Plans against any and all claims, liabilities, damages or judgments, including reasonable attorney's fees, asserted against, imposed upon and/or Incurred by Plans that arise out of the acts or omissions, including negligence of Broker or other persons within Broker's control, in the discharge of his/her or their responsibilities under this Agreement.

C. Indemnification and Hold Harmless by Plans. Plans shall defend, hold harmless and indemnify Broker against any and all claims, liabilities, damages or judgments, including reasonable attorney's fees, asserted against, imposed upon and/or Incurred by Broker that arise out of the acts or omissions, including negligence of Plans or other persons within Plan's control, in the discharge of his/her or their responsibilities under this Agreement.

D. Liability Insurance. Broker shall procure and maintain, on behalf of Broker and individual brokers employed by Broker, errors and omissions and/or professional liability insurance with coverage satisfactory to Plans. Upon request by Plans, Broker shall provide evidence of such insurance coverage. Broker shall notify Plans in writing, to the attention of the Chief Executive Officer and President, as appropriate, within thirty (30) days prior notice of any material changes in the errors and omissions and/or professional liability coverage of Broker or individual brokers employed by Broker.

4

SECTION V RESOLUTION OF DISPUTES

A. Disputes. For the purposes of this section, "Dispute" means any dispute or claim between Plans and Broker arising out of or related to the interpretation or application of' this Agreement or breach thereof.

B. Negotiation and Arbitration of Disputes. Resolution of any Dispute shall be subject to good faith negotiation between all parties. The complaining party shall notify the other party in writing of such Dispute and the parties shall attempt to resolve the Dispute within ninety (90) days of the date such notice, or within such time as is mutually agreed upon by the parties in writing. In the event the Dispute is not resolved within such time period it shall be submitted in writing to arbitration by the originating party within fifteen (15) days of the termination of the negotiations as provided above pursuant to the Commercial Arbitration Rules of the American Arbitration Association, except that the arbitrator(s) shall be required, to issue written findings of fact and conclusions of law in conjunction with any award and the conclusions of law may be reviewed de novo if the award is challenged in a subsequent judicial proceeding. The provision shall survive termination of this Agreement.

SECTION VI. TERM, TERMINATION, AMENDMENT, ASSIGNMENT, ENTIRE AGREEMENT AND GOVERNING LAW.

A. Term. The term of this Agreement shall commence on the date first specified above and shall continue in effect through the remainder of the calendar year and for each calendar year thereafter until such time as this Agreement is terminated by either party as provided for in Section VI(B) hereof.

B. Termination. This Agreement may be terminated, with or without cause, by either party to this Agreement upon sixty (60) days written notice to the other party; provided, however, that termination of this Agreement shall be subject to the following provisions:

1. In the event this Agreement is terminated by Plans, without cause, or by Broker with or without cause, Plans shall pay Broker Commissions as provided in Section III of Appendix A until Broker is no longer Broker of Record with the Enrolling Unit

2. In the event this Agreement is terminated by Plans, with cause, no Broker Commissions shall be payable to Broker by Plans following date of termination. For the purposes of this Agreement "with cause" shall mean default by Broker under any material term of this agreement and failure to cure such default within forty-five (45) days after receipt of written notice from Plans specifying the precise nature of such default.

5

3. In the event Broker is no longer duly licensed pursuant to Utah law, Plans shall terminate this Agreement, and this shall be deemed termination "with cause." In addition, if Broker is suspended or disciplined by any state or federal regulatory authority; or is reprimanded in any way in connection with performance of his or her duties as an insurance broker, Plans reserve the right in its sole discretion, to terminate this Agreement. Such termination shall be deemed termination "with cause- under the terms of this Agreement. No Broker Commissions shall be payable to Broker by Plans following the date of such termination.

4. The determination of Contract Years for the purposes of calculating Broker Commissions, as specified in Appendix A, upon termination of this Agreement, shall not be affected by the termination of this Agreement and shall be determined from the effective date of the Enrolling Unit under a Benefit Contract.

C. Entire Agreement. This Agreement, including all appendices, constitutes the entire agreement between the parties, superseding all prior agreements, understanding and representations. No alteration of this Agreement or waiver of its provision shall be valid unless approved in writing in advance by Plans.

D. Amendment. Except as otherwise provided in Section III.A. of Appendix A, any amendment to this Agreement proposed by Plans at least sixty (60) days prior to the effective date of such amendment shall be deemed adopted unless this Agreement is earlier terminated as provided for in Section VI(B). Any amendment to Appendix A shall apply to Enrolling Units effective or renewed under a Benefit Contract on or after the effective date of such amendment.

E. Assignment. HMO and Insurance Company shall have the right to assign any or all of its rights and responsibilities under this Agreement to any entity that controls, is controlled or managed by, or is under common control with HMO or Insurance Company as appropriate. Broker shall not have me right to assign any or all of its rights and responsibilities under this Agreement.

6

In Witness Whereof, the parties have entered this Agreement to be duly executed as of the first date and year first written

7

COMMISSION SCHEDULES TO
THE BROKERAGE AGREEMENT

SECTION I. DEFINITIONS. For the purposes of this Appendix.

- -----
"Annual Contract Charges" means the Contract Charges collectible from an Enrolling Unit during each Contract Year. Such amount shall be the total premium amount collected from the Enrolling Unit for each Contract Year following its effective or renewal date.

"Contract Charges" means the total premium amount required of and collected from an Enrolling Unit for all health products or for all life, short-term disability, and accidental death and dismemberment products for coverage under Benefit Contracts.

"First Year Commission" means the Commissions due Broker for the first Contract Year of enrollment of the Enrolling Unit by Broker under this Agreement.

"Monthly Contract Charges" means the Contract Charges collectible from an Enrolling Unit during each Contract Month. Such amount shall be the premium amount collected from the Enrolling Unit for each Contract Month following its effective or renewal date.

"Renewal Commission" means the Commissions due Broker for the second and subsequent Contract Years of enrollment of the Enrolling Unit by Broker under this Agreement.

SECTION II. TERMS AND CONDITIONS.

- -----
A. Calculation of Commissions. Commission's payable to Broker pursuant to Section III hereof shall be calculated as a percentage of Monthly Contract Charges.

B. Timing of Payment of Broker Commissions. Commissions payable pursuant to Section III hereof shall be paid to Broker on a monthly basis no later than

sixty (60) days after the Enrolling Unit's Monthly Contract Charges which are due have been received by Plans.

C. Clerical Error. Plans shall make an appropriate adjustment in Broker Commission, as provided in this Appendix, upon discovery of a clerical error. This includes the Plans' right to collect reimbursement from Broker for any overpayment of Broker Commissions. However, no such adjustment in Broker Commissions shall be made beyond fifteen (15) months after the date Plans were notified of such clerical error. Plans may collect reimbursement for collection agency and legal fees if any, incurred by Plans to procure reimbursement.

SECTION III. BROKER COMMISSIONS PAYABLE

A. Broker Compensation. For Enrolling Units solicited by Broker and approved for enrollment by Plans during the term of this Agreement, Broker shall be compensated pursuant to the commission schedule in this Appendix as amended from time to time by Plans upon thirty (30) days written notice to Broker. Broker shall be compensated for an Enrolling Unit's first Contract Year and for subsequent Contract Years; provided, however, that no Broker Commission shall be due and payable in the event that this agreement is terminated with cause by Plans. No broker Commissions shall be due and payable in the event Broker is no longer the Broker of Record for the Enrolling Unit in accordance with the Plans Broker of Record policy. In the event this Agreement is terminated without cause, Broker Commissions shall be due and payable in accordance with Section VI.B. of this Agreement and with the schedules set forth below.

B. Maintenance of Payment of Contract Charges. For an Enrolling Unit to be included as an Enrolling Unit for purposes of determining the Broker Commission Level payable pursuant to Section III(A) of this Appendix, the Enrolling Unit must pay its Contract Charges on a timely basis.

C. Amount Payable. No amounts shall be payable hereunder in excess of any maximum prescribed by any applicable federal or state law, regulation, or ruling.

o Key Accounts market is defined as UnitedHealthcare groups with 51+ eligible employees assigned to Key Accounts.

o The employee counts will be derived from the medical plan only.

o The 2002 Key Accounts Bonus Plan is effective from February 1 2002 through and including January 1, 2003, unless terminated or otherwise modified by United Health care. This Bonus Plan is offered at the sole discretion of United Health care and can be terminated or modified by United Health care at any time and without notice. Any subsequent Bonus Plan is at the discretion of UnitedHealthcare.

o An existing United Health care Small Business case that becomes a United Health care Key Accounts case does not qualify for the new business bonus; however, it will be eligible for the persistency bonus.

o The maximum subscriber credit on anyone group, for either the new business or persistency bonus calculation will be 5,000 lives.

o To be eligible for a persistency bonus, the producer must sell the renewal for the case with a renewal date between January 1, 2002 and January 1, 2003, the case must be effective and the producer must continue to receive commissions as broker of record on January 1, 2003.

o Payouts earned under the 2002 Key Accounts Broker Bonus program will be paid during the 2nd quarter of 2003. To be eligible for the persistency bonus, producers must have three groups with 200 covered employees or more that renews during the calendar year and is participating in the current year's new business bonus program.

o The persistency bonus is based on the 1/1/2003 retention of subscribers associated with 1/1/2002 existing qualified accounts.

o Local agency offices in a single location are aggregated for purposes of qualification. Offices of the same partner in different locations are not aggregated for purposes of qualification. General agents selling wholesale insurance are not eligible for the plan.

o To be eligible for the new business bonus, the group must be a new case to UnitedHealthcare. Agent of record changes and group transfers from Uniprise do not qualify.

o Uniprise new business and existing accounts are excluded from this program. The account must be managed by UnitedHealthcare Key Accounts and be in the Key Accounts P&L. UnitedHealthcare reserves the right to make this determination.

o For dual or multiple broker arrangements, case credit for payment calculations will be apportioned based on the inforce commission split currently established on a case.

o This bonus plan applies to cases sold and serviced through a United Health care sales office only. It does not apply to any Uniprise business. Multiple United Health care sales office business cannot be combined for bonus qualification.

o The pay-out cap for anyone agent or agency is \$150,000.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed as of the date and year first written.

</TABLE>

SUMMARY OF THE OFFERING

The Company: Prime Resource, Inc. ("Prime") was incorporated in Utah on March 29, 2002. Prime Resource, Inc. is a successor entity to a Utah limited liability company known as Prime Resource, LLC, ("Prime LLC"). The principals of Prime remain the same as those in Prime LLC. Prime LLC was organized in June, 1996, but remained inactive until October, 1998 when it became a parent company for its two operating subsidiaries, Belsen Getty, LLC ("Belsen Getty") and Fringe Benefit Analysts, LLC ("Fringe Benefit"). These subsidiaries, in turn, are both Utah limited liability companies. Belsen Getty since 1990 has been engaged in corporate and personal financial consulting, business planning and related business and investment advisory services. Fringe Benefit since 1984 has been primarily a benefits consultant and a broker of group insurance products. The nature of these types of businesses and entities are further explained in the following paragraph. Prime, at the conclusion of this offering, would intend to operate the same business as its predecessor Prime LLC by acting as the parent and manager of its subsidiaries, Belsen Getty and Fringe Benefit, as a public entity. The purposes of this offering will be to sell up to 150,000 common shares to raise additional capital to expand and, hopefully, increase the revenues and profitability of the existing business operations as more particularly described in this offering. In the event of the maximum offering, the public shareholders purchasing in this offering would acquire approximately 5% of the to be issued and outstanding shares, or approximately 3.5% in the event of the minimum offering. In either event, the public shareholders acquiring through this offering will be substantial minority shareholders and will most likely never be in a position to exert any influence over the direction or control of Prime. Prime is presently a small operating company through its two subsidiaries. We anticipate maintaining our principal operations in Salt Lake City, Utah and will primarily provide our services in the Intermountain area of the United States.

Nature and Operation of Subsidiaries: As briefly noted above, Prime, which is the successor to Prime Resource, LLC, will not directly engage in any business activities with third parties, but will act only as a parent and management corporation to its two operating subsidiaries, Belsen Getty, LLC and Fringe Benefit Analysts, LLC. The "LLC" designation stands for Limited Liability Company. You should understand, as a prospective investor in this offering, that an LLC is a relatively new form of business entity created by statute in Utah and other jurisdictions whereby the company operates very much in the nature of a partnership with decisions being collectively made by its members (owners) and with day-to-day operations usually handled by a manager. There is limited liability to the members and the manager arising out of legitimate business activities. The earnings, if any, for this type of entity are not charged or taxed at the LLC level, but pass through to the owners known as members. In this case, the only owner is Prime, which will receive all net profits, if any, generated by Belsen Getty and Fringe Benefit Analysts. It should also be noted that limited liability companies, unlike the parent corporation,

are not perpetual entities but have a fixed term. In this case, the existence of the operating entities, Belsen Getty and Fringe Benefit, will terminate not later than December 31, 2021. If Prime is still successfully operating at the time of the expiration date of these entities, it would be intended that the assets and operations of such entities would be rolled over into a new LLC or other form of business entity. This contingency should not have a significant impact on the economic welfare of Prime. You should also understand, however, that you are not acquiring a direct interest in the operating subsidiaries but only in the parent company. Prime will direct and control the ownership and operation of the subsidiaries for and on behalf of the shareholders as the sole owner. By way of brief description, Belsen Getty is a business consulting and financial management company which provides investment management, financial planning, pension and retirement planning for various individual and business clients. In these capacities, it often provides investment advice. Belsen Getty has been in operation since 1990. Its

revenues are primarily fee based. Since 1984 Fringe Benefit has been primarily a business insurance broker of health, life, dental and disability insurance coverages. Both entities were originally organized as corporations and converted to the LLC form in 1998. Both concentrate their business activities in the state of Utah, though they have various clients throughout the western United States. The managers for the entities are Mr. Terry Deru for Belsen Getty and Mr. Scott Deru for Fringe Benefit .

The Offering:

Prime is attempting to sell a very limited number of its shares to the public as a self underwriting, without commissions. Up to 5% of the to be issued and outstanding shares in the company may be sold at an offering price of \$5.00/share. The maximum offering would be \$750,000 from the sale of 150,000 shares and the minimum offering would be the sale of 100,000 shares at \$5.00/share for \$500,000. We, Prime Management, will place the offering proceeds into a segregated subscription account for a period up to 180 days from the effective date of the offering (the date appearing on the prospectus cover). If the minimum offering is not fully subscribed by the end of that offering period, investors will be promptly returned their subscription without deduction or interest. Prime may elect to close the offering at any time after the minimum is sold within the offering term up to the maximum offering. There is no assurance or warranty that the company will be successful in the sale of its public shares.

Trading Market:

To date Prime has not obtained any trading symbol, nor have its shares been Symbol: approved or registered for trading. It is intended that we will, concurrently with this registration, apply through one or more broker/dealers for listing on the Electronic Bulletin Board, but can give no assurance or warranty that the shares will be qualified for trading on any over-the-counter market. In all events, there may be a very limited or non-existent public trading market for Prime's shares.

Summary
Financial Data:

The following summary financial data should be read in conjunction with, and is subject to, the complete Financial Statements, and notes, included elsewhere in this Prospectus. The operating data and the balance sheet data was derived from Prime's predecessor entity, Prime LLC's Financial Statements, included elsewhere in this Prospectus. These results do not necessarily indicate the results to be expected for any future period. THE COMPLETE FINANCIAL STATEMENTS, AS ATTACHED, INCLUDE PRO FORMA MATERIAL RELATED TO CERTAIN REORGANIZATION AND COMPENSATION EVENTS, AS WELL AS OPERATING IN THE CURRENT CORPORATE FORM.

RISK FACTORS

The following constitutes what we believe to be the most significant risk factors in this offering. No particular significance should be attached to the order in which the risk factors are listed: Certain forward-looking statements are based on our current expectations and are susceptible to a number of risks, uncertainties and other factors, and our actual results, performance and achievements may differ materially from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include the factors discussed in this section entitled "Risk Factors", as well as the following: development and operating costs, changing trends in customer tastes and demographic patterns, changes in business strategy or development plans, general economic, business and political conditions in the countries and territories in which we may operate, changes in, or failure to comply with, government regulations, including accounting standards, environmental laws and taxation requirements, costs and other effects of legal and administrative proceedings, impact of general economic conditions on consumer spending, and other risks and uncertainties referred to in this prospectus and in our other current and periodic filings with the Securities and

9

Exchange Commission, all of which are difficult or impossible to predict accurately and many of which are beyond our control.

1. Even if the Maximum Offering is Sold, the Existing Shareholders Will Continue to Control this Corporation for the Foreseeable Future and Thereby Control Management and be in a Position to Ultimately Direct All Corporate Decisions.

Even if the maximum offering is sold to the public, the present shareholders will continue to own approximately 95% of the shares; and, thereby, be in a position to make all corporate decisions. We have determined that Prime can adequately go forward with expanding its business by only offering a limited number of securities to the public. The offering range which has been prescribed by management is between 100,000 shares at \$5.00/share, for a minimum offering of \$500,000, to 150,000 shares for a maximum offering of \$750,000. If the company is successful in selling all shares in the maximum offering, the public would only own approximately 5% of the issued and outstanding shares and 3.5% in the event only the minimum offering is sold. As a result, it is not likely that investors in this offering will ever exercise any significant influence or control over the direction or operation of Prime as shareholders.

2. Future Majority Shareholder Stock Transactions Will Most Likely Cause a Decrease in the Trading Price of Your Stock in the Future Through Anticipated Public or Private Sales.

The existing shareholders have and will continue to own the vast majority of the outstanding shares, and any market transaction by them may have a significant adverse impact on any future market price of your shares by potentially depressing any market price as these large holdings are liquidated. The majority shareholders will continue, for the foreseeable future, to own almost all of the issued and outstanding shares, whether or not such shares are currently registered for sale. Each investor in this offering should understand that the majority shareholders, either pursuant to registration or the application of an exemption from registration in the future, will eventually be in a position to sell their shares if a public market is developed for the shares. In the event of such public market and subsequent transaction by the majority shareholders, the majority may significantly influence the price of the stock by selling even a small portion of their shares. This ability to adversely affect future stock prices by a small group of initial shareholders creates a significant market risk to anyone investing in this offering.

3. Limited Capital Places Prime at Risk of Not Meeting Intended Business Objectives or Maximizing Operations.

Prime will be marginally capitalized if this offering is closed; there also remains a question of whether there is sufficient capital being raised in this offering to finance the activities intended by Prime. If not, Prime may not meet its financial or growth objectives, or develop any value for its shares. There is a very limited amount of capital being generated, even if this offering is successful. As a result, even if closed, this offering may not generate sufficient revenues to Prime to allow it to adequately fund its intended activities. Moreover, alternative funding may not be available. Prime believes that the limited amount of capital being raised by this offering, \$500,000 to \$750,000 in gross proceeds, will help it expand the marketing and implementation

of its current business activities through its two subsidiary entities. However, each prospective investor must understand that \$500,000 to \$750,000 in gross proceeds is a relatively limited amount of capital to make any significant expansion or realize the subsidiaries' activities and the expected or anticipated results by management. Further, there is no assurance that Prime will be able to raise future capital to fund anticipated growth. A limited

10

capital base may not only cause the company to miss certain business opportunities, but may place the company at a competitive disadvantage to better capitalized companies.

4. There is no Present Public Market or any Assurance of a Public Market for our Shares; the Lack of a Public Market May Limit Your Capacity to Subsequently Sell Your Stock.

At the present time there is no public market for our shares and there is no assurance that any public market will be developed for these shares, which means you may have difficulty selling your shares in the future. Without a viable public market, shareholders may not be able to sell their shares in the future. The company does not have any trading markets for its shares and the mere completion or sale of shares pursuant to this Registration Statement will not insure that a public market will or can be developed for the trading of the company's shares. If we are not able to obtain an Electronic Bulletin Board Listing and develop a resulting public trading market for our shares, there may be limited liquidity of the shares, investors may be forced to hold such shares for an indefinite period of time and rely upon the uncertain prospects of private sales of their securities in order to have some type of exit strategy or liquidity. Even if a public market develops, there is no reasonable projection that can be made as to the price at which the shares may trade.

5. Dilution Means Your Shares Will Be Worth Less Than What You Pay For Them. There Will Be Substantial Dilution in This Offering.

Dilution is a concept which attempts to measure the difference between what a prospective shareholder will pay for the Prime shares as contrasted to the value of those shares measured by the net worth of the company at the time of purchase. Substantial dilution risk is anticipated to purchasers of Prime shares. Dilution constitutes a risk of investment because the shares purchased may immediately be worth substantially less on a net worth basis than what was paid for them. This dilution means that the actual value of your shares, based upon the net worth of the company, will likely be substantially lower than the \$5.00 share price you will pay to acquire these shares in this offering.

6. Because Management is Highly Concentrated in a Few Individuals, Any Change in Management May Cause the Company to Lose Revenues or Profits or to Operate Inefficiently or at a Loss.

There is a substantial risk to Prime and its shareholders if any member of present management does not continue their affiliation, as future principals may not have the particular knowledge and contacts to maintain or expand the present business activities or to run the company profitably or efficiently. You should understand that because the intended products and services are very unique and keyed to a relatively narrow market group, there are few individuals with interests, contacts or expertise who can take over and operate the present activities of the Prime subsidiaries. Should any member of management decide not to continue his affiliation, or be released by the company, Prime and its shareholders may be subject to diminished or lost revenues or profits. Further, there is only a three year employment contract between each member of management and Prime; and Prime is allowed to terminate any employee without cause or minimal notice.

7. The Probability That Our Shares May Be Designated as a Penny Stock May Cause You Additional Costs of Trading, Lower the Price of Your Stock or Limit the Potential Market For Your Stock.

As a condition to any subsequent listing for sale by a broker/dealer or if a trading market is established, and if Prime is initially listed or trades below \$5.00/share, it may become a penny stock which poses the risk of reduced tradeability to you as an investor and may lower the market price of your shares. The stock of Prime, if it is subsequently listed for trading or during

11

any subsequent trading, may be defined as a "penny stock", if traded below \$5.00/share. As a result, the shares of Prime may be subject to special regulations by the SEC and certain states known as "penny stock rules" which require additional screening and limitations on trading by individuals buying or selling certain defined speculative low price shares through a broker/dealer. These restrictions may lower the price or reduce the tradeability of your shares.

8. Your Management's Lack of Experience May Cause the Company to be Less Successful in Realizing Profit or Growth Potential.

Your management will have very little experience in the operation of a public company with a resulting risk they may not be able to comply with public reporting requirements or operate the company profitably or efficiently, without the hiring of outside experts. There is a risk in Prime arising from the fact that management is inexperienced in operating a public company and may have problems complying with the complex regulations for a public company or waste valuable resources in attempting to comply directly, or through the need to rely extensively on third parties. If these problems develop they could cause suspensions in trading, decreases in the stock price, or diminished or lost potential profits. You will be relying upon us to be able to manage a public company, complete the complex reporting requirements and to learn and discharge other responsibilities incident to the operation of a publicly held reporting company if this Offering is successfully closed. Your management believes that its limited inexperience should be considered as a potential risk factor.

9. As the Predecessor Entities to the Registrant Had Limited Revenue Growth and Net Losses, You May Consider This Fact an Indicator That Your Anticipated Return on Investment May be Limited or Non-existent.

There is an inherent risk factor in this offering to the extent that Prime has only had very limited revenue growth from the time of its initial business conception in 1985 to the present and experienced a net loss in calendar year 2001 and the first quarter of 2002. The risk is that if a company does not ultimately create earnings growth, there is little likelihood that its shares will maintain any market value. Each prospective investor in this offering should understand that one of the anticipated objectives of participating in a public company is to participate in a company which has significant future potential for revenue growth and resulting net earnings. In this particular offering, the historical record has shown a very modest amount of revenue growth by Prime from its inception and even less significant growth in net profits, with a loss in 2001 and 2002 to date. There remains a question of whether investment return can be maximized to investors in this offering unless the limited amount of proceeds being raised by this offering significantly contribute to an increase in revenues and net income which assumption must remain an open question until actual proceeds are expended and operating results are computed.

10. Because Prime is Anticipated to Operate Through Its Subsidiaries in Highly Regulated Fields, Government Regulation and Policies May Limit or Eliminate Future Potential Profits.

Each of the areas of financial services in which Prime participates is subject to significant governmental regulation and policy control. As a small company, government regulation may pose a burden of operating profitably or efficiently. For instance, the area of insurance sales is subject to greater than average government regulation of terms, pricing and persons who may engage in insurance sales. In like manner, the providing of investment advice by Belsen Getty requires particular licensing and reporting requirements. Each investor in this offering should be aware that the areas of financial and business planning, health and business insurance and other facets of the services in which Prime participates through its two operating subsidiaries are significantly controlled

12

by government regulation and policy. For instance, the sale of insurance and insurance agents are regulated by an insurance commission or other governmental agency on the state level. Additionally, the providing of investment advice and services is regulated on the federal and state level as investment advisory services. The change or modification of government regulation and policy in any of these or other related areas in which the company operates or the failure of any principal to maintain his status as a licensed professional may cause a future loss of earnings or earnings potential.

11. The Personal Contacts Usually Required in Prime's Type of Business May Limit the Growth of Prime as a Public Company.

There is a special risk factor in this offering in that the nature of the business products and services provided by Prime, through its operating subsidiaries, has historically been associated with personal contacts and relationships which may limit potential future growth of the company. A business upon which personal contacts and relationships are paramount may be limited in growth potential to the time available to those necessary to maintain such contacts. Moreover, a business based on personal expertise and contacts is always at great risk if key persons maintaining those contacts leave the business. Each investor in this offering should understand that much of the limited success of Prime to date revolves around and has arisen out of the personal expertise and contacts of its principal management personnel in meeting with and personally providing the services which the company extends to other business entities and individuals. There is no certainty that even with additional capital raised with this or any subsequent funding activities, Prime

will be able to create significant growth in this type of industry due to the requirement of the personal nature of such contacts and efforts to increase business activities. This consideration should remain as a significant risk factor to prospective investors.

12. Large Institutional Competitors May Cause Prime not to Realize Future Revenue Targets or Potential Profits.

Prime may come under price and marketing pressure from large institutional service companies providing essentially the same or related types of services or financial products at a lower cost due to economies of scale. Large competitors pose a special risk to a small company like Prime in a similar industry in that the larger competitor may offer and supply services or product at less expense and attract away necessary customers or engage in larger and more effective marketing. There appears to be a growing trend in financial and insurance services where large institutional companies such as national CPA firms, insurance companies, banks and brokerage firms provide various forms of financial planning and insurance services. There appears to be a significant risk factor in this offering to you that Prime, in the future, may not be able to compete effectively with such large institutional service companies who may provide financial and business planning and other related business planning or insurance on a lower cost basis than the company can afford to provide due to economies of scale and worldwide marketing abilities.

13. There is a Risk That a Future Controlling Shareholder May Be Subject to Extensive Regulation as a Control Person of an Investment Advisory Firm.

Belsen Getty, LLC, as a subsidiary of Prime, currently conducts business, in part, as an investment advisory firm. There is a risk that if in the future some new shareholder becomes a controlling shareholder of Prime, they may be required to license and be regulated under state and/or federal law as the controlling person of an investment advisory firm. A controlling shareholder would be a shareholder who exercises actual control over Prime, or may be deemed to exercise such control because of stock ownership (usually of 10% or more) or by being a principal officer or director. Registration as an investment advisor

13

would entail substantial regulation and filing requirements as a highly regulated profession. In addition, there may arise significant limitations on anyone required to be licensed as an investment advisor in their ability to hold and trade public securities. At the present time, Mr. Terry Deru and Mr. Andrew Limpert, as principals of Belsen Getty, LLC, are subject to licensing and regulation as investment advisors.

USE OF PROCEEDS

In this offering, Prime will receive gross offering proceeds, if the offering is closed, of either \$500,000 in the event of the minimum offering, or a maximum of \$750,000. The company reserves the right to close the offering during the offering term at any point between the minimum offering and the maximum offering. In the event the offering is closed as a minimum offering there would only be \$20,000 in working capital reserves allocated to Prime. All amounts raised over the minimum offering will be allocated to the working capital reserves of Prime. From the gross proceeds, the company will also deduct the estimated offering cost of approximately \$45,000 which are estimated to be allocated between audit and accounting work, legal services and for printing, filing fees and miscellaneous costs of the offering as estimated below.

In the minimum offering, as contrasted to the maximum, it is anticipated the working capital reserve to Prime would be reduced from \$270,000 to \$20,000 and there would be no acquisition fund. All additional investment proceeds received over the minimum offering will be applied to an increase in the working capital reserve fund of Prime. The primary purpose of the Prime working capital reserves are presently intended to create an acquisition fund for insurance agencies or their book of business to be acquired through Fringe Benefit.

From the anticipated net offering proceeds, Prime would employ the proceeds in three specific applications. In the event of the maximum offering, approximately \$370,000 would be used by Prime directly for additional management personnel, general administrative costs and working capital and acquisition reserves. Approximately \$250,000 of the working capital reserve allocated to Prime would be available for anticipated acquisitions by Fringe Benefit. Alternatively, some of these proceeds may be used to retain new agents, though there is no specific plan to so employ these funds. The balance of the proceeds would be allocated approximately \$220,000 to Fringe Benefit and \$115,000 to Belsen Getty to be specifically applied as set-out in the following estimated net proceed charts.

SPECIFICALLY, FUNDS HELD FOR ACQUISITION MAY BE USED IN DIFFERENT AREAS IF SUITABLE ACQUISITION OPPORTUNITIES ARE NOT FOUND WITHIN A REASONABLE PERIOD OF TIME. PRIME UNDERTAKES FOR THE PURPOSES OF THIS OFFERING TO EMPLOY SUCH RESERVES FOR ACQUISITION WITHIN EIGHTEEN MONTHS FROM THE CLOSE OF THE OFFERING. IF NOT USED FOR ACQUISITION WITHIN SUCH PERIOD, THE FUNDS WILL BE USED PRIMARILY TO ENHANCE MARKETING AND OPERATIONS, INCLUDING ANTICIPATED COMMISSION DRAWS TO NEW AGENTS, RECRUITING AND TRAINING OF NEW AGENTS, ADDITIONAL EMPLOYEES AS NEEDED AND SIMILAR PURPOSES; WITH A REASONABLE AMOUNT TO BE MAINTAINED AS A WORKING CAPITAL RESERVE. NO PROCEEDS WILL BE USED TO COMPENSATE EXISTING OFFICERS OR DIRECTORS IN ANY MANNER.

</TABLE>

(1) No proceeds of the offering will be employed to pay salaries or benefits to any current officer or employee; however, in the event the offering is closed, Prime will most likely hire some new employees.

(2) Management fees will not be used to compensate or augment amounts paid officers or directors, but may, directly or indirectly, be used to create incentive payments for employees or insurance agents and to expand the number of employees as necessary.

(3) Prime is maintaining a large working/acquisition capital reserve in the maximum offering in anticipation that Fringe Benefit will request to draw upon this reserve to fund its intended efforts to acquire other insurance brokerage companies or their book of business.

19

DETERMINATION OF OFFERING PRICE

The price at which the shares are to be sold in this offering have been arbitrarily set by the Board of Directors of Prime and does not attempt to reflect any valuation or evaluation of the company's net worth or future trading price, if any.

DILUTION

Dilution is a term which normally defines the reduction in value per share based upon book value which occurs to the investor in certain offerings compared to the purchase price of those shares. The net tangible book value of Prime Resource, Inc. (formerly Prime Resource, LLC) interest as of the attached Balance Sheet, dated September 30, 2002, was \$213,933 and is estimated to be \$0.08/share in the present corporate form.

If the maximum offering is sold, the net tangible book value would increase from approximately \$0.08/share to \$0.31/share or a \$0.23 per share increase as to existing shareholders as a result of this offering. In the minimum offering, the increase for existing shareholders would be from \$0.08/share to \$0.23/share or \$0.15 per share increase.

By way of specific illustration, an investor in this offering is paying \$5.00 per share. It is estimated that the net worth per share after the completion of the maximum offering will only be approximately \$0.31 per share. Therefore, each investor in this offering will suffer an immediate estimated dilution to his investment of \$4.69 per share or 94 % in the maximum offering; and \$4.77 per share or 95 % in the minimum offering. The computation of net worth per share after the offering is based on the equity as of September 30, 2002 before the offering, adding the proceeds of the offering (less estimated offering costs of \$50,000), and dividing this sum by the total number of shares after the offering. Dilution would generally be pro rated between the minimum and maximum offering if closed between those extremes. These dilution ranges are illustrated in the following graphical representations:

20

<TABLE>
<CAPTION>

	Maximum offering		Minimum Offering	
<S>	<C>	<C>	<C>	<C>
	Value Subscription	Value share after	Value Subscription	Value share
	\$5.00/share	offering	\$5.00/share	after
offering	100%	\$0.31/share (Rounded)	100%	\$ 0.23/share (Rounded)
		Dilution 94%		Dilution 95% \$4.77/Share

</TABLE>

In this offering dilution primarily arises because the original founders, who organized the corporation and the predecessor limited liability company, received shares or other ownership interests for intangible contributions to Prime which are difficult to value. As a result, there will not be a significant net worth per share prior to this offering and your cash subscription will, as a result, be "diluted" in value.

PLAN OF DISTRIBUTION

General

- -----

Prime does not intend to employ the services of any underwriter or other broker/dealer to place or sell its securities. Prime believes it can place the limited amount of securities being offered by this registration through the efforts of a member of its own management group, Mr. Andrew Limpert, who will not be paid any consideration, commission or other compensation for his selling and placement efforts. Consequently, no provisions for commissions have been provided for in this prospectus. Should management determine, at any time, that it is necessary to sell this offering through the use of commissions to an underwriter, management will reserve the right to amend this registration and prospectus to reflect any such commission arrangements and to continue with the offering in accordance with all other terms and provisions after amendment to the registration materials. In the unforeseen and unanticipated event that Prime determines it must employ an underwriter to complete this offering, such change would require the filing and review of a post effective amendment with the SEC and applicable state securities regulatory agencies prior to continuing selling efforts.

21

Issuer/Agent

It is presently anticipated that Mr. Andrew Limpert will be exclusively responsible for the efforts to sell the Prime shares in this offering to various business contacts and acquaintances through delivery of this prospectus. Any change in the issuer/agent will require a post effective amendment to the registration prior to continuing selling efforts. Mr. Limpert is currently acting as the Treasurer and a member of the Board of Directors. We cannot promise the offering will be sold, as Mr. Limpert will only engage in these efforts on a part-time basis. Obviously, there is an indirect benefit to management, as principal shareholders, if the shares are sold in this offering as the management shareholders would most likely realize an increase in the value of their shares after this offering and potentially an active market for their shares. Should any other member of management be qualified to act and in fact engages in selling efforts for Prime such fact will be supplementally disclosed to any prospective investor. In addition, any additional selling party for the issuer would require the filing and review of a post effective amendment with the SEC and corresponding state securities regulatory agency. There is no present intent or expectation that any other issuer/agent will be employed.

Mr. Limpert as an issuer agent is relying upon the exclusion from being required to qualify and license as a broker/dealer in his anticipated selling efforts, pursuant to SEC Rule 3(a) 4-1 under the Securities and Exchange Act of 1934. In essential terms, Prime and Mr. Limpert believe he satisfies the following tests of the Rule:

- 1) Mr. Limpert is not subject to a statutory disqualification to act as an issuer agent as such term is defined under Section 3(a) 4-1 of the Securities Act of 1934;
- 2) Mr. Limpert will not be compensated for his selling efforts in any manner, though he may be reimbursed direct selling costs paid out-of-pocket;
- 3) Mr. Limpert is not now and will not be at the time of his selling effort an associated person with any broker/dealer. Mr. Limpert has not been associated with a broker/dealer within the past 9 years.
- 4) Mr. Limpert will meet each of the following conditions:
 - (i) Mr. Limpert will continue to perform substantial duties for the issuer at the date of the offering;
 - (ii) Mr. Limpert has not acted as a selling agent within the preceding 12 months;

(iii) Mr. Limpert has not and will not engage in selling efforts for any issuer more than once every 12 months.

Mr. Limpert has been licensed on one prior occasion in Utah to act as an issuer/agent and will seek such designation in this offering. It is believed Mr. Limpert, or any subsequently designated management sales agent, in the

intended selling efforts of the Prime shares being registered will fully meet the safe harbor requirement of a non-broker issuer agent pursuant to Rule 3(a) 4-1 as set-out above. It is not anticipated that Prime will employ an issuer/agent other than Mr. Limpert. Any prospective investor wishing a copy of this rule or further explanation of the company's determination of compliance will be provided a copy and explanation prior to investing upon request to Prime.

22

In the unanticipated event that Prime determines it is necessary to hire and pay one or more independent broker/dealers to attempt to sell this offering, Prime will amend this registration statement and prospectus by a post-effective amendment to disclose all such underwriting terms. No broker/dealer will be allowed to engage in sales or solicitations until any such post-effective amendment becomes effective. Each prospective investor is also advised that prior to any involvement of any broker/dealer in the offering any broker/dealer would be required to clear the underwriting terms and compensation with the National Association of Securities Dealers, Corporate Finance Department.

Sales to Officers and Affiliates

Each officer, director or affiliated persons may purchase shares in this offering for cash at the offering price without restriction. There is no limitation on the number of securities which may be purchased by these affiliated persons. In like manner, there is no obligation or commitment by any officer, director or affiliate to purchase any shares in this offering. All securities purchased by any officer, director, or person able to direct or influence the company as a control person will not be freely tradeable, but will be subject to restrictions on resales, and must be purchased for investment purposes requiring a holding period.

Minimum Purchase

There is no minimum subscription requirement.

Estimated Costs of Offering

The costs of this offering are estimated at \$45,000, and include legal, accounting, filing or permit fees, printing and related distribution costs. These amounts are estimates but are believed reasonably accurate for the intended size of this offering. Funds paid for offering costs will limit the amount of net proceeds available for actual business purposes. See also Use of Proceeds Section.

Subscription Account

Proceeds of the offering, up to the minimum amount, will be placed in a segregated subscription account under control of Prime and will not be employed for any business purposes of the company until or unless the minimum offering is sold within the offering term of 180 days from the date appearing on the face of this prospectus. If the minimum offering is not fully sold and collected within such offering period, then the offering will be terminated and all proceeds will be promptly returned without deduction for costs or addition of any interest. Prime will obtain an address from each subscriber and will return all proceeds promptly upon the termination of the offering to that address. Any interest earned on the subscription account will be employed by Prime to pay for anticipated offering costs and return of subscription proceeds to investors.

In the event of the close of the minimum offering, Prime will employ any additional proceeds of this offering upon receipt without further utilizing the subscription account.

23

Closing Offering

Prime reserves the right to close the offering at any time within the offering term of 180 days whenever the minimum offering proceeds have been received in the subscription account, even if less than the maximum offering has been sold. Factors which may influence Prime's decision to close the offering would be the effort required to continue sales and the rate at which subscriptions were obtained up to the minimum offering. In all events, the

company will not sell more than the maximum offering and will close the offering

at any time that the maximum amount has been sold. The Use of Proceeds Section reflects Prime's best present estimate of the use of proceeds in the event of either the minimum or maximum offering amount being received. The offering will most likely be closed at some point between the minimum and maximum. Proceeds available for working capital reserves to Prime will be increased by each dollar raised over the minimum offering.

Initial Sales Jurisdiction

We intend this offering will be sold primarily to citizens of the State of Utah, based upon a coordination filing in that jurisdiction. Should Prime deem it appropriate, it may attempt to place its securities in one or more additional jurisdictions where the offered shares may be qualified or registered by coordination or similar rule or process. That is, Prime will be deemed to be qualified as a registered offering in those jurisdictions upon clearance of this registration with the SEC and a notice type filing in the appropriate state. If the offering is offered or sold in other jurisdictions, the offering must be registered or qualified under the applicable state law of that jurisdiction. Prime does not intend to register or qualify this offering in any other jurisdiction for sale unless such registration can primarily be achieved by coordination without the necessity of merit review or substantial additional disclosure requirements. However, should Prime elect to sell in any jurisdiction that imposes any additional disclosure requirements, they will be included in this offering as a supplemental disclosure.

No Trading Market

Prime has not secured a commitment to list or trade the securities being registered through any broker/dealer and there is no present assurance that a public market will exist for the securities, even in the event of a successful completion of this offering. Each prospective investor should consider the potential lack of a public market developing as a significant risk factor. Management will work to obtain the listing of the securities after or concurrently with this offering by one or more broker/dealers, but can give no warranty or assurance that they will be successful in such efforts.

No Registration Commitment

No shares of current management or original shareholders are being registered pursuant to this offering and no intent or obligation exists by Prime to currently register existing issued shares in any manner.

Penny Stock Limitations

Broker/dealer transactions in shares trading under \$5.00/share are generally subject to certain specific disclosure requirements and limitations on trading known commonly as the "Penny Stock Rules". While the penny stock rules are not believed applicable to the initial issuance of the shares subject to this issuer/agent registration and sale, there is a high probability such rule would apply to subsequent sales of Prime stock. The application of the penny stock rules may impair the tradeability or price at which your shares may subsequently be resold.

24

The following purports to be a general summary of the penny stock rules. However, any prospective investor may obtain a complete copy of the applicable rules from Prime upon request or from the SEC online, (Rules 15g-2 through 15g-6 of the Exchange Act).

The penny stock rules require a broker/dealer prior to a transaction in a penny stock, not otherwise exempt from the rules, to deliver a standardized risk disclosure document that provides information about penny stocks and the risks in the penny stock market. The broker/dealer also must provide the customer with current bid and offer quotations for the penny stock, the compensation of the broker/dealer and its salesperson in the transaction, as well as monthly account statements showing the market value of each penny stock held in the customer's account. In addition, the penny stock rules generally require that prior to a transaction in a penny stock, the broker/dealer make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written agreement to the transaction.

These disclosure requirements may have the effect of reducing the level of trading activity in the secondary market for a stock that becomes subject to the penny stock rules. Our shares may someday be subject to such penny stock rules and our shareholders may find it more difficult to sell their securities because of such rules.

LEGAL PROCEEDINGS

We are not aware of any pending or threatened legal proceedings or claims in which we are involved.

<TABLE>
<CAPTION>

DIRECTORS, EXECUTIVE OFFICERS, OR CONTROL PERSONS

NAME	POSITION	CURRENT TERM OF OFFICE
Mr. Terry Deru*	Director, CEO/ President/ Chairman of the Board	Appointed Director in Organizational Minutes-April, 2002. Will serve as a Director until first annual meeting, not yet set. Will serve as an officer pursuant to leave of the Board of Directors.
Mr. Scott Deru*	Director/V.P. Operations	Appointed Director in Organizational Minutes - April, 2002. Will serve as Director until first annual meeting, not yet set. Will serve as an officer pursuant to leave of the Board of Directors.
Mr. Andrew Limpert*	Director/Treasurer/Secretary/ CFO	Appointed Director in Organizational Minutes - April, 2002. Will serve as Director until first annual meeting, not yet set. Will serve as an officer pursuant to leave of the Board of Directors.

* Mr. Scott Deru and Mr. Terry Deru are brothers. Mr. Limpert was not an owner of Prime LLC, but acted as an advisor to Prime LLC and has become a shareholder of Prime Resource, Inc., the successor entity to Prime LLC.

MR. TERRY DERU - DIRECTOR , CEO/PRESIDENT, CHAIRMAN OF THE BOARD
Age:48

Mr. Deru is currently a consultant and manager with Belsen Getty LLC and an officer/director in Prime as outlined above. He also served Belsen Getty as an officer/director when operating as a predecessor corporation. Belsen Getty is a Salt Lake City, Utah based financial and retirement planning firm. The firm, or its predecessor, has been a licensed investment advisory firm with the SEC and Utah since 1984. Mr. Deru is a Certified Financial Planner and a Registered Financial Consultant. Mr. Deru has been with Belsen Getty or its predecessor since 1985. Since affiliation with Belsen Getty, he has served as a consultant and director from 1985 to 1998 and as a consultant from 1998 to the present. He has been the manager of Belsen Getty since July, 2000. Mr. Deru will continue his part-time affiliation with Belsen Getty while also acting as the part-time officer of Prime. The estimated allocation of services is set-out in the following table. Mr. Deru also acted as a part-time CEO for Kinship Systems, Inc., a small public company which is not presently active. Kinship abandoned its original marketing efforts of attempting to sell licensed accident reconstruction software in early 2002 and has subsequently acquired a resort management company as its wholly owned operating subsidiary. Mr. Deru resigned as an officer and director pursuant to this reorganization on November 14, 2002,

and he is no longer affiliated with that company. The company continues under a new name of Caribbean Clubs International, Inc. (CCI). Mr. Deru obtained a B.A. degree from the University of Utah in Salt Lake City, Utah, in finance in 1977 and an M.B.A. degree from that institution in 1979.

MR. SCOTT DERU - DIRECTOR, VICE-PRESIDENT OPERATIONS
Age: 42

Mr. Scott Deru has been employed full-time since 1982 as a principal officer of Fringe Benefit. Since 1998 he has been the manager and principal officer of Fringe Benefit, one of the current subsidiary operating companies of Prime. In this capacity, he has primarily been engaged in creating and selling life, health and other insurance products for business clients of Prime, LLC, now known as Prime, Inc. In addition to his full-time services to Fringe Benefit Analysts, LLC he worked as a director of insurance for Care of Utah, Inc.,

developing insurance programs, primarily for the health care industry from October, 1994 to July, 2000. Mr. Deru is a 1984 graduate of the University of Utah with a B.S. degree in finance from that institution. He is also a Registered Health Underwriter and a Registered Employee Benefit Consultant. He presently is also a licensed insurance consultant and agent within the state of Utah, and by reciprocity in other western states.

MR. ANDREW LIMPERT - DIRECTOR/SECRETARY/TREASURER/CFO

Age: 33

Mr. Limpert has been a financial and retirement planner associated with the Salt Lake based firm of Belsen Getty, LLC since 1998. He is licensed as a Registered Investment Advisor Representative, but he is not a Certified Financial Planner. As a licensed Investment Advisor, Mr. Limpert has completed licensing requirements and testing prescribed by the State of Utah. Mr. Limpert plans to continue his full-time employment with Belsen Getty. He will also serve as a director, treasurer, CFO and secretary for Prime. Prior to the foregoing positions, he worked with Prosource Software of Park City, Utah as a software sales agent from 1993 to 1998. Mr. Limpert is assisting Prime on a limited as needed basis. In 1998 Mr. Limpert served briefly as an interim outside director in a small public company, then known as Mt. Olympus Resources, Inc. Mr. Limpert resigned as part of a reorganization of Olympus in November, 1998. Mr. Limpert was also affiliated on a part-time as-needed basis with a small presently inactive company known as Kinship Systems, Inc. as a director and its treasurer/secretary and CFO/accounting officer. Due to the company's present inactivity, his time commitment and services to Kinship had been minimal. Mr. Limpert was appointed to these positions in February, 2000 as part of the initial organization. As noted above, Kinship acquired a new operating subsidiary and Mr. Limpert resigned as an officer and director effective November 14, 2002. He has no continuing affiliation with Kinship/CCI. Mr. Limpert also acts as a business and financial consultant to various small public and private companies. Mr. Limpert holds a B.S. degree in finance from the University of Utah in Salt Lake City, Utah in 1995 and an M.B.A. from Westminster College of Salt Lake City, Utah in 1998.

27

Estimated Allocation of Time and Services

- - - - -

The following table attempts to set-out the present estimated allocation of time to be devoted by the foregoing officers for Prime and each of the Prime related entities:

<TABLE>
<CAPTION>

NAME	PRIME	BELSEN GETTY	FRINGE BENEFIT
Mr. Terry Deru	20%	80%	0%
Mr. Scott Deru	10%	0%	90%
Mr. Andrew Limpert	20%	80%	0%

</TABLE>

Remuneration of Directors & Officers

- - - - -

Directors

- - - - -

No director will be provided remuneration for service in that capacity, but may be paid a stipend for attending meetings as future revenues may permit. It is anticipated Directors will receive \$500 per Board Meeting.

Officers

- - - - -

Historically, the present officers in Prime, except for Mr. Limpert, acted as working members of Prime, LLC from its inception in 1996. Mr. Limpert became a member in January, 2002. Prime LLC also had associated as a founding member Mr. William Campbell, whose interest in Prime LLC was bought out by Prime LLC in December, 2001 and transferred to Andrew Limpert in January, 2002 prior to the organization of Prime, Inc., as more particularly described under "Description of Business". Mr. Campbell has no further interest or affiliation with Prime or either of its subsidiaries. As previously indicated, Prime, LLC had as its wholly owned subsidiaries Belsen Getty, LLC and Fringe Benefit. Subsequently, Belsen Getty and Fringe Benefit became subsidiaries of Prime, Inc.

the successor entity. These subsidiaries, while subsidiaries of Prime, LLC, passed through, as limited liability companies, all of their net earnings or losses to Prime, LLC, which then distributes or attributes earnings or losses pro rata to the ownership interest. Prime will continue to receive these "pass throughs" and will pay salaries for all officers and employees of its subsidiaries, as well as general operating costs.

Under the present organization of the company, it will not be possible for Prime corporation to simply pass through earnings derived from its operating subsidiaries to owners. Alternatively, each of the principal officers, named above, served the company for the following annual base salary in 2002: Mr. Terry Deru \$240,000, Mr. Scott Deru \$240,000 and Mr. Andrew Limpert \$165,000. Additionally, Mr. Limpert's salary was increased to \$210,000 annually on October 1, 2002, effective in calendar year 2003. The terms of this compensation are more fully set-out in a set of Board Minutes and concurrently executed three year employment agreements. Mr. Terry Deru and Mr. Scott Deru will also primarily serve Prime by continuing to act as the managers of the subsidiaries. Mr. Andrew Limpert will devote most of his time commitment to responsibilities of Belsen Getty and be in charge of most day-to-day affairs of Prime. It is

anticipated Mr. Scott Deru and Mr. Terry Deru will serve full-time in their responsibilities with the subsidiaries and discharge responsibilities to Prime on an as-needed basis. This, and related compensation information, is set-out in tabular format at page 52 under Executive Compensation.

Each of the three principal officers serves Prime pursuant to a written employment agreement which is essentially identical in terms for each officer, except for the compensation provisions outlined above. The essential terms of the employment agreements provide as follows:

- (1) Each employment contract runs for three years from April 5, 2002;
- (2) There are no currently adopted benefits or stock rights, except 18 days of paid leave per year for each officer;
- (3) Prime may terminate the employment with or without cause. If termination is without cause, the employee is to receive a severance equal to three months pay. Otherwise, the employee is paid through the month the notice of termination is given. The employee has no right to terminate the agreement without cause.
- (4) The employment contract has standard provisions protecting proprietary rights and property of the company from being used by the employee or appropriated;
- (5) The employment agreement provides for the exclusive full-time service by each officer to Prime or one or more of its subsidiaries.

Each prospective investor may view a copy of the employment agreements prior to investing by viewing this registration statement online at the SEC filing site (www.sec.gov/edgar), or by requesting a copy from Prime.

 Shares Held By Management and Certain Security Holders

The following tables set forth the ownership, as of the date of this prospectus, of our common stock by each person known by us to be the beneficial owner of 5% or more of our outstanding common stock; by each of our directors; and by all executive officers and our directors as a group. To the best of our knowledge, all persons named below have sole voting and investment power with respect to such shares.

<TABLE>
 <CAPTION>

Title of Class	Name and Address of Owner	Current Shares Owned	Current Percentage of Outstanding (Rounded)	Percent of Total Common in the event Sold (Rounded) (1)	Max. Off.
<S>	<C>	<C>	<C>	<C>	
Common Stock	Terry Deru 99 Cove Lane Layton, Utah 84040	1,000,000	36%	34%	

anticipate that all earnings, if any, will be retained for development of our business. Any future dividends will be at the discretion of our Board of Directors and will depend upon, among other things, our future earnings, operating and financial condition, capital requirements, and other factors. There can be no assurance that any dividends on the common stock will be paid in the future.

Miscellaneous Rights and Provisions

Holders of common stock have no preemptive or other subscription rights, conversion rights, redemption or sinking fund provisions. In the event of our dissolution, whether voluntary or involuntary, each share of common stock is entitled to share proportionally in any assets available for distribution to holders of our equity after satisfaction of all liabilities and payment of the applicable liquidation preference and preference of any outstanding shares of preferred stock as may be created.

Shares Eligible For Future Sale

The 150,000 maximum shares of common stock to be registered by this offering will be freely tradable without restrictions under the Securities Act of 1933, except for any shares held by our "affiliates", which may be limited by the resale provisions of Rule 144 under the Securities Act of 1933.

Currently, all of the 2,800,000 issued and outstanding shares were issued on April 5, 2002 and would not be eligible for sale under Rule 144 as restricted stock until April 6, 2003, assuming the other requirements of Rule 144 are satisfied as generally described below.

In general under Rule 144, as currently in effect, any of our affiliates or other restricted shareholders after a one year holding period may be entitled to sell in the open market within any three-month period a number of shares of common stock that does not exceed the greater of (i) 1% of the then outstanding shares of our common stock, or (ii) the average weekly trading volume in the common stock during the four calendar weeks preceding such sale. Sales under Rule 144 are also affected by limitations on manner of sale, notice requirements, and availability of current public information about us.

Nonaffiliates who have held their restricted shares for one year may also be able to sell under the foregoing conditions. Nonaffiliates who have held their restricted shares for two years may be entitled to sell their shares under Rule 144 without regard to any of the above limitations, provided they have not

31

been affiliates for the three months preceding such sale. There are currently no nonaffiliated shareholders.

Further, Rule 144A as currently in effect, in general, permits unlimited resales of restricted securities of any issuer provided that the purchaser is an institution that owns and invests on a discretionary basis at least \$100 million in securities or is a registered broker-dealer that owns and invests \$10 million in securities. Rule 144A would allow our existing stockholders to sell their shares of common stock to such institutions and registered broker-dealers without regard to any volume or other restrictions. Unlike under Rule 144, restricted securities sold under Rule 144A to non-affiliates do not lose their status as restricted securities. It is not anticipated Rule 144A will have any application to this offering.

INTEREST OF EXPERTS AND COUNSEL

Our counsel, Julian D. Jensen, PC, has passed upon the legal status of the company and our capacity to engage in this Registration. The firm has no interest in Prime. Our auditors, Carver Hovey & Co. of Layton, Utah have opined upon the attached and incorporated audited financial statements. This firm has no interest in Prime and there are no material conflicts with the auditors.

DISCLOSURE OF COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES ACT VIOLATIONS

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to our directors, officers and controlling persons, we have been advised that in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities, other than the payment by us of expenses incurred or paid by our directors, officers or controlling persons in the successful defense of any action, suit or proceedings, is asserted by such director, officer, or

controlling person in connection with any securities being registered, we may, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issues.

ORGANIZATION OF THE COMPANY IN LAST FIVE YEARS

As previously noted, Prime Resource LLC was formed in 1996 and remained inactive until 1998 when it became the parent entity for Belsen Getty LLC and Fringe Benefit Analysts LLC. Prime continued to March 29, 2002 as a Utah limited liability company and operated exclusively through its two wholly owned subsidiary limited liability companies, Belsen Getty, LLC and Fringe Benefit Analysts, LLC. Prime converted to a corporate form of business on March 29th of 2002, largely in anticipation of the present public offering. Also, in 1998 Belsen Getty and Fringe Benefit converted from a corporate form to their present LLC form. As otherwise discussed in this Prospectus, the management of Prime Resource, Inc. will remain the same as its predecessor, Prime Resource, LLC,

32

though differently designated. The two operating subsidiaries will continue with their existing business activities and management as described in this Prospectus.

DESCRIPTION OF BUSINESS

General and Historical

Prime Resource, as a corporate entity, was filed in Utah on March 29, 2002; however, essentially the same business purpose were engaged in by its predecessor entity, Prime Resource, LLC, a Utah limited liability company as organized in 1996, but not active until the 1998 acquisition of its present subsidiaries; Belsen Getty and Fringe Benefit. Mr. Scott Deru acted as the manager for Prime LLC. From 1990 to 1998, Belsen Getty and Fringe Benefit collaborated as independent corporations. In 1998 Prime LLC became the parent and coordinating entity and the two operating companies also became wholly owned limited liability companies of Prime, LLC and changed their business structure from corporations to limited liability companies owned by Prime LLC.

As part of the 1998 reorganization, Mr. Scott Deru and Mr. Terry Deru each contributed their 50% ownership interest in Fringe Benefit to Prime, LLC. Mr. Terry Deru and Mr. William Campbell each contributed their 50% ownership interest in Belsen Getty to Prime, LLC and Mr. Don Deru, the father of Scott and Terry Deru, contributed capital. The resulting ownership percentages in Prime, LLC were Scott and Terry Deru at 36 1/2% each; Mr. William Campbell at 23% and Mr. Don Deru 4%. Prime, LLC was later dissolved of record in April, 2002 after transferring all assets to Prime, Inc.

Fringe Benefit was formed and licensed in November, 1984 in Utah as a general insurance agency. The company initially was formed and operated as a Utah corporation with Mr. Scott Deru as its president. It was jointly owned by Scott Deru and Terry Deru from inception. Fringe Benefit concentrated upon developing software to analyze employee benefits and writing insurance for business related purposes, such as key man life policies, group health plans and related insurance. Mr. Scott Deru and Mr. Terry Deru remained joint owners from 1984 to 1998 when their ownership was acquired by Prime, LLC.

From 1998 on Fringe Benefit Analysts started collaborating closely with Belsen Getty LLC, which was formed in 1998, to primarily engage in business consulting and financial planning. Belsen Getty was initially formed in 1990 as a corporation. Belsen Getty, which was and is engaged in advising firms in the formation of employee health, pension, stock option and related plans, frequently referred clients to Fringe Benefit Analysts when insurance funding was required. In like manner, Fringe Benefit Analysts would frequently refer insurance clients needing business planning to Belsen Getty. However, neither firm operates upon an exclusive basis as to these referrals.

Belsen Getty, Inc. was formed on November 9, 1990 by Mr. William Campbell and Mr. Terry Deru as a successor to a Nevada corporation. Mr. Terry Deru joined the firm in the summer of 1985 and purchased a 50% interest in Belsen Getty, Inc. of Nevada from Mr. Campbell. All interest in Belsen Getty, Inc. was transferred to Belsen Getty LLC in 1998 which was then exclusively

33

owned by Prime LLC. Mr. Terry Deru received a 36 1/2% interest in Prime and Mr. Campbell a 23% interest in Prime.

In order to take advantage of some economies of scale and to work more cohesively in cross-selling to the respective client base of Belsen Getty, Inc. and Fringe Benefit the foregoing reorganization occurred in 1998. Prime Resource, LLC (a LLC organized on June 27, 1996, but having no real business activity) was used as a holding company for the newly formed entities of Belsen Getty, LLC and Fringe Benefit. These subsidiary entities were formed on October 2, 1998 and became the successor firms for Belsen Getty, Inc. and Fringe Benefit, respectively, each being wholly owned by Prime Resource, LLC.

Mr. William Campbell became associated with Prime Resource LLC in 1998 resulting from a minimal cash contribution and his fifty per cent interest in Belsen Getty. He received a 23% interest in Prime LLC.

In January, 2002 Prime LLC purchased Mr. Campbell's interest in Prime for \$100,000. The prior Campbell interest was assigned to Andrew Limpert on January 10, 2002 in consideration for the acknowledgment of Limpert's advisory and organizational services which were valued at \$113,000. The 26 percent membership share of the Company issued to Mr. Limpert was accounted for as compensation expense and is included in "compensation and benefits" in the statement of operations for the quarter ended March 31, 2002. The value of the share of the Company issued to Mr. Limpert was based on what the Company was required to pay a former member, Mr. William Campbell, for his 23 percent share of the Company, in connection with the Company's termination and buy-out of Mr. Campbell effective January 1, 2002. Mr. Don Deru, the father of Scott and Tery Deru, held a 4% interest in Prime LLC since inception and exchanged his interest in Prime LLC for a 1.8% sharehold interest in Prime, Inc.

In March, 2002, Prime LLC decided to incorporate in Utah in anticipation of this offering and issued in April, 2002 to Mr. Limpert 750,000 shares of its common stock, (26% of the issued and outstanding) for his prior and continuing consulting services for and to Prime. The other stockholders are Mr. Terry Deru, 1,000,000 shares; Mr. Scott Deru, 1,000,000 shares; and Mr. Don Deru, 50,000 shares. Fringe Benefit and Belsen Getty continued under their existing structure as wholly owned subsidiaries of Prime, Inc. with Mr. Terry Deru continuing as the manager of Belsen Getty and Mr. Scott Deru for Fringe Benefit.

As limited liability companies, the historical revenues of Belsen Getty, LLC and Fringe Benefit have flowed through to its member and sole owner, Prime Resource, LLC. Within Prime the revenues, after payment of all operating costs and wages and allowance for working capital reserves, were divided between Mr. Scott Deru, Mr. Terry Deru and Mr. William Campbell, in accordance with their limited liability ownership percentage, through December 31, 2001.

It was determined, upon incorporation of Prime Resource, Inc., that this form of compensation and revenue transfer will no longer be feasible and that the corporation will need to retain and report its income, if any, after salaries, overhead and other expenses as retained earnings. Further, Prime, Inc. has now entered into an employment contract with its three principal officers, as generally described earlier under the outline of compensation and subsequently described under the Executive Compensation Section. In their

34

respective capacities, management will be paid a fixed salary. Prime, Inc. would then retain any net earnings for further business and expansion purposes.

Mr. Terry Deru, in addition to acting for Prime as its President and Chief Executive Officer, will also continue to act as the Manager and principal operator of Belsen Getty. Mr. Scott Deru will also devote a substantial majority of his time to the business affairs of Fringe Benefit and such other time as necessary as a corporate officer of Prime. It is anticipated that Mr. Terry Deru will then assume most of the day-to-day management responsibilities for Prime. Mr. Limpert will coordinate most governmental filings and reporting duties for Prime, as well as continuing with Belsen Getty as a consultant.

Over the past three years, Belsen Getty has contributed approximately 27% of the present revenues to Prime, LLC and Fringe Benefit has contributed the remaining 73% of net revenue to Prime, LLC. As noted above, Prime, LLC was dissolved in April, 2002 upon the transfer of assets to Prime, Inc. Prime, Inc., like its predecessor, Prime LLC, is not anticipated to generate any independent sources of revenue or income. All salaries and benefits in Belsen Getty and Fringe Benefit have been and will be paid directly by Prime.

Belsen Getty Business
- - - - -

Belsen Getty is a Utah financial management company offering investment advice, financial planning, pension and retirement planning and general business consulting and planning for firms or individuals who may participate to the extent they deem appropriate in any of these financial products and services. Belsen Getty was originally formed as a Nevada corporation in 1990. Belsen Getty

remained active until 1996, was a lapsed corporation continuing to conduct business from 1996 to 1998 when it was reorganized as a Utah limited liability company. Belsen Getty has continued to date as a Utah limited liability company. Belsen Getty manages assets primarily under a fee based management system. Belsen Getty uses sophisticated modeling software to complete its investment advisory aspects of its services to clients who wish it to manage their funds for various pension and retirement or other offered plans. In this capacity, Belsen Getty also acts as an investment advisory firm.

Belsen Getty also has expertise in providing consulting services for retirement planning, pension and general business financing and planning.

Belsen Getty offers to individuals retirement accounts, trust accounts, as well as creating 401(k) plans and other pension plans for corporate clients. These services may range from simple cash management to complex custom growth portfolio planning for wealthy individuals or businesses.

Belsen Getty markets through several mediums. First, the firm has a sophisticated database for tracking services to clients, prospects and business associates. This tracking assures each client and prospect are contacted monthly by mail and at least quarterly by phone or in person. Second, prospects that go into this tracking system are located in several ways, such as referrals from existing clients, referrals from other business associates and referrals from Fringe Benefit Analysts, as well as direct mailing and educational seminars. To a limited extent, the firm currently engages in prospect mailings and may

35

explore other media type advertising, depending upon the availability of proceeds from this offering.

Belsen Getty is currently managed by Mr. Terry Deru and has six full-time and one part-time employee.

Fringe Benefit Business - - - - -

Fringe Benefit is primarily a diversified independent insurance broker which provides various lines of insurance, such as health, life, dental, disability, etc., as needed by its clients to fund various business, as well as employee related programs and plans. Fringe Benefit also intends in the future to engage in recruiting independent agents, rolling up and acquiring existing health care insurance agencies and/or their book of business.

Fringe Benefit currently has seven full-time employees, one part-time employee and over twenty sub-agents who act as independent contractors in various insurance lines. Part of the proceeds being raised in this offering will be used to retain and recruit additional agents. Funding for anticipated future acquisitions will come from the anticipated acquisition reserves to be held by Prime. There are no present acquisition agreements, candidates, proposals or negotiations. Fringe Benefit has not historically, nor does it presently intend to engage in any acquisition of an insurance or other business from any related or affiliated party. Proceeds of this offering used for acquisitions will not be with any entity or person related to or affiliated with Prime or any member of its management.

Fringe Benefit is currently managed by Mr. Scott Deru, has 8 employees and approximately 20 agents.

Plan of Operation - - - - -

- o Acquisitions. In the event of the maximum offering, a substantial portion of net proceeds of the offering (approximately \$250,000 or 33%) would be available for acquisition by Fringe Benefit to acquire other insurance providers, or their policies and book of business. Those funds may also be employed, alternatively, for recruitment of existing agents, though there is no present intent or plan to employ these funds for recruitment.

At whatever level the offering is closed, the following programs intended to create revenue and income growth will be funded and implemented:

- o Enhancement of commission revenues. Management, primarily through the use of the Fringe Benefits Advantage Program, will attempt to encourage current subagents to write all their insurance through Fringe Benefit. Proceeds of the offering will be used to contact existing agents with relationship to explaining and demonstrating this program.

- o Growth of Core Business. Revenues will be expended to advertise and promote core business activities, including attracting new clients, soliciting more agents to employ the advantages of the Fringe Benefit Advantage

Program whereby administrative fees for various programs are waived if multiple programs are purchased through Fringe Benefit.

o Agent Recruiting. Management will use anticipated proceeds to recruit full-time agents and promote various advantages and economies which can be realized by agents being a full-time participant within a larger organization.

o Complementary Business Practices. Prime will attempt to advertise and promote the "complete package" approach of comprehensive business and employee plan planning coupled with affiliated competitive insurance funding by proposing a one stop approach to such services.

Principal Products

- - - - -

Fringe Benefit Analysts

- - - - -

The principal service products of Fringe Benefit are the sale and management of health and life insurance products to small and medium sized businesses. Fringe Benefit sells insurance programs and policies primarily offered by four major carriers: Altius Insurance (previously Pacific Health Care), United Health Care, Intermountain Health Care and Regence Blue Cross. Additionally, dental, long term care and disability insurance coverages are offered on a group basis. The fees are standard commissions as set by the providers themselves. A typical range for commissions in form of percentages would be 2%-20%. Copies of our contracts with these providers have been filed as exhibits to this registration.

The insurance policy providers require Prime to maintain in force a standard liability policy for errors and omissions for professional services. Prime is in compliance with this requirement and intends to remain current.

Each of the four principal supplier contracts essentially provide for Fringe Benefit to place prescribed health and other policies as group plans for a specified fee payable to the insurance policy supplier. Of this prescribed amount, Fringe Benefit is paid by the carriers a commission ranging from 2% to 20% depending on the policy placed. Each contract has an open termination date, except for cause. The United Healthcare contract provides for a 60 day termination notice without cause. The Altius Insurance contract (formerly Pacific Healthcare) provides for a 30 day notice period and the Intermountain Health Care provides for a one year notice period. Regence Blue Cross has a 90 day termination notice provision. The company reasonably believes, from its current operating experience, that the providers will continue on an indefinite basis to provide insurance policies under the contracts. No notice of termination has been received.

The primary markets for each of the above listed products are for small to medium sized companies located in the intermountain west. The size may vary from as few as 2 employees to companies with an employee base as large as 300 or more. The typical client will have between 10 to 100 employees. This is the primary niche that Fringe Benefit has focused upon.

Fringe Benefit Analysts Advantage Program

- - - - -

The Fringe Benefit Advantage Program (FBAA) has been recently developed to aid employers in their administration of fringe benefits. Fringe Benefit has exclusive rights to use the program in client retention and marketing by each of its principal product suppliers. FBAA allows an employer to electronically submit payroll data to a single administrator subcontracted by Fringe Benefit. That administrator then provides the following services:

(1) 125(c) administration including plan documents, complete ongoing accounting for each participant, forms, reimbursement to participants and tax form 5500, if necessary.

(2) COBRA administration for those employees COBRA eligible. Services include the mailing of all required notifications and the collection and disbursement of any premiums paid by COBRA eligible participants.

(3) HIPAA and State Continuation Notices are available via a website for employers requiring these notices to remain in compliance of the applicable laws.

(4) Qualified Plan Administration including plan documents, participant statements, record keeping, discrimination testing and tax form 5500.

These services simplify the administration process because the employer deals with a single source for these services and everything is web-based, allowing participants direct access to information, thus relieving the employer of the burden to act as an intermediary for forms and information. Generally these bundled services are provided at no cost to the employer under the program. Fringe Benefit pays for the services on behalf of the employer at a discounted rate due to the large volume of business directed to the administrator. Fringe Benefit receives no fee or other direct benefit from providing this service, but engages in the program for marketing purposes.

Belsen Getty
- -----

The principal products for the Belsen Getty subsidiary of Prime is that of Investment Advisory Services. The advisory services include the construction and management of financial portfolios for clients. Clients consist of pension and 401(k) plans for approximately 50 small to medium companies and approximately 300 individual clients. Financial planning and retirement modeling services are also offered as well as general financial management counseling for individuals and emerging companies.

The compensation for advisory services are derived on a fee basis. The fee ranges from 50 basis points to 125 basis points per year depending on the size of the portfolio being managed and the services provided. There are no commissions paid on investment products and the assets are held by third party custodians.

Belsen Getty is not associated with any broker/dealer and does not share brokerage commissions. On isolated occasions, Belsen Getty may earn insurance commissions, but these would be less than 3% per year of total revenues.

38

The markets Belsen Getty operates in are similar in scope to the niche discussed in the Fringe Benefit product section. Typically, pension and 401(k) plans for companies with employees of 10 to 200 are targeted. On the individual portion of the business families or persons having investable assets in excess of \$250,000 are the primary market for portfolio and financial management.

Competition
- -----

Fringe Benefit
- -----

Fringe Benefit is exposed to competition to the same degree and manner as most small independent insurance agencies in the relevant market writing primarily group health and related disability insurance and some "key man" life policies. Fringe Benefit perceives that it may receive some benefit from its referral relationship to Belsen Getty, but otherwise has no unique competitive advantage.

It appears to Fringe Benefit that there is a significant competitive advantage to larger insurance companies arising from apparent economies of scale which often allows them to provide similar products and services at lower costs or offer collateral advisory and planning services which Fringe Benefit cannot directly match. This competition from large insurance carriers should be considered a material risk factor.

Fringe Benefit is currently licensed as an insurance broker for its product lines in: Arizona, California, Colorado, Idaho, Nevada, Utah and Wyoming.

Belsen Getty
- -----

Belsen Getty does not believe there is any unique or particular competitive risks to the services it provides. Various large insurance and brokerage companies, accounting and law firms provide related planning and consulting services to individuals and businesses related to health, pension and profit sharing programs, as well as capital funding alternatives. There is perceived by Belsen Getty some competitive advantage to large competitors which, because of economies of scale, may be able to provide these care services at lower cost or provide free collateral services or products. Belsen Getty regards the planning and consulting divisions of major financial institutions such as Merrill Lynch, Morgan Stanley Dean Witter & Co. and other major broker/dealers providing financial planning services to be its primary competitors. There is also a growing trend for banks to also provide these services and products.

Major Customers or Providers
- -----

Fringe Benefit Analysts

Fringe Benefit does not have any customer accounting for over 4% of its revenues and is not believed to be dependent on any major client. It should be noted, however, that there are essentially four companies in the current operating area who supply almost all the insurance products as sold by Fringe Benefit. These companies are Intermountain Health Care through which Fringe Benefit derives approximately 38% of its insurance revenues by value, Regence

39

Blue Cross accounts for approximately 20%, Altius Insurance Company (formerly Pacific Health Care) accounts for approximately 11% and United Health Care accounts for approximately 11% of the Prime revenues by value.

Belsen Getty

Belsen Getty regards its client base as quite broad and diversified and does not believe it is unduly dependent or at risk in the reliance upon any major client or client group.

Number of Persons Employed By Prime

Prime currently has no full-time employees. Mr. Limpert acts as an advisor and Mr. Terry Deru as a part-time manager. The principal officers have made a projected allocation of their time to be devoted to Prime and the subsidiaries. It is intended that Mr. Terry Deru will primarily discharge the day-to-day affairs, and Mr. Andrew Limpert handle coordinating reporting requirements required by Prime, such as maintaining current on filings required under the Securities and Exchange Act of 1934, tax and other governmental filings, and other management responsibilities related to the operation of its two subsidiary companies.

Belsen Getty currently has six full-time employees and one part-time employee. Approximately four of these employees are engaged in general office management and supervisory roles while the remainder of the employees are primarily engaged in marketing, implementation and servicing of the various financial and business planning services and administration provided for individuals, corporations, and 401(k) and other pension plans by the company. Mr. Terry Deru acts as the General Manager for this limited liability company and also is the principal officer in charge of the supervision and operation of the investment advisory services provided by Belsen Getty. It is anticipated both Mr. Limpert and Mr. Terry Deru will devote the majority of their time and efforts to the Belsen Getty operations.

Fringe Benefit currently has seven full-time employees and one part-time employee and twenty sub-agents who act as independent insurance contractors and agents. Of these individuals, approximately four are primarily devoted to day-to-day management of the operations of Fringe Benefit and the balance of the employees are primarily engaged in providing the actual placement, supervision and administration of insurance policies and claims. Mr. Scott Deru acts as the General Manager for the limited liability company and is primarily in charge of the approval and issuance of policies, coordination with Belsen Getty and other general administrative services. Mr. Scott Deru acts as an assistant in these principal executive areas as an Assistant Manager. In the event of the successful completion of this offering, either as a minimum or maximum offering, Fringe Benefit would intend to expand the administrative staff by approximately one person and would intend to acquire an undetermined number of additional insurance sales agents. Mr. Scott Deru will be the principal officer in charge of Fringe Benefit and will devote almost all of his time to its operations.

All salaries and other expenditures in both Belsen Getty and Fringe Benefit entities are accrued and paid by Prime.

40

Government Regulation of Business and Approval of Products

The insurance products sold by Fringe Benefit are primarily subject to government regulation on a state level and to a lesser extent by federal regulation. In particular, Fringe Benefit must be licensed within the state of Utah as a licensed insurance company and its agents must be licensed as insurance sales persons. This licensure requires annual filings and reports to the state of Utah by Fringe Benefit. There are additional federal regulations on the sale and placement of insurance policies, but which are not believed to have direct application on the day-to-day business of Fringe Benefit in the sale of insurance policies and other related insurance products. The agents for Fringe Benefit are also required to participate in continuing professional education and to pay an annual license fee to continue to be licensed as registered insurance sales agents within the state of Utah. Fringe Benefit has been able to

sell insurance products in surrounding jurisdictions by provisions allowing the sale of insurance products by agents licensed in the state of Utah in adjacent jurisdictions who can license in surrounding states by reciprocity.

As part of the services provided by Belsen Getty, Mr. Terry Deru, is a Certified Financial Planner and a Registered Financial Consultant. These designations are not licensed, but there are continuing professional educational requirements. Mr. Andrew Limpert is a registered investment advisor within the state of Utah and is required to pay an annual fee and file reports related to this profession. Mr. Limpert is also a Registered Financial Consultant.

Other than the foregoing, particular licensing and registration requirements, Prime Resource, Inc. will be required to continue to file an annual corporate filing with the state of Utah to remain in good standing and may be required to make separate applications in various jurisdictions where it may do business in the future to be qualified as a foreign corporation. In the event of the successful completion of this registration statement, Prime Resource will also be required to file periodic reports with the Securities and Exchange Commission as to its accounting and business activities which are more particularly described below.

It is not generally believed that the foregoing regulations will have a substantial adverse affect upon the viability or potential financial success of the company.

Shared Employees - - - - -

Ms. Brenda Rogers acts as the Human Resource Director for both Belsen Getty and Fringe Benefit. She allocates her time approximately equally between the two entities. She is paid directly by Prime. Child Sullivan & Co., CPA's act as a Controller entity for both Belsen Getty and Fringe Benefit. They allocate approximately one-half of their services to each entity. They are paid directly by Prime.

Environmental Compliance - - - - -

Prime and its operating subsidiaries are not deemed to be engaged in business endeavors which have significant environmental impacts or implications. To the extent necessary, Prime and its subsidiaries will comply with any necessary and required environmental regulations, but are not presently aware of any environmental regulations which have directly impacted their business or require direct regulatory compliance.

Special Characteristics and Risk Factors - - - - -

As briefly noted under the Risk Factors Section, Prime will continue in the event of the close of this offering to be substantially owned by its existing management group. As a result of this ownership, those purchasing shares in the offering should not have any reasonable expectation that they will be in a position to influence the election of directors, direction of the company or implement policy decisions through their share position and voting power.

Further, the nature of financial planning and the collateral insurance services provided has historically been a direct contact business built substantially upon personal reputation and contacts. As a result, there will remain a risk that if the present management of the company does not continue their association with the company, that the company may not be able to continue to properly engage in its present business activities. Further, there remains a significant risk that even with the anticipated additional capital from this offering, this type of business may not be able to be expanded significantly through the infusion of capital due to the highly personal nature of the contacts required and the services to be provided.

Reports to Security Holders - - - - -

In the event of the successful completion of this offering, Prime believes that it will become a limited reporting company under the Securities and Exchange Act of 1934 (34' Act) and be required to register under the 34' Act as a 15(d) company. In this capacity, it will be required to file an annual report on Form 10-KSB discussing all of its management, business and accounting activities on an annual basis. The company currently functions on a calendar year basis. In addition to the annual report, Prime will also be required to file quarterly reports at the end of each quarter other than the final quarter of the year in which the annual report will be substituted for a quarterly report. These reports will be filed on form 10-QSB and discuss generally the unaudited accounting information for the company for the quarter and any material events or changes in business activities or management.

Because Prime is not believed to be required to become a 12(g) full reporting company for the foreseeable future, it will not be under an obligation to mail annual reports to shareholders; however, the present intended policy of the company is to disseminate such annual report related to any shareholder meeting. It should also be noted the company is not believed to be subject to the filing of formal proxy materials with the SEC as a 15(d) company. In the future, the company, whether or not it meets the requirements to require filing as a 12(g) full reporting company, may elect to become a full reporting company to complete various registrations on NASD sponsored over-the-counter markets, but which filings are not presently anticipated.

Any person may read and copy reports filed with the SEC at the SEC's public reference room at 450 Fifth Street, N.W., Washington, D.C. 20549. The public may obtain further information by calling the public reference room at 1-800-SEC-0330. The company also intends to continue its electronic file and each of the public reports filed by the company would be further available online at www.sec.gov.edgar. These reports will also be available from the company by shareholder request at any time as filed.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS

Overview

Prime Resource, LLC, ("Prime") was dissolved in April 2002 and its assets transferred to Prime Resource, Inc. Prime LLC, historically, operated as a Utah limited liability company and was the owner of Belsen Getty, LLC, (Belsen Getty), and Fringe Benefit Analysts, LLC, (Fringe Benefit). Prime, Inc. now continues in this same capacity. Belsen Getty provided investment management, financial planning and pension and retirement planning for various individual and business clients. Fringe Benefit primarily acts as an insurance broker of health, life, dental and disability insurance coverages. Belsen Getty and Fringe Benefit concentrate their business activities within the state of Utah, although both have a limited number of clients throughout the Western United States. During the two year period ended December 31, 2001, Prime did not engage in any other direct business activities in addition to those conducted through its two wholly owned subsidiaries.

On April 5, 2002 when Prime was substantially reorganized as a Utah corporation, each prior member exchanged membership interest in Prime for an agreed upon sharehold interest in the corporation. All of the attached and referenced annual accounting predates this reorganization. The subsidiary operating entities, Belsen Getty and Fringe Benefit, remain as wholly owned limited liability companies.

Consistent with its historical and ongoing legal structure, Prime's operating segments have been and will continue to be aligned based on the nature of the products and services offered through the operating subsidiaries. These segments include:

- * Asset Management - Belsen Getty
- * Insurance Products - Fringe Benefit
- * Other - Certain headquarters functions and income on company-wide savings and investments are included in "other".

Results of Operations

Year ended December 31, 2001 compared to the year ended December 31, 2000

Revenues

Prime's revenues, by reportable segment were as follows:

<TABLE>
<CAPTION>

Year Ended December 31st:

Segment	2001	2000
-----	----	----

<S>		<C>	<C>
Insurance Products(Commissions)		\$1,557,246	\$ 1,498,016
Asset Management (Advisory Fees)	\$	449,031	\$ 707,537
Interest and Dividends	\$	15,204	\$ 7,716
		-----	-----
	\$	2,021,481	\$ 2,213,269
		-----	-----

</TABLE>

Asset management revenues in 2001 decreased \$258,500, or 36.5 percent, compared to the prior year. The Company's revenues in the Asset Management segment are earned based on an agreed-upon percentage of the fair market value of investments under management and are calculated on a monthly basis. The average fee percentage on assets under management remained relatively consistent between the two years. Total financial advisory fees dropped in 2001 due to a substantial decrease in the average fair value of assets under management in the year 2001 versus 2000, caused by a general downturn in the value of marketable securities throughout the stock market. In addition, a former member of Prime's and manager in Belsen Getty was terminated near the end of December of 2000. Certain Belsen Getty clients serviced by the former manager followed him to his new firm resulting in a decrease of fee revenues in 2001 of approximately \$150,000.

Insurance product sales increased \$59,200 or 4.0 percent due primarily to insurance premium increases and the resultant commission increase.

Interest and dividends on a Company-wide basis was higher in 2001 due to larger amounts invested in marketable securities and cash equivalents in 2001, as compared to 2000.

44

Operating Expenses

- - - - -

Prime's operating expenses by reportable segment are as follows:

<TABLE>

<CAPTION>

Segment	Year ended December 31st	
	2001	2000
-----	----	----
<S>	<C>	<C>
Insurance Products (Commissions)	\$1,186,614	\$1,092,935
Asset Management (Advisory Fees)	816,310	836,449
Other	55,202	28,385
	-----	-----
Total	\$2,058,126	\$1,957,769
	-----	-----

</TABLE>

Insurance product operating expenses for the year 2001 increased \$93,679 or 8.6 percent, compared to the prior year due to increases in commissions paid and compensation and benefits totaling approximately \$57,900 and \$25,000, respectively. Commission expense increased in 2001 compared to the prior year due to premium inflation and the resultant commission increases, as well as the addition of new clients by outside agents.

Asset management operating expenses for the year 2001 decreased by \$20,139 or 2.4 percent, from the prior year due to decreases in wages and travel totaling approximately \$132,000 in connection with the termination of a former officer of Prime, partially offset by a one-time \$100,000 compensation settlement payment to the same officer accrued in the last quarter of 2001.

The other segment is comprised of certain headquarters functions, not directly related to the operations of Belsen Getty or Fringe Benefit. It also includes income on company-wide savings and investments. Other costs increased by \$26,817 or 94.5 percent due to legal and accounting costs of approximately \$21,000 incurred in 2001 as a result of Prime's registration with the SEC.

Net Income Loss

- - - - -

As a result of the foregoing factors Prime realized a net loss of \$36,645 in 2001 as contrasted to net income of \$255,000 in 2000.

Nine-month period ended September 30, 2002 compared to the nine-month period ended September 30, 2001

45

Revenues

Prime's revenues by reportable segment were as follows:

<TABLE>
<CAPTION>

Segment	Nine-months ended Sept. 30th		Percentage Change
	2002	2001	
Insurance Products (Commissions)	\$1,313,407	\$1,148,591	+14.3%
Asset Management (Advisory Fees)	397,397	417,399	-4.8%
Other	8,315	10,220	-18.6%
	\$1,719,119	\$1,576,210	

</TABLE>

Insurance product sales for the nine-months ended September 30, 2002 increased from the prior comparable period due to higher volumes in 2002.

Asset management revenues for the nine-months ended June 30, 2002 decreased marginally from the comparable prior nine-month period due to a one-time commission earned in the first quarter of 2001 in connection with transferring management of a large pension account to an outside financial institution. Asset management fees were also negatively effected by a general decrease in the value of the stock market.

Operating Expenses

Prime's operating expenses by reportable segment are as follows:

<TABLE>
<CAPTION>

Segment	Nine-months ended Sept. 30th	
	2002	2001
Insurance Products (Commissions)	\$ 969,466	\$ 848,288
Asset Management (Advisory Fees)	726,643	534,079
Other	128,194	75,521
Total	\$1,824,303	\$1,457,888

</TABLE>

Insurance products operating expenses for the nine months ended September 30, 2002 increased by \$121,178 or 14.3 percent, as compared to the prior nine month period, due to increases in commissions paid and other management compensation of approximately \$35,000 and \$105,000, respectively, offset by a slight decrease in general and administrative expenses. Commissions increased commensurate with increases in sales volumes. Compensation increased as a result of a general rise in management salaries and the addition of a new office manager and full-time receptionist.

Asset management expenses for the nine months ended September 30, 2002 increased by \$192,564 or 36 percent, from the prior comparable period, due to a \$120,000 increase in compensation and a \$66,000 increase in general administrative expenses. Compensation increased due to the issuance of a 26 percent ownership interest in Prime (valued at \$113,000) to an employee for advisory and organizational services rendered in connection with Prime's reorganization and registration with the SEC, and an increase in the base salary

of such employee.

Costs of the other segment increased by \$52,673 or 69.7 percent for the first three quarters of 2002 versus 2001, due to higher legal and accounting fees incurred in connection with Prime's reorganization and registration with the SEC.

Income Tax Expense

Although Prime realized a loss of \$105,184 for the nine-months ended September 30, 2002, Prime recognized income tax expense for the period resulting from pretax income for the six-months ended September 30, 2002, in connection with its conversion from a limited liability company to a taxable corporation effective April 4, 2002.

Net Income

The nine-month period ended September 30, 2002 resulted in a net loss of (\$119,405) compared to net income of 118,322 for comparable prior period. The loss in 2002 was primarily due to increased management salaries and other compensation and administrative costs related to the reorganization as described above. Further, the nine-month period ended September 30, 2001 was positively impacted by one-time fees generated from transfers of customer pension accounts to other outside financial institutions.

Three-month period ended September 30, 2002 compared to the three-month period ended September 30, 2001

Revenues

Prime's revenues by reportable segment were as follows:

<TABLE>
<CAPTION>

Segment -----	Three-months ended Sept. 30th -----		Percentage Change -----
	2002 ----	2001 ----	
<S>	<C>	<C>	<C>
Insurance Products (Commissions)	\$449,182	\$334,100	34.9%
Asset Management (Advisory Fees)	147,430	115,559	27.6%
Other	918	3,023	-69.6%
	-----	-----	
	\$597,530	\$452,682	

</TABLE>

Insurance product sales for the three-months ended September 30, 2002 increased from the prior comparable period due to higher volumes in 2002.

Asset management fees for the three-months ended September 30, 2002 increased from the prior comparable period due to increased brokerage fees resulting from placing new and existing customer accounts with an outside

financial institution, offset in part by lower ongoing fees in connection with a general reduction in the value of the stock market.

<TABLE>
<CAPTION>

Operating Expenses

Segment -----	Three months ended Sept. 30th -----	
	2002 ----	2001 ----

<S>	<C>	<C>
Insurance Products (Commissions)	\$366,502	\$321,622
Asset Management (Advisory Fees)	198,471	190,173
Other	50,047	25,024
	-----	-----
Total	\$615,020	\$536,819
	-----	-----

</TABLE>

Insurance products operating expenses for the third quarter of 2002 increased by \$44,880 or 14.0 percent, from the prior comparable quarter, primarily due to increases in commissions paid in the amount of \$34,000.

Asset management expenses for the third quarter of 2002 increased by \$8,298 or 4.4 percent due to increases in compensation and benefits of approximately \$33,000 stemming from the increase in the base salary of a key employee and recent new shareholder of Prime, offset by a general decrease in other administrative expenses.

Expenses of the other category increased in 2002 versus the prior comparable quarter due to an increase in legal and accounting costs associated with Prime's efforts to reorganize the company and its registration with the SEC.

Income Tax Expense
- -----

Prime recognized an income tax benefit for the third quarter of 2002, due to the pre-tax loss of \$17,490 recognized during the quarter.

Net Income
- -----

In the quarter ended September 30, 2002 Prime realized a net loss of \$11,910 compared to a net loss of \$84,137 for the same quarter in 2001. The 2002 net loss was lower due to increased revenues from both insurance product sales and asset management fees, as partially off-set by compensation and benefits expenses along with the first-time recognition of income tax expense.

Liquidity and Capital Resources
- -----

Historically, Prime's primary source of capital has been cash provided from operating activities. Net cash provided from operating activities totaled \$146,653 and \$238,977 for the years ended December 31, 2001 and 2000, respectively. Although Prime recognized a net loss in 2001, the net loss included noncash depreciation charges of \$42,744 and other noncash charges

48

totaling \$4,100. Cash flows from operations in 2001 were further enhanced by changes in other operating assets and liabilities, including receivables collected related to prior year revenues of approximately \$47,000, and net expenditures of \$97,300 accrued in 2001, yet paid in a subsequent period. Cash flows from operations in 2001 were also adjusted downward for noncash interest income on notes receivable from related parties totaling \$8,113.

Cash flows from operations for the year ended December 31, 2000 started with net income of \$255,500 but was increased by noncash depreciation of \$39,536, and decreased by \$88,300, primarily due to paying liabilities in fiscal 2000 for expenditures incurred in 1999.

Cash used in investing activities totaled \$205,656 and \$63,168 for the years ended December 31, 2001 and 2000, respectively. The increase in 2001, compared to 2000, related to loans to members totaling \$140,000, and investments in marketable securities totaling \$51,141. Cash was used in both 2001 (\$18,865) and 2000 (\$46,741) for the purchase of equipment and vehicles.

Cash used in financing activities totaled \$134,215 and \$199,332 in fiscal years 2001 and 2000, respectively. Cash used in financing activities was comprised primarily of member distributions, but also included \$17,600 in payments on a note payable to a member during fiscal year 2000.

Nine-month period ended September 30, 2002 compared to the nine-month period ended September 30, 2001
- -----

Prime used (\$25,290) and generated \$184,280 in cash from operations during the nine-month periods ended September 30, 2002 and 2001, respectively. Prime realized net income of \$188,322 for the first nine months of 2001 versus a net loss of (\$119,405) in the first nine months of 2002. Furthermore, cash used

in operations during the first nine-months of 2002 was negatively impacted by the settlement of wages paid to a former member in the amount of \$100,000.

Investing activities for the first nine months of 2002 generated \$138,164 in cash. However, investing activities for the first nine months of 2001 used (\$187,596) in cash. Sources of cash in 2002 included repayments on receivables from members totaling \$146,647 and proceeds from the sale of marketable securities in the amount of \$51,140. In addition, during 2001, Prime advanced \$140,000 to members. This use of cash in 2001 was partially offset by a \$20,000 repayment on a loan from a related party.

Prime generated \$3,647 in cash in financing activities during the first nine months of 2002, resulting from a one-time \$100,000 buy out of a former member, partially offset by repayments of loans to members totaling \$53,647 and bank borrowings totaling \$50,000.

Prime used \$101,216 in cash in financing activities in the first nine months of 2001 resulting from member distributions.

49

Balance Sheet Data

- - - - -

The following summarizes Prime's assets, liabilities, and members' equity as of September 30, 2002, December 31, 2001 and December 31, 2000:

<TABLE>
<CAPTION>

Assets	Sept. 30, 2002 (Unaudited)	December 31, 2001	December 31, 2000
<S>	<C>	<C>	<C>
Current assets	\$309,926	\$185,277	\$391,891
Property and equipment, net	151,178	131,283	167,216
Other	130,715	263,568	101,508
Total assets	591,819	580,128	660,615
Liabilities and Members Equity	Sept. 30, 2002 (Unaudited)	December 31, 2001	December 31, 2000
Current liabilities	239,555	345,226	147,512
Other liabilities	138,331	15,579	14,905
Members' & stockholders' equity	213,933	219,323	498,199
Total liabilities, members' & shareholders' equity	\$591,819	\$580,128	\$660,615

</TABLE>

Current assets as of December 31, 2001 decreased by \$206,700 or 52.7 percent from the balance at December 31, 2000. The decrease was primarily due to a reduction in cash of \$193,200 to pay for operations, settlement of a wage claim with a prior employee and advances to members of \$140,000; a decrease in accounts receivable of \$47,300 due to a change in the Company's billing process for investment advisory services, whereby such services were billed in arrears during 2000, versus in advance as in 2001; partially offset by an increase in marketable securities in 2001 totaling \$50,100.

Current assets increased between September 30, 2002 and December 31, 2001 by \$124,649 or 67.3 percent. The increase in current assets was primarily due to an increase in cash of \$116,521 resulting from collections on receivables from members.

Net property and equipment decreased primarily due to routine

depreciation and disposals, offset by purchases of equipment.

Other assets increased between December 31, 2001 and 2000 by \$162,100 or 160 percent due to advances to members in 2001. The decrease between September 30, 2002 and December 31, 2001 resulted from repayments of such advances during the first quarter of 2002.

Current liabilities increased between December 31, 2001 and 2000 by \$197,714 or 134 percent due to obligations stemming from a settlement with a former member in connection with Prime's buy-out of the former member's share of the Company. Such liabilities subsequently decreased between September 30, 2002 and December 31, 2001 as Prime paid the obligations during the first quarter of 2002.

50

The Offering

Prime does not believe it would need to complete this public offering to continue to meet its liquidity needs, based on the historical level of operations of Prime. However, management does not believe there is sufficient net revenues to fund meaningful growth in Prime. If successful with the offering of stock in connection with this registration statement, Prime intends to use the proceeds of the offering for the expansion of its business facilities and short-term marketing efforts as generally outlined in this offering. See Use of Proceeds.

It is possible that the anticipated proceeds of this offering will not be sufficient to support any significant increase in revenues or income to Prime, in which event, future valuation of shares purchased by investors in this offering may not be enhanced. Each prospective investor should consider the possibility that revenues may not be significantly increased by the capital from this offering. See discussion of Risk Factors and Use of Proceeds.

Market Risks and Management Policies

Management is not aware of any particular market risk factors related to the Company's products and services, such as any specific environmental risks or other governmental regulation. Further, at the present time, Prime does not have any foreign market or currency exposure. Fringe Benefit is subject to continuing regulations as an insurance agency where it operates and certain principals of Belsen Getty are subject to regulation as investment advisors and licensed financial planners.

Prime has historically had a policy of lending funds to owners and employees which may have a future adverse impact on capital or liquidity to the extent it may lower funds available for working capital, or a loss of capital in the event of default. To date no related party loan has defaulted and the company has earned what it believes to be reasonable market interest on all such loans. Loans to management will now be prohibited under the Sarbanes-Oxley Act in public companies. See "Related Party Transactions".

New Accounting Pronouncements

- -----

In June, 2001, the Financial Accounting Standards Board (FASB) issued Statement No. 141 (FAS 141), Business Combinations, and Statement No. 142 (FAS 142), Goodwill and Other Intangible Assets.

FAS 141, effective June 30, 2001, required that all business combinations initiated after June 30, 2001 be accounted for under the purchase method of accounting; the use of the pooling-of-interests method of accounting is eliminated. FAS 141 also establishes how the purchase method is applied for business combinations completed after June 30, 2001. This guidance is similar to previous generally accepted accounting principles (GAAP); however, FAS 141 establishes additional disclosure requirements for transactions occurring after the effective date.

FAS 142 eliminates amortization of goodwill associated with business combinations completed after June 30, 2001. During the transition period from July 1, 2001 through December 31, 2001, goodwill associated with business combinations completed prior to July 1, 2001 continued to be amortized through the income statement. Effective January 1, 2002, goodwill amortization expense ceased and goodwill will be assessed for impairment at least annually at the

51

reporting unit level by applying a fair-value-based test. FAS 142 also provides additional guidance on acquired intangibles that should be separately recognized and amortized, which could result in the recognition of additional intangible assets, as compared with previous GAAP.

Prime has no business combinations prior to the issuance of FAS 141 or FAS 142, which resulted in the recognition of goodwill, accordingly, neither of these statements will have an effect on the current financial statements of the Company.

There are other new accounting standards (such as FAS 143 on Accounting For Asset Retirement Obligations; and FAS 144 on Account for Impairment or Disposal of Long Lived Assets) which do not have present applications, but may be important to the Company's future operations and accounting.

DESCRIPTION OF PROPERTY

Prime and its operating subsidiaries previously leased commercial space for their operations at 22 East First South, 4th Floor, Salt Lake City, Utah from Brownstone Associates LLC to August, 2002. Scott Deru and Terry Deru were prior owners in Brownstone Associates through December 31, 2001 along with Mr. William Campbell, who was a prior owner in Prime LLC. This lease was terminated by mutual agreement in August, 2002 as part of the buy-out of Mr. Campbell's interest in Belsen Getty without any penalty or continuing obligation by Prime or any affiliated party. Prime simply paid rent through the month of termination. Prime now considers its current lease, described below, to be with a fully unrelated party. Mr. Campbell continues as the principal owner of Brownstone, but has no ownership or affiliation with Prime.

Prime, or its subsidiaries, leased approximately 2,800 square feet in the Brownstone until August, 2002. The prior gross monthly lease payment was \$3,976 per month. The lease was terminated by notice without penalty, effective August 16, 2002.

Commencing August 16, 2002 Prime and its subsidiaries leased space in the Brickyard Tower in Salt Lake City, Utah. The exact address is 1245 East Brickyard Road, Suite 590, Salt Lake City, Utah 84106. This is a five year lease with a base rental amount of \$4,588.58 per month. The company will occupy approximately 3,239 square feet.

Belsen Getty's current office space in the Brickyard Tower consists of two conference rooms, a reception area, four individual offices, a large area with six cubicles, a workroom, file room and kitchen area.

Total current monthly direct costs of operating the present physical facilities, which includes rent, utilities and other overhead expenses, is approximately \$4,588.58 per month.

52

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

o To date none of the management has had any independent determination of the reasonableness or amounts of compensation or benefits, such as shares issued to management or salaries, and it is not likely there will be any independent review of such matters in the future as the management, the Board and the principal owners are substantially the same persons.

o The Company has historically made and received loans and advances from owners and employees without independent Board review. As of the end of calendar year 2002, there was approximately \$74,074.12 principal and interest owed to Prime by Andrew Limpert under a demand note at 4.86% APR. The principal balance was \$69,658.28 with accrued interest of \$4,415.84. Mr. Scott Deru and Mr. Terry Deru have, as of December 31, 2002, outstanding loans owing to Prime of \$70,000 each due March 30, 2004 with interest at 4.86%; but these loans are off-set by two loans made to Prime by the Derus each for \$100,000 due March 4, 2005 at 5% APR, totaling \$200,000. The net effect, as reflected in the accounting records, is an outstanding loan balance of principal and interest of \$27,851.06 each owed to Scott Deru and Terry Deru by Prime as of December 31, 2002. Under the provisions of the recent Sarbanes-Oxley Act, Prime has discontinued, as a prospective public company, any further loans to officers, directors or employees. It is anticipated, though not warranted, that these note obligations will all be substantially or fully discharged in 2003.

o The prior lease arrangement which terminated August, 2002 was entered by Prime with a previously affiliated party, Mr. William Campbell, as well as Mr. Terry Deru and Mr. Scott Deru and could not thereby be considered arms length. The terms of this lease are discussed commencing at page 50 of this Prospectus under Description of Property. There remains no obligation under such lease.

o Each of the principal officers of Prime have received shares and interest in Prime based primarily upon the contribution of their prior intangible business interest in Prime LLC and other intangible assets which are not capable of exact evaluation. As a result, each of the present principal owners of Prime may be deemed to hold shares and interest in the company which

were not determined through any arm's length transaction or independent determination of value.

o Messrs. Terry Deru, Scott Deru and Andrew Limpert would be considered founders and promoters of the current Prime Resource, Inc. As such, Scott Deru contributed his interest in the prior Prime LLC for his approximate 36% stock interest in Prime; Terry Deru has contributed his interest in Prime LLC for an approximate 36% stock interest; and Mr. Limpert has contributed his interest in Prime LLC for an approximate 27% stock interest in Prime. None of these transfers by the promoters can be considered independent or arms-length transactions.

53

o The company is not aware of any further transactions which would require disclosure under this section by the company and any affiliated party.

MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

Market Information

Our common stock is not traded on any exchange. We plan to seek a listing on the Electronic Bulletin Board, OTCBB, or the successor BBX listing, once our registration statement has become effective. We cannot guarantee that we will obtain a listing. There is no trading activity in our securities, and there can be no assurance that a regular trading market for our common stock will ever be developed.

Current Shareholders

As of this offering date there are four holders of record of our common stock as described in the management section. No additional shareholders are anticipated in the foreseeable future, unless this offering is sold.

Dividends

We have not declared any cash dividends on our common stock since our inception and do not anticipate paying such dividends in the foreseeable future. We plan to retain any future earnings for use in our business. Any decisions as to future payment of dividends will depend on our earnings and financial position and such other factors, as the Board of Directors deems relevant.

	1999	\$65,613	—	—	—	—	—	—

</TABLE>

To date, directors have not been paid any compensation for attendance at Board of Directors meetings. It is anticipated that as soon as revenues would justify such expenditure, Directors will be paid a per diem payment of \$500 for attending each Board of Directors meetings.

(1) Historically, the principals of Prime Resource LLC have taken draws equal to a salary compensation of \$240,000 per year in the case of Mr. Scott Deru, and \$240,000 for Mr. Terry Deru. Mr. Terry Deru received a salary of \$262,000 in 2001, and received \$240,000 in 2002. He will also receive this salary in 2003. Mr. Limpert was paid compensation of \$118,000 in 2001, \$165,000 in 2002 and will be paid \$210,000 in 2003. The officers have decided under the new corporate structure of Prime Resource to fix their salaries at these levels as evidenced by an employment contract, earlier discussed under "Remuneration of Officers and Directors". The most essential term of such contract is that the company may terminate the employment agreement, without cause, at anytime upon notice. If Prime is successful in completing this offering, the company may consider executive stock options or other incentive plans.

(2) In addition to the foregoing salaries, Mr. Scott Deru and Mr. Terry Deru received a cash bonus distribution of \$65,000 each in 2001.

(3) In 2001 Mr. Terry Deru and Mr. Scott Deru each borrowed \$70,000 from Prime due March 30, 2004 at 4.86% APR. These amounts remain outstanding, but are off-set by \$100,000 notes each owed by Prime to Mr. Scott Deru and Mr. Terry Deru due March 4, 2005. The interest on these notes owing to the Derus is 5% APR. As of December 31, 2002, Prime owed M r. Terry Deru and Mr. Scott Deru \$27,851 each. Mr. Limpert has also borrowed \$69,658.28 from Prime in 2002 payable on demand at 4.86% APR. As of December 31, 2002, with principal and interest, Mr. Limpert owed Prime \$74,074.12. It is anticipated, though not warranted, that these obligations will be fully or substantially paid in 2003.

The company presently does not have any stock option or other warrant or stock option plan, but would deem it may adopt such a plan subsequent and in the event of the successful completion of this offering.

INDEPENDENT AUDITORS' REPORT

To The Board of Directors
Prime Resource, Inc. and subsidiaries (formerly Prime Resource, LLC and subsidiaries)

We have audited the accompanying consolidated balance sheets of Prime Resource, LLC and subsidiaries as of December 31, 2001 and 2000, and the related consolidated statements of operations and members' equity, consolidated operations and comprehensive income (loss), and consolidated cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Prime Resource, LLC and subsidiaries as of December 31, 2001 and 2000, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

/s/ Carver Hovey & Co.

Organization and Business Activity

Prime Resource, LLC, (The Company) is a Limited Liability Company and 100 percent owner of Belsen Getty, LLC, (Belson Getty), and Fringe Benefits Analysts, LLC, (FBA), with offices in Salt Lake City and Layton, Utah, respectively. Belsen Getty is a fee-only financial management firm, providing investment advice to high-wealth individuals and employee groups in connection with company retirement plans. FBA sells group and employee benefit products, primarily health insurance, to employers and individuals throughout Utah.

Reorganization

Effective December 31, 2001, the Company entered into a settlement agreement involving the transfer of the membership interest from a former member to current and remaining members of the Company. The agreement required the Company to acquire the former owner's membership share in the Company in exchange for \$100,000. The agreement further required the Company to pay compensation to the former member in 2001, also in the amount of \$100,000. Such compensation expense is reflected in salaries and wages in the accompanying statement of operations for the year ended December 31, 2001. A total obligation of \$200,000 for amounts payable to the former member in connection with the reorganization is reflected in the accompanying consolidated balance sheet as of December 31, 2001. The acquisition of the former member's share had no other effect on the recorded assets and liabilities of the Company.

Basis of Financial Presentation

The accompanying consolidated financial statements include the accounts of Prime Resource, LLC, and its wholly owned subsidiaries, Belsen Getty, LLC and Fringe Benefits Analysts, LLC. All significant intercompany balances and transactions have been eliminated in consolidation.

Use of Estimates

The consolidated financial statements have been prepared in conformity with Generally Accepted Accounting Principles of the United States of America. In preparing the consolidated financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures as of the date of the balance sheet and revenues and expenses for the period. Actual results could significantly differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents consist of checking and money market accounts. For purposes of the statement of cash flows, the Company considers all highly liquid instruments with original maturities of three months or less to be cash equivalents.

PRIME RESOURCE, INC. AND SUBSIDIARIES
(Formerly Prime Resource, LLC and Subsidiaries)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2001 and 2000

Available for Sale Securities

Available for sale securities are recorded at fair value. Unrealized holding gains or losses on available for sale securities are reported as a separate component of member's equity until realized. A decline in the market value of the securities below cost that is deemed other than temporary is charged to earnings resulting in the establishment of a new cost basis for the security. Reinvested dividends increase the basis of the related investments.

Property and Equipment

Property and equipment are recorded at cost. Depreciation is calculated on the straight-line method over the estimated useful lives of depreciable assets as follows:

Years

Automobiles	5
Furniture & equipment	7
Computer software & equipment	3-5

Income taxes

The Company is taxed similar to a partnership. Accordingly, the accompanying consolidated statements of operations do not reflect provisions for income taxes, inasmuch as such income tax liability is the responsibility of the individual members.

Revenue Recognition

The Company generates revenues from two primary sources, commissions on the sale of insurance and fees on the provision of investment advice.

Fees from the provision of investment advice are billed and earned based on an agreed upon percentage of the fair value of investment portfolios under management. Such fees are typically one percent per year, and are calculated and billed on a monthly basis at one twelfth of one percent of the fair value of investments under management as of the beginning of each calendar month, and are recognized as revenue in the month billed.

PRIME RESOURCE, INC. AND SUBSIDIARIES
(Formerly Prime Resource, LLC and Subsidiaries)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2001 and 2000

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncements

Revenues, in the form of commissions, are earned on brokered sales of group and individual health insurance products under agency marketing agreements with applicable health insurance providers. Commissions are generally collected on a monthly basis and are recognized as revenue in the month for which the related insurance premiums apply. Commissions earned by the Company are split, at management's discretion, between the Company and its licensed agents, on a case-by-case basis. The Company recognizes the full amount of commissions received under its agency agreements as commission revenue and the portion paid to its licensed agents as commission expense.

In June, 2001, the Financial Accounting Standards Board (FASB) issued Statement No. 141 (FAS 141), Business Combinations, and Statement No. 142 (FAS 142), Goodwill and Other Intangible Assets.

FAS 141, effective June 30, 2001, required that all business combinations initiated after June 30, 2001 be accounted for under the purchase method of accounting; the use of the pooling-of-interest method of accounting is eliminated. FAS 141 also establishes how the purchase method is applied for business combinations completed after June 30, 2001. This guidance is similar to previous generally accepted accounting principles (GAAP); however, FAS 141 establishes additional disclosure requirements for transactions occurring after the effective date.

FAS 142 eliminates amortization of goodwill associated with business combinations completed after June 30, 2001. During the transition period from July 1, 2001 through December 31, 2001, goodwill associated with business combinations completed prior to July 1, 2001 continued to be amortized through the income statement. Effective January 1, 2002, goodwill amortization expense ceased and goodwill will be assessed for impairment at least annually at the reporting unit level by applying a fair-value-based test. FAS 142 also provides additional guidance on acquired intangibles that should be separately recognized and amortized, which could result in the recognition of additional intangible assets, as compared with previous GAAP.

Prime has no business combinations prior to the issuance of FAS 141 or FAS 142, which resulted in the recognition of goodwill. Accordingly, neither of these statements will have an effect on the current financial statements of the Company.

There are other new accounting standards (such as FAS 143 on Accounting for Asset Retirement Obligations; and FAS 144 on Account for Impairment or Disposal of Long-Lived Assets) which do not have present applications, but may be important to Prime's future operations and accounting.

Interim Financial Information

The accompanying unaudited interim consolidated financial statements have been prepared by the Company in accordance with the rules and regulations of the Securities and Exchange Commission for Form 10-QSB, and accordingly, do not

PRIME RESOURCE, INC. AND SUBSIDIARIES
(Formerly Prime Resource, LLC and Subsidiaries)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2001 and 2000

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

include all of the information and footnotes required by Generally accepted accounting principles. In the opinion of management, these unaudited consolidated financial statements reflect all adjustments, which consist only of normal recurring adjustments, which are necessary to present fairly the Company's financial position, results of operations, and cash flows as of September 30, 2002, and for the three-month and nine-month periods ended September 30, 2002 and 2001. These unaudited consolidated financial statements should be read in conjunction with the consolidated financial statements, and notes thereto, for the year ended December 31, 2001.

The preparation of the interim consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenue and expense for the period being reported. Actual results could differ from those estimates. The results of operations for the three-months and nine-months ended September 30, 2002 are not necessarily indicative of the results that may be expected for the remainder of the year ending December 31, 2002 or future annual periods.

NOTE 2 - SECURITIES AVAILABLE FOR SALE

Securities available for sale are comprised of investments in mutual funds. The amortized cost of securities available for sale and the gross unrealized loss on such securities at December 31, 2001, totaled \$51,140 and \$1,015, respectively. Dividends realized and reinvested in 2001 totaled \$1,140. There were no investments in marketable securities, other than cash equivalents, during the year ended December 31, 2000.

NOTE 3 - PROPERTY AND EQUIPMENT

Property and equipment and related accumulated depreciation at December 31 consists of the following:

	2001	2000
	-----	-----
Furniture and equipment	\$ 87,893	\$ 77,672
Computer equipment and software	39,290	30,702
Vehicles	104,368	127,353

December 31, 2001 and 2000

NOTE 4 - EMPLOYEE BENEFIT PLAN

The Company has a defined contribution 401(K) plan and profit sharing plan. All employees who meet certain minimum requirements are eligible to participate in the plan. Employees may make contributions to the plan limited to the lesser of 15 percent of compensation or \$7,000. Company contributions under both the 401(K) and profit sharing provisions of the plan are also discretionary. The Company's expense from contributions to the plan totaled \$23,425 and \$19,490, for 2001 and 2000, respectively.

NOTE 5 - SEGMENT INFORMATION

Information as to the operations of the Company's different business segments is set forth below. Segments are identified based on the nature of the products and services offered. The Company's reportable segments are asset management, insurance products and other. The asset management segment includes investment portfolio management services provided by Belson Getty. The insurance products segment includes employee health insurance brokerage services provided by FBA. Certain headquarters functions are included in the "other" segment. Income on Company-wide savings and investments is also included in "other".

The Company's segments use the same policies as those described in the "Summary of Significant Accounting Policies". The Company has no intersegment revenues or expenses and the intercompany accounts were eliminated.

</TABLE>

The Insurance Products segment does not have any customer accounting for over 4 percent of its revenues and is not believed to be dependent on any major client. However, there are essentially only four companies supplying health coverage in the current operating area which within the Company has agency marketing agreements.

Expenditures for long-lived assets were \$21,777 and \$46,740 for the years ended December 31, 2001 and 2000, respectively. All company assets are held in the United States of America. Assets held by each segment as of September 30, 2002, December 31, 2001, and December 31, 2000 are as follows:

PRIME RESOURCE, INC. AND SUBSIDIARIES
(Formerly Prime Resource, LLC and Subsidiaries)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2001 and 2000

NOTE 5 - SEGMENT INFORMATION (CONTINUED)

[OBJECT OMITTED]

NOTE 6 - FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying amount of certain financial instruments in the accompanying consolidated financial statements including: cash and cash equivalents, trade receivables, accounts payable, and accrued liabilities, approximate fair value due to the short-term nature of the instruments. The carrying value of notes receivable also approximate fair market value due to the short-term maturity of the notes or floating interest rates that approximate current market rates.

Securities available for sale at December 31, 2001 and 2000 are set forth in

Note 2.

NOTE 7 - RELATED PARTY TRANSACTIONS

Notes receivable

The Company had notes receivable from employees and members totaling \$258,815 and \$112,992 as of December 31, 2001 and 2000, respectively. The accompanying consolidated statements of cash flows provide further information regarding investing activities with related parties.

Amounts due from employees and members were subject to the accrual of interest income at rates ranging from 4.5 to 4.9 percent. Interest income on amounts due from related parties totaled \$8,113 in 2001 and \$759 in 2000.

Note payable

The Company was indebted to a member, under a note payable, in the amounts of \$15,579 and \$14,905, as of December 31, 2001 and 2000, respectively. The note bears interest at 4.5 percent and is due on demand.

74

PRIME RESOURCE, INC. AND SUBSIDIARIES
(Formerly Prime Resource, LLC and Subsidiaries)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2001 and 2000

NOTE 8 - LEASE COMMITMENTS

The Company leases certain office space under agreements classified as operating leases. The space is leased from two entities that had certain common owners to those of the Company. Rent expense, under such leases, totaled \$110,935 and \$96,260 for the years ended December 31, 2001 and 2000, respectively.

In connection with the settlement agreement discussed in Note 1, effective December 31, 2001, the remaining members of the Company divested themselves of their ownership interest in Brownstone Associates, L.L.C., one of the two related entities the Company leased office space from during 2001 and 2000.

Future minimum payments required under all noncancellable lease agreements as of December 31, 2001 are as follows:

Year ended December 31, -----	
2002	\$ 102,294
2003	72,765
2004	12,734
Total	\$ 187,793 ===== -----

NOTE 9 - SUBSEQUENT EVENTS

In January of 2002, the Company and its members granted a 26 percent membership interest to an employee of the Company valued at \$113,000, as an inducement to remain with the Company and for services to be rendered in connection with a planned reorganization, registration and offering of company stock. The 26 percent membership share of the Company issued to Mr. Limpert was accounted for as compensation expense and is included in "compensation and benefits" in the statement of operations for the quarter ended March 31, 2002. The value of the share of the Company issued to Mr. Limpert was based on the amount the Company was required to pay a former member for his 23 percent share of the Company, in connection with the Company's termination and buy-out of the member, effective January 1, 2002.

In March of 2002, the Company was paid approximately \$144,000 in amounts due from members as of December 31, 2001 and advanced an additional \$56,000 from those same members. The proceeds were used to satisfy a \$200,000 obligation to a former member, which arose in connection with such member's termination.

PRIME RESOURCE, INC. AND SUBSIDIARIES
(Formerly Prime Resource, LLC and Subsidiaries)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2001 and 2000

NOTE 9 - SUBSEQUENT EVENTS (CONTINUED)

On April 5, 2002, the Company was reorganized from a limited liability company to a corporation. The Company was authorized to issue 50,000,000 shares of a single class of common stock with no par value. The Company issued 2,800,000 of such shares to existing members representing the entire ownership interest of the Company at the time of incorporation. As there was no change in control of the organization, the value of the stock, issued in the reorganization, was based on the book value of the predecessor organization of approximately \$192,000, as of March 31, 2002. Accordingly, there was no change in the recorded book values of Company assets or liabilities due to the reorganization.

Also, in connection with the reorganization, the Company entered into three-year employment agreements with three of its executive officers.

NOTE 10 - INCOME TAXES (UNAUDITED)

Income tax expense is comprised of the following for the three-month period ended September 30, 2002:

	Current -----	Deferred -----	Total -----
U.S. Federal	\$ 7,722	\$ 3,821	\$ 11,543
State	2,678	-	2,678
	-----	-----	-----
	\$ 10,400	\$ 3,821	\$ 14,221
	=====	=====	=====

Total income tax expense (benefit) for the three-month period ended September 30, 2002 differs from the amounts computed by applying the U.S. federal tax income rate of 34 percent to pretax income as a result of the following:

Federal income taxes (benefit) at statutory rate	\$ (35,482)
State income taxes net of federal benefit	1,186
Deferred taxes relating to change in tax status	10,391
Current taxes relating to pre-charge income	47,511
Benefit of graduated rates	(9,580)
Other non-deductible items	195

Total	\$ 14,221
	=====

PRIME RESOURCE, INC. AND SUBSIDIARIES
(Formerly Prime Resource, LLC and Subsidiaries)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2001 and 2000

NOTE 10 - INCOME TAXES (UNAUDITED) (CONTINUED)

The tax effects of temporary differences that give rise to significant portions of the deferred tax assets and deferred tax liabilities at September 30, 2002 are as follows:

Deferred tax assets:	
Accounts receivable	\$ (53,491)
Accrued wages	41,842
Accounts payable	25,198

Total deferred tax assets \$ 13,549

Deferred tax liability - primarily due to
differences in depreciation and amortization -
noncurrent \$ (17,370)
=====

Realization of the deferred tax assets depends on the Company's ability to generate sufficient future taxable income. Management believes that the Company will generate such future earnings and, accordingly, realize the benefit of the gross deferred tax assets. Therefore, management has not provided any valuation allowance.

The entity also changes tax status during the year, resulting in the deferred tax assets and liabilities being recorded in the continuing operations for the current period.

77

CHANGE IN ACCOUNTANTS AND ANY DISAGREEMENTS

Your management has not changed its independent auditors since inception. Further, Prime has no conflict or disagreement with its current auditors concerning any accounting policies.

78

[OUTSIDE COVER OF PROSPECTUS]

This is a self underwriting not involving any broker/dealer. Each person contacted to invest in this offering will concurrently be given a copy of this prospectus. Unless otherwise advised, the prospectus will expire and should not be relied upon at anytime greater than six months after the effective date

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 24. Indemnification of Officers & Directors. Prime indicates that it has normal and customary indemnification provisions under its By-laws and Articles of Incorporation, as well as those generally provided by Utah law. It is believed these provisions would indemnify all officers and directors from any good faith mistake or omission in the performance of his or her duties including cost of defense. Such indemnity would not extend to intentionally wrongful acts including fraud, appropriation, self dealing or patent conflicts of interest. The Articles and By-Laws were being filed as Exhibit items.

Item 25. Other Expenses of Issuance & Distribution. Prime does not know of any accrued or to be accrued expenses of issuance and distribution other than as outlined in the foregoing prospectus. The present estimates of offering expenses are incorporated as costs for registration, including: fees, legal, accounting, printing and miscellaneous in the aggregate amount of \$45,000 are to be paid by the company ultimately from offering proceeds and are outlined below:

<TABLE>
<CAPTION>

ESTIMATED OFFERING COSTS	
ITEM	ESTIMATED COST
1. Attorney Fees	\$ 20,000
2. Auditing	\$ 20,000
3. Printing and Distribution	\$ 2,500
4. State Filing and Edgar Fees	\$ 2,500
TOTAL COSTS	\$ 45,000

</TABLE>

Item 26. Recent Sales of Unregistered Securities. Prime believes that in the body of this prospectus it has described all shares issued from the date of inception of Prime. In summary of that disclosure, Prime represents the only shares originally issued were to its founders and principals, Mr. Terry Deru,

Item 28. Undertakings.

The undersigned registrant hereby undertakes: To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933. This includes:
 - a. For determining liability under the Securities Act, the issuer will treat each post-effective amendment as a new registration statement of the securities offered, and the offering of the securities at that time to be the initial bona fide offering.
 - b. The issuer will file a post-effective amendment to remove from registration any of the securities that remain unsold at the end of the offering.
- (ii) Reflect in the prospectus any facts or events which, individually or together, represent a fundamental change in the information in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the

82

Commission pursuant to Rule 424(b) (ss.230.424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.

- (iii) To include any material information with respect to the

plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

- (iv) To the extent this issuer requests acceleration of the effective date of the registration statement under Rule 461 under the Securities Act, it will include the following in the appropriate portion of the prospectus:

Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the "Act") may be permitted to directors, officers and controlling persons of the small business issuer pursuant to the foregoing provisions, or otherwise, the small business issuer has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable.

In the event that a claim for indemnification against such liabilities (other than the payment by the small business issuer of expenses incurred or paid by a director, officer or controlling person of the small business issuer in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the small business issuer will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

83

SIGNATURES

In accordance with the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements of filing on Form SB-2 and authorized this registration statement to be signed on its behalf by the undersigned, in the City of Salt Lake, State of Utah on January 29, 2003.

(Registrant) Prime Resource, Inc.
